## And Where the ... Were You !?!

By J. Staffen

We students often complain about the high cost of student fees and low return on the investment. Sometimes our complaints are based on ignorance, a complete lack of knowledge concerning where our money is being spent. However, when it comes to attending meetings noone is complaining as there are no students there to complain. We supply the 'dough'; we employ the council... yet no one attends the meetings to support the members or give them ideas, thoughts

or constructive criticism. How can they do their job when we students, as their employer, do not give them any idea as to what 'we' want?

At the Student Council meeting last Sunday, there were five or six spectators. That was definitely not what one would call a well represented student body present.

The council passed a motion to donate \$150. to the U.P.E.I. Theatre Society, which provides us with the lunchtime theatres and other performances throughout the year.

They also passed a

motion to purchase the RCA projection unit presently in the Panther Lounge for approximately \$5000.00

Another motion passed gave the Home Economics Dept. permission to have a popcorn concession at all events held in the Barn.

Father Phil proposed that the S.U. sponsor a representative from the Student Union of El Salvador. The presentation will be in Charlottetown on November 3, 1981. This should prove an interesting proposal and warrants further discussion next meeting.

It should be known to

all students that the S.U. is here for their benefit. Everything the council does is for and has to be for the students. Also, any class or sub-organization of the University wanting to hold a special event at the Barn is eligible to do so. Anyone interested contact the S.U. council for more information.

Minutes of the meetings are posted at various bulletin boards on campus. The next meeting is this Sunday, October 25, at 7:30 in the Barn. Be interested! Come and find out what the S.U. is or is not doing for you.
