A SPECIAL meeting of the Baptist Church and congregation is called for to-morrow, Tuesday evening at 8 o'clock, to consider the organ question.—Rev. C. W. Corey.

HE IS THE HAPPIEST MAN IN TOWN.—The happiest and proudest man in town Monday was J. F. McLean, who is receiving congratulations by hand, mouth, telephone and telegram. It is a daughter and weighs 10 pounds.—New Glasgow Enterprise.

OYSTERS.—Oysters hot, oysters cold, oysters, the best in town at the Bazaar.

BLOOD POISONING.—About ten days ago Mrs. Frederick Steves, of Salisbury, N. B., while about her work pricked the palm of her hand with a pin. Soon after her hand began to swell, and at latest accounts the whole arm was affected and her recovery was doubtful.

PIRE WEAVER AT MASONIC TEMPLE.—To-night the excellent company managed by our genial friend H. Price Webber, will appear in the Masonic Temple, producing the famous comedy "Fanchon the Cooker,"—Miss Grey as Fanchon, a role in which she is very clever. New and elegant costumes and the charming May pole dance will be given in the piece.

COMMERCIAL TRAVELLER DEAD.—Mr. A. J. Ackhurst, a commercial traveller well known in Charlottetown, died suddenly at Murray's Hotel, Campbellton, N. B., on Thursday night. He went to bed apparently in good health, but was found dead in the morning. Death was presumably caused by an overdose of morphine, as a bottle containing that drug was found by his side. Ackhurst belonged to Halifax.

LOST HIS HAND.—The Moncton Times says: A horrible accident occurred on Thursday morning to a young man named Sharp, in the employ of Mr. Amasa Kennedy, of St. John's, King's County. While feeding green corn into a machine special made for cutting that product for cattle, and which is operated by horse power, his right hand became caught in the knives, and was pulled into the machine up to the wrist before being stopped. The injured man was taken to Sussex to a surgeon, and the hand was amputated.

METHODIST NOTES.—The St. John Sun reports that the Marsh Bridge mission which was left unattended at the recent conference has been provided with a preacher in the person of Mr. Benjamin Howard. He came from P. E. Island and is the third son who has given himself to the ministry of the Methodist church, his brothers being the Rev. Samuel Howard, of Hamilton, and Wm. S. Howard, of Mount Stewart, P. E. Island.

IT IS understood that the renowned revivalists, Hunter and Crossley, are to conduct a series of religious services under the auspices of the Methodist churches of St. John about 1st February.

FIRE.—There were two fires on Sunday night, to both of which the firemen promptly responded. The first was sounded about 8:10, and was for a blaze at the residence of Mr. G. Frank Beer, caused by a child overturning a lamp in her bedroom and setting fire to the bed-tick. Mr. Thomas Desmond, who was passing the house on his way home from church, bearing some screaming in the house, promptly ran inside and taking hold of the burning bed, threw it out of the window on to the street, getting his hands burned and his clothing damaged in the act, but saved the house. Three or four other men who were early on the scene also, rendered assistance. The furniture in the room was somewhat injured, but not damaged.

THE SECOND alarm was about 10:30, this time in N. B. & M. Rattenbury's place of business. The fire was caused by some slack coal in the cellar igniting spontaneously. The firemen worked hard and soon had the fire under control. The most serious damage was caused by water and smoke.

BOATING ACCIDENT.—A boating accident occurred in the harbor yesterday evening by which four men named Daniel McMillan, Thomas Purcell, Joseph Enman, and Joseph Bots, had a narrow escape from drowning. At a quarter past six their boat sped in the middle of the river, off the S. N. Co.'s wharf, throwing them all into the water; but as the boat had no ballast in her she did not sink, and the four men held on to her and kept themselves afloat. It was blowing a heavy breeze at the time, and people on the wharves, who witnessed the accident, thought there was very little chance of the men being saved. But the ferry steamer Ella had just left the Southport side, and as soon as those on board saw the men struggling in the water, she was headed for the scene of the accident, and picked the men up after considerable trouble. Mr. Benjamin Robinson, of the Ella, deserves great praise for the skillful manner in which he handled the steamer when approaching the men in the water. Capt. Jeff Gardner, with his steam launch Commodore, was also promptly on hand, arriving on the scene about the same time as the Ella. But, he says, owing to the strict Government regulations which prevent his launch from carrying passengers, he could do nothing but stand by until the men were taken on board the Ella, when he picked up the submerged boat and towed it ashore. Such regulations, if too rigidly enforced, may sometimes lead to serious consequences.

LOCAL AND OTHER ITEMS.

ICE CREAM.—Get some at the Bazaar.

BE SCRE and come to the Eutopia booth for W. F. Carter's first-class ice cream to-night at the Bazaar.

WRAPS.—Check your overcoats and parcels, and be sure of where they are. A few cents will do it.

RESCUAY.—A horse attached to the laundry wagon was frightened by a dog on Saturday afternoon and ran away. The driver, a lad named Ross, was seriously hurt and had to be taken to the hospital.

GIVE HIM A CALL.—Mr. Geo. M. Robinson, hair dresser, has returned to his old stand on the north side Queen Square. As Mr. Robinson has had a good Boston experience, patrons may rely on finding him fully up to date in his profession.

HOT dinners and teas at the Bazaar for 25 cents.

DECLINES TO RUN.—Mr. James Byrne desires us to say that he will not be a candidate for the vacancy in the City Council caused by the death of Councillor Robertson. He thanks those electors who presented him with the requisition asking that he allow himself to be put in nomination.

FIRE AT PEAK'S STATION.—The store of Mr. A. D. Macdonald, at Peak's Station, was destroyed by fire at an early hour yesterday morning. Everything in the store, including the books, also came to grief. There was no insurance. The cause of the fire is not known.

THE THEATRE.—There was a fairly large audience present at the Opera House on Saturday night to see "Joshua Simkins." The play dealt with country life in Vermont and was more or less funny. A sensational war mill scene was introduced in the third act. The orchestral music was splendid.

BIKE RACE.—The following are the entries for the gentlemen's bicycle race to be held on Thursday next: E. H. Beer, A. E. Arenault, B. C. Prowse, F. de C. Davies, T. W. Morris, S. C. Moore.

ELECTORS.—Be sure and vote at the election in the rink. The result will decide the most popular man.

POLICE COURT.—This forenoon Captain John Hughes was fined \$50 and \$19.10 costs for a contravention of the Canadian Temperance Act, by keeping intoxicating liquor for sale, and the liquor in respect of which the offence was committed was ordered to be destroyed. The summons for second offence against Charles D. Collings was dismissed.

PROVINCIAL EXHIBITION.—The provincial exhibition will be formally opened to-morrow forenoon at eleven o'clock by His Honor the Lieutenant-Governor from the steps of the main building. The entries in nearly every class, are largely in excess of any previous year, and the exhibition promises to be a great success in every way. It is hoped that the weather will keep fine.

THE FRESH MUTTON TRADE.—The hold of the S.S. Northumberland is being fitted up as a refrigerator for the purpose of carrying frozen mutton across to Point du Cluene for transportation to the States. Mr. Geo. E. Full, of Charlottetown, is going into the business. His operations will, we are informed, be Hunter River, and one of the cars on the Island road will be fitted up a refrigerator.—Pioneer.

WHO DID THAT?—During Saturday or Sunday night some persons or persons unknown entered the store of Prowse Bros. through the private office on the second floor. Whoever got in evidently had a duplicate key. The elevator was left down on Saturday night, and when the discovery was made that the place had been entered it was found stationary, opposite the entrance to the clothing department. So far as we can hear, there was nothing stolen, at least nothing has so far been missed.

Mr. J. F. Baglan, of Halifax, will relieve Mr. Trainor, agent of the Merchants Bank here for the next two weeks while the latter enjoys his holidays. Mr. Trainor so loves Moncton that he does not contemplate absence from the city except for a day or two during his vacation.—Moncton Times.

WHO DID IT?—I understand the young man Thorne, lately committed to jail for an alleged breach of the Scott Act, and whose case was appealed to the Supreme Court, has within the last few days been placed under jail allowance. If this be true, it is a case of inhuman barbarity, and the attention of the public should be directed towards it. Whose work is it?
