

IN MEMORIAM

LAWSON—In loving memory of our dear wife and mother, Mrs. Isaac Lawson who passed away March 17, 1957.
One sad and lonely year has passed. Since our great sorrow fell, The shock we received that evening, We still remember well. She bid no one a last farewell, She said goodbye to none, The heavenly gates were open wide, A loving voice said, "Come". As angels keep their watch up there, O, God, please let her know, That we down here do not forget, We love and miss her so.
Ever remembered by husband and family.

BELL—In loving memory of my dear Father James Bradford Bell, who passed away March 11, 1943.
Oh! Father in heaven hear my prayer, Guard my Dad with loving care, Be a good Shepherd don't leave him alone, Love him as I did when he was at home.
Sadly missed by Daughter Mary, Mrs. Lloyd Gregory, of Halifax N. S.

CENTELLO—In loving memory of my dear sister Jennie, who passed away March 16, 1955.
Two dear bright eyes, a tender smile, A loving heart that knew no guile, Deep trust in God that all was right, Her joy to make some other bright.

If sick or suffering one she knew Some gentle act of love she'd do, No thought of self, but of "The Other".
I know he said well done, dear sister, Always remembered by brother Norman, Dartmouth, N.S.

CARD OF THANKS

I wish to express my appreciation and thanks to Dr. Cox, Dr. MacKenzie, nurses and staff of P.E.I. Hospital for their kind attention to me while a patient there; also Mrs. Svend Christensen, members of the Charlottetown Bible Chapel, kind friends and relatives, who visited me and sent cards, letters and treats. A sincere thank you to all.
Mrs. Fred Robbins, Midgell.

Waite Amulet Showed Profit

TORONTO (CP)—Waite Amulet Mines Ltd., Northern Quebec base metal producer, had a net profit in 1957 of \$2,396,549 or \$1.03 a share, compared with \$5,435,626 or \$1.65 a share in 1956.
Dividends of \$1.05 a share were paid during the year compared with \$1.40 the previous year.
The annual report says that the outlook is for a further reduction in earnings in 1958—with present domestic copper prices 18 per cent below the average of 1957 and threat of an increased United States zinc tariff a real concern.
After mining 290,000 tons, combined ore reserves of Waite and Amulet Dufault, a subsidiary, were reduced by 140,000 tons to a total of 846,000 tons of slightly lower grade. At present rates of production, the report says, known ore reserves are adequate for about three years' operation.
The company's principal investments are 438,750 shares of Mining Corporation of Canada Ltd. and 197,935 shares of Geco Mines Ltd.
During the year, a further \$1,510,000 was advanced to Geco toward financing it to production.

Steel Making In U. S. Continues At Low Level
CLEVELAND (AP) — Steel making continued at its lowest level of the year last week, but manufacturers show no inclination toward cutting prices to stimulate buying, Steel magazine reports.
Experience has taught steel makers that price-cutting doesn't increase steel demand. Last week's magazine of metalworking says.
Instead, the steel industry is banking hopes for a pickup in recession — lower business — in slight upturns recently in the fields—construction, freight car loadings, machine tool exports, car sales, and coal.
During the 1949 recession Steel magazine's arithmetic price composite dropped \$8.22 to \$11.15 a net ton when the operating rate slumped 32 points.
During the present recession the composite price has dropped only cents to its present level of \$145.42 a net ton despite a 10 per cent point reduction of the operating rate. The price decrease reflects adjustment only of extra charges.
Steel says.
Operations held at \$2.5 per cent of capacity last week, producing 1,417,500 net tons of steel compared with 2,401,000 net tons a year ago.
Scrap prices lost some steam on an upward trend, dropping 10 cents last week to \$36.83 a gross ton for prime grade.

CENTENNIAL STAMP
OTTAWA (CP) — The British Columbia centennial postage stamp, announced earlier this year, is to be a green, five-cent issue illustrating a scene from the 1858 gold rush. It was announced Friday. It goes on sale May 8. Drawn by artist Jack Harman of Vancouver, the large size stamp shows a bearded prospector, in upswep broad-brimmed hat, panning gold in the left foreground.

NEW YORK Stock Market Holds Upward Trend
NEW YORK (AP)—The stock market carved out its second straight weekly advance last week as talk of a tax cut grew louder in Washington.
The week's volume of 12,006,845 shares was the biggest since the week ended Feb. 8.
Biggest rise of the week came Tuesday when Vice - President Nixon and Labor Secretary James Mitchell advocated a tax cut.
The market's action last week was not in a straight line. It rose on three days and declined on two. Without the rise Tuesday the market would have registered a loss for the week.
The Associated Press average of 60 stocks showed a net gain of 1.10 to 163.70.
Big meat packing stocks came to the fore as Wall Street observers saw a favorable price situation in that industry. Aluminum and tobaccos did well.
By Tuesday the market average had almost recovered to the Feb. 4 peak.
One of the most active issues on the American Stock Exchange was Florida Canada Corp., up 2 1/4 at 11.

Five Provinces Pension Off Their Legislators
By THE CANADIAN PRESS
Quebec has just joined Ottawa and four other provinces—Nova Scotia, Saskatchewan, Alberta and British Columbia—in providing pensions for retired long-service legislators.
Before dissolution of the last Parliament, 57 members had completed the maximum \$4,000 contribution to qualify for the maximum \$3,000 annual pension. Twenty-two MPs were receiving the maximum and 27 others were getting smaller amounts. Details of payments are not available.
11 IN PROVINCES
Eleven former members of provincial legislatures draw pensions, a Canadian Press survey shows. Seven sat in the Saskatchewan legislature and two in the Nova Scotia house. The other two are Albertans drawing pensions as former cabinet ministers under a plan which does not provide a general pension for all long-service members.
No one has yet received pension payments under the British Columbia scheme.
The federal scheme was begun in 1953. Members and the government both contribute to the pension fund. MPs are eligible for pension a year after they have served in three Parliaments, regardless of length of time, and to the maximum after 17 years.
The provincial plans all were started after 1953. Except in Quebec and Alberta, each calls for premium contributions by members and the government.
PENSIONS VARY
The Saskatchewan plan provides a maximum pension of \$3,000 and the Nova Scotia plan of \$1,800. The others have no maximum.
Provincial Treasurer C. M. Fines of Saskatchewan declined to reveal names of legislators in that province who receive pensions but said they receive between \$67.20 and \$208 a month.
Three Albertans have qualified since that plan began in 1954. W. W. Cross, former health minister, does not take a pension because he still is in the legislature. The two who receive payments are Lucien Maynard former attorney general, \$134.22 monthly; and C. E. Gerhart, former provincial secretary, \$121.56.
The two Nova Scotians collecting draw the maximum \$1,800 annually: M. A. Patterson, former attorney-general, and J. E. Rutledge of Halifax who sat as a private member. Both Liberals, they were defeated in the 1956 provincial election.
Here is an outline of the five provincial pension plans:
BRITISH COLUMBIA
Began in 1955 and available to all members. Each contributes six per cent of the sessional indemnity, now \$4,400. The government contributes
