A HALLOWELL, Ont., farmer, a widower, aged 60 years, met, loved, courted and married a Pictou girl inside of half an hour. Only ten minutes were occupied in wooing the maid, the balance of the time being consumed in securing a license and engaging the clergyman.

A LADY about 70 years of age, named Gallivan, was burned to death last week at Frankport, Ont. It is supposed that she had been kindling a fire (as matches were found near the stove), and that her dress caught fire. Her body was burned to a crisp. The house was saved.

ONE evening last week, while a young man named Graton, employed by the Scottish American Phosphate Mining Co., in the township of Portland, Ontario, was attempting to thaw out some dynamite cartridges, one of them exploded, throwing him through the roof of the building and landing the body one hundred feet from where the accident occurred. When picked up life was extinct.

COMPLAINT is made by the French-Canadian press that the poetic names which the early discoverers gave to the mountains, lakes and rivers of the Northwest are made vulgar by the English translation. *Le Monde* thinks that the Englishman who first called "la Montagne de Pierre," by the name "Stoney Mountain," is a mate to the Frenchman who, the other day, rendered "man-of-war" into "homme de guerre."

IT is beyond all doubt that "Myrtle Navy" is the favorite tobacco with the smokers of Canada. They obtain more enjoyment from it than from any other tobacco made, and those of them who have used it long enough to tests its merits never abandon it for any other brand. The reason of this preference is that the "Myrtle Navy" is made of the very finest leaf which is grown and that in every process of its manufacture the most vigilant care is exercised to preserve the genuine aroma of the leaf.

ON the first page to-day will be found an interesting letter on the important subject of "Chirography," and another throwing out some suggestions for the facilitating of business in "The Supreme Court;" while "A Matter of £80,000" explains about a fortune in England to which a Haligonian is heir. On the fourth page under the heading "Who Paid for the Furs," will be found the graphic story told by a newspaper man about his experience in connection with the flowing bowl.

MR. EARLE'S CLASSICAL CONCERT.—The Oratorio Concert, third of a series given by the Ochestral Club under Mr. Earle's direction last winter, is still fresh in the memory of the musical people in this city. It was pronounced then to be the greatest musical treat ever given here, and numbers applied for a repetition. Another oratorio concert will be given in St. Paul's School Room on Monday, March 22nd, a few of the choicest gems of last year's programme will be selected. These new choruses from the Creation, new solos by our best singers, and the instrumental music of very high order will make it a treat well worthy the patronage of musical people. We bespeak a crowded house.

DOMINION PARLIAMENT

HOUSE OF COMMONS.

A SHORT SITTING.

PERSISTENCY REWARDED!

Out in the Cold!

OTTAWA, March 2.

The House only sat for a short time this afternoon, receiving petitions.

Mr. Mitchell asked for the returns about the Grand Trunk, which he had for two sessions vainly endeavored to obtain, and wanted to know when it would be brought down. In response, Hon. Mr. Chapleau laid on the table a pile of foolscap manuscripts about a foot and a half high.

'Pertistency,' said Mr. Mitchell, 'has its reward.

The House had a great laugh this morning at a meeting of the special committee to strike select committees for the session. Blake refused to consider Messrs Bergeron, Desjardines and Amoyt as members of the Opposition, and as such entitled to be on the Committees.

Sir John said that they had broken with the Government, so he did not consider them as under his care.

The three members were consequently left off the Committees.

THE GREAT STORM.

Snow Blockade in America and Great Britain.

ST. JOHN, N. B., March 3.

Although the snow blockade still continues on the New Brunswick Railway, the prospects are very favorable for connection being re-established with the West by this afternoon or evening at the latest.

A train left Bangor at noon yesterday. It arrived in good time at McAdam Junction. The road is now opened from St. John to Green Point, and all clear beyond that to Bangor.

The storm has been a most severe one for the New Brunswick Railway. It is thirteen years since railway traffic has been so long interrupted. The trains on the Intercolonial are running as usual, except the Northern Division, where large gangs of men have been hard at work clearing away the tremendous drifts.

A. Busby, General Passenger Agent telegraphed that the road would be clear last night.

MONCTON, March 2

The snow blockade on the Northern line was raised to-day. The Quebec express stuck at Trios Pistoles since Thursday night last, has reached Campbellton.

LONDON, March 2.

Snow continues to fall heavily in the North of England, and in Scotland traffic is entirely blocked on many railways.

BRITISH AFFAIRS

The Government Expect to be Wrecked.

ON THE IRISH ROCK

LONDON, March 2.

The Government to-day indicated through a Ministerial utterance that they expect to fall on the Irish question. The utterance was made by Morley, Chief Secretary for Ireland in an address at a conference of Liberal delegates here to-day. Morley was discussing the Irish situation. He denounced Lord Randolph Churchill's flagitious attempt to stir up civil war in Ulster, and urged the Liberals to do their utmost to place their party in a state of complete preparation for a general election; for, said the speaker, the Government is now face to face with the Irish difficulty and will probably be compelled to make an early appeal to the country.

LETTERS TO THE EDITOR.

Roller Skating.

SIR,—In your issue of Monday, I notice a letter signed "R. R.," with reference to the last race held in the Roller Rink, in which he trys to throw doubt on the time made on that occasion. The timekeeper, Mr. Wm. Kennedy, assures me that the time given, 11 55, was perfectly correct; made up thus: First mile, 4 minutes; second, 3 minutes, 55 seconds; and third, 4 minutes. Without taking up any more time, if "R. R." discloses his proper name, I will skate him or any other person on P. E. Island in the Charlottetown Roller Rink for three miles with strap skates.

Yours, &c.,
ARTHUR NEWSOM.
