CHRISTMAS IS COMING—Let us open the season of giving by first filling up the stockings of the poor. The date of the Demarest Prohibition Medal contest to be held on the auspices of the "Y" is changed to December 26th, inst. CRASHED HANDS—The shooting gallery has passed into the hands of Mr. E. Mallon, of this city and will be continued as usual by him. LECTURE—The Rev. Mr. Fullerton will lecture in the new Presbyterian Church at Stanley Bridge on Monday night. His subject is "Tendencies of Modern Civilization." THE RALPH B. PEAKE—By cable to Peake Bros. & Co., that the bark Ralph B. Peake, Capt. R. Rendle, master, arrived at Bordeaux, France, on the 13th inst., after a passage of 22 days. OVER THE WEAVER—A horse owned by a truckman named Lemuel Mose accidentally backed over Peake's No. 1 wharf yesterday, and after swimming about for a considerable time was rescued with difficulty. TWO MORE STRUCKERS—Since the example of potassium tragedy in South Boston, there have been two suicides in that district from the dead drug. The evidence that was furnished in the court as to its efficacy appears to have been availed of by in search of a permanent relief from their troubles. THE HIGH REPUTE EARNED BY MRS. ROSA D'ERINA was doubly enhanced by her performance on Tuesday and Wednesday evenings from the fact that she generally handed over one-half of the gross receipts to Rev. Father Barry, Adm. of Quebec, for the benefit of the poor.—Cock & Key. THEY BOUNCED HIM—Shortly after the arrival of the mail today the Post Office was invaded by a man named Peter McAlber, who raised a row among the buy clerks. He would not go out when ordered, but had to be banded by four or five clerks, who carried him out in short time. Y. M. C. A.—The second of the series of Practical Talks under the auspices of the Y. M. C. A. will be given by Mr. A. E. Morrison in the lecture room of the Association this evening at 8:30 o'clock. The subject is "Electricity" (with experiments). Menle can get coupon tickets free, all admitting any lady or gentleman friend, upon application at the Secretary's office. AN OMISSION SUPPLIED.—In the hurry of going to press yesterday afternoon we omitted to state that THE EXAMINER was greatly indebted to Mr. A. G. Whelan, obliging staff of operators for courtesies extended in the preparation of the election returns. The operators were at their posts until a late hour on the night of the election, and did all in their power to secure correct return at the earliest possible moment. TEMPERANCE IN THE COUNTRY.—Mr. Frank W. Gowen, of Maine, Deputy R. W. G. Templar of United States, addressed a good audience in the Methodist church at Montague on Tuesday evening last, upon "Pledge for Prohibition and Good Temperance." His speech was a very able one and was listened to with great attention. Mr. Gowen also spoke at Lorne Valley on the previous evening, and at the close of his discourse re-organized the Good Templars at that place with twenty members. NAVAL ENTERTAINMENT.—The New York Herald directs attention to the fact that the Government of the United States is the only one having a navy which requires its officers to pay out of their own pockets the cost of entertaining official guests—the guests of the nation. An English admiral has not only more pay than one of ours, but he has also an ample allowance of table money. It would seem as if Uncle Sam ought to assist in defraying the expenses of entertaining his own guests, or else stop entertaining them altogether.—Boston Herald. STRANGE MALADY IN NEW YORK.—A late New York despatch says: Coincident with the recurrence of the dreaded grip to this city, a new, and as yet, undefined complaint has made its appearance. Doctors and druggists are now puzzling themselves to account for its appearance, and to give a name to it. The symptoms seem to be violent pains in the stomach, recurring at brief intervals, followed by total lack of appetite and by extreme lassitude, that continues, with the uncomfortable pains for several days. Ordinary applications seem to have no effect. The new trouble is rapidly becoming epidemic. NAKED AND STARVING.—A late despatch from Washington, D. C., states that a call for relief has been issued by the District of Columbia Auxiliary Red Cross Association in behalf of the sufferers by flood on the sea islands along the South Carolina coast. Miss Barton, National President of the Red Cross, has been working among these people for several months, and her accounts of the destitution which spares none of the 30,000 inhabitants are most pathetic. Committees sent to the hot and temporary places of shelter on these islands to the numbers of the destitute and the exact condition and needs of families, reported to Miss Barton that it often happened they could not gain admission, but could only communicate through a crevice, because the persons within were naked.
