### HEROISM OF FISHERMEN IS RECOGNIZED

#### RUSTICO TRIO HONORED FOR BRAVERY

Presented With Royal Humane Society Certificates by Premier Campbell.

Messrs. Beecher Court, Francis Domet and George Stubbart, Rustico, last night were presented with Royal Humane Society certificates of bravery by Premier Campbell for their daring rescue of Joseph Blaquiere from the waters of Rustico Harbor on July 8, 1934.

The three Rustico fishermen saved Mr. Blaquiere from drowning two summers ago when he was washed from a dory with his brother, Fidelis, during a raging storm. The rescuers set out from shore in a motor boat risking their lives to reach the dory which had been caught in the squall when they noticed the plight of the two brothers, thrown from the little boat by a large comb.

Application for recognition of the heroic work of the rescuers was made by Mr. W. Chester S. McInnes while a member of parliament for the constituency.

#### Four Nurses Of P. E. I. Hospital Receive Diplomas

Graduating Exercises Held In St. Paul's Hall Last Evening. Dr. E.S. Giddings Addressed Graduates.

ET. HON. J. H. THOMAS  
Secretary of State for the Colonies,  
who will be heard by the judicial  
commission investigating the "bud-  
get leak."

Graduate nurses of the Prince Edward Island Hospital were told that "each patient should be a book which you must study as well as possible" by Dr. E. S. Giddings in his address at the graduation exercises last night. "Through a thorough study, understanding of the individual, his or her likes and dislikes, habits and mental outlook, you will be able to render your best in the interests of the patient and the physician," Dr. Giddings continued.

Dr. H. D. Johnson, veteran Charlottetown medical practitioner, was the chairman. The four graduate nurses with right hand upraised took the solemn Florence Nightingale pledge read to them by Rev. H. D. Raymond.

The graduates were:  
Miss Beesie Jean MacKenzie, Charlottetown.  
Miss Ada Dorothy Nicholson, Summersville.  
Miss Anna Kathleen Bennett, (valdeictorian), Charlottetown.  
Miss Elizabeth Matthew Macdonald, Souris.

"We must have a real love for our profession and an unbounded faith in that suffering humanity we are called upon to serve" Miss Anna Bennett told her class mates as she concluded her valedictory address.

Diplomas were presented to the graduates by His Honor Lt-Governor George D. DeBlois. After each nurse received her diploma she was presented with a beautiful bouquet of roses by little Miss Barbara Quigley, daughter of Mr. and Mrs. Roy Quigley, Charlottetown. A bouquet was also presented to Miss Anna Mair, Superintendent of Nurses.

Lt-Governor DeBlois in a brief address to the graduates told them that the four most desirable qualities in a nurse were kindness, cheerfulness, patience and tact. His Honor began by congratulating the graduates and expressing his pleasure at being privileged to present certificates to another graduating class of nurses.

Continuing the Lt-Governor referred to the magnitude of the work carried out at the Prince Edward Island Hospital and pointed out that citizens could not be proud of having an institution capable of rendering such a service to the community.

The nursing profession is without doubt one of the greatest means for good in the world today, he went on to say, and referred to the great debt of gratitude the world owes that famous woman whose birthday was being celebrated yesterday, Florence Nightingale. His Honor mentioned the great advance there has been in the training of nurses since the first principles were laid down by Florence Nightingale many years ago.

His Worship Mayor P. W. Turner spoke briefly, congratulating the graduating nurses. He referred also to the great work which the Prince Edward Island Hospital is carrying on.

#### DICTATORSHIPS SEEN AS WORLD MENACE

Dalhousie President Condemns Hitlerism and Fascism In Addressing Graduates.

(C. P. By Guardian's Special Wire) HALIFAX, May 12.—An onslaught on Hitlerism and Fascism was made today by Dr. Carleton W. Stanley, President of Dalhousie University, as he addressed the 1936 graduates at annual convocation on the relation between learning and liberty.

What was being enacted in Germany and Italy was "an awful example to us," President Stanley told his youthful audience. "More than ever today it is my duty to call attention to these things, for the monstrous assault on civilization has continued; liberties not only in these two countries but in other countries, have been contracted, and so far as I know few newspaper editors in Canada, no public men except one, have lifted up their voices either in protest or warning."

Propaganda Rife  
"If others have done so, I have not read or heard of them, and certainly they are few in number," the University President continued. "Indeed in one of our large cities, a paper is being published week after week which is entirely devoted to stirring up race hatred, and no one has demanded its suppression on the charge of incitement of violence and murderous faction."

"Every week almost there reaches my desk, and I suppose the desks of thousands of other Canadians, the most active propaganda for Hitler-

#### Created Marquess

LORD WILLINGDON

LONDON, May 12.—The King tonight approved that a marquessate be conferred on the Earl of Willingdon, who has just completed a five year term as Viceroy of India. The King received Lord Willingdon in audience at Buckingham Palace and afterwards the retiring Viceroy and Lady Willingdon had luncheon with His Majesty and Queen Mary.

Freeman Freeman-Thomas was raised to the peerage as Baron Willingdon in 1910. In 1924 he was created a Viscount, and in 1931, on his appointment as Viceroy of India after completing a term as Governor-General of Canada, he was created first Earl of Willingdon. As a Marquess, he will probably retain his association with Willingdon, Sussex, taking the title Marquess of Willingdon.

#### THOMAS TO TESTIFY RE BUDGET LEAK

Colonial Secretary To Appear Before Judicial Commission.

(C. P. By Guardian's Special Wire) LONDON, May 12.—J. H. Thomas, Secretary of State for the Colonies, will appear Thursday to testify before the judicial commission investigating the "budget leak." The minister's son, according to testimony, acted on behalf of a business client in obtaining insurance against increases in the income and tea taxes, increases which materialized in the budget of April 21.

Sir Maurice Hankey, secretary to the cabinet, who for 20 years has recorded the secret deliberations of the ministers of the crown, was one of today's witnesses. He replied affirmatively to a question from Mr. Justice Porter as to whether "from your point of view, either there must be no leakage, or the leakage must be through the cabinet itself."

Sir Maurice said the Chancellor of the Exchequer outlined verbally the budget proposals to the cabinet on April 9. "For reasons of secrecy," he said, "no record was taken of the actual proposals and no written memorandum was circulated either before or after the meeting."

#### HINDENBURG WELL OVER THE ATLANTIC

Giant Zeppelin Passes Over Nova Scotia Enroute Home.

(By Louis P. Lochner) (Associated Press Foreign Staff) (A.P. By Guardian's Special Wire) ABOARD THE ZEPPELIN HINDENBURG, EN ROUTE TO GERMANY, May 12.—Speeding eastward to complete her first round trip North Atlantic crossing the zeppelin Hindenburg late today was one-quarter way from Lunenburg, N. S., to Hamburg, her port of arrival in Germany.

As she swiftly drove over the Atlantic, Dr. Hugo Eckener predicted a 40 hour flight from Lakehurst to the English Channel and also criticized persons who had found fault with arrangements at the U. S. airport to handle the giant liner.

A small group in the dining room was discussing what one called "primitive" arrangements at Lakehurst when Dr. Eckener, President of the Zeppelin Company, said sharply:

"Do you not realize what a tremendous debt we owe the United States government for courtesies have been closed long ago, except for a promise to me to keep it open for the Hindenburg."

Favorable Weather  
Shortly after the Hindenburg left the United States coast on the return of its maiden North American flight Dr. Eckener said optim-

#### JUDGMENT RESERVED

New Trial Sought For Arthur Bannister.

OTTAWA, May 12.—Justice Crockett of the Supreme Court of Canada today reserved judgment in an application for leave to appeal on behalf of Arthur Bannister, 19-year-old Moncton youth, against conviction for the 1934 murder of Philip Lake for which he is sentenced to be hanged.

Duncan MacTavish, acting for Bannister, argued the charge of the trial judge, Chief Justice Barry of New Brunswick, to the jury had been faulty and claimed the youth should be given a new trial. The judge's charge, MacTavish claimed, suggested that Bannister should have testified in his own defence and that such a suggestion was contrary to provisions of the Criminal Code regarding evidence.

#### Halifax Man Killed In Mass

#### Inverness Farmer Goes On Trial For Murder

(C. P. By Guardian's Special Wire) PORT HOOD, N. S., May 12.—In the living room of a private residence, temporarily converted into a court room, Donald Andrew MacLellan, 37, went on trial today for the murder of his 27-year-old neighbor, John Dan MacLellan last January. Destruction of the Inverness County courthouse by fire last winter, necessitated use of the dwelling.

#### League Sanctions Against Italy

Council Desires More Time To Consider Situation. Adjourns Until June.

(A. P. By Guardian's Special Wire) GENEVA, May 12.—A fresh effort to build up security for uneasy Europe crumbled tonight when the Italian delegation to the League of Nations brusquely bolted from Geneva at the imperative command of Premier Mussolini.

The Italians walked out after the council adopted a resolution which was practically a new condemnation of Italy's invasion of Ethiopia. Asserting it needed further time "to consider the situation," the council adjourned until June 15. Sanctions meantime will continue against Italy.

Mussolini was reported flirting with the Reich. A reliable source here said a secret exchange of Italo-German views took place in Berlin yesterday and observers wondered if it was connected with the withdrawal today of the Italian delegates.

The League was worried lest the departure of the Italians be followed by Italy's resignation from the League.

(Informed sources in Rome said the Italian walkout meant a policy of non-cooperation with the League until the conquest of Ethiopia is recognized.) Joseph Paul-Boncour, French Minister of State, said Aloisi told him "we are going because of the general situation."

The Locarno powers—Britain, France and Belgium—faced with Italy's non-cooperation, announced they "recognized the feasibility of postponing a decision (on Germany's remilitarization of the Rhineland) until a later meeting." Aloisi had refused to attend this session.

Refuse Co-operation  
ROME, May 12.—(A. P.)—The walkout of the Italian delegation at Geneva, an authoritative source indicated tonight, means that Italy will refuse to cooperate with the League of Nations until her annexation of Ethiopia is recognized.

This source, a high Fascist official, would not state explicitly the implied significance of the action except to say it was "very important."

Premier Mussolini plans to refuse any collaboration in European affairs, it was indicated, although he may not openly declare such a policy, until the "Italian Empire" is recognized.

Senator Roberto Forges-Davanzati, writing in La Tribuna, warned: "Mr. Eden will carry out the policy he has carried on for about a year with a result that all can see. The League will be shattered through the action, with the responsibility of all League members."

Diplomatic circles read with interest Virginia Gayda's veiled threat in Giornale D'Italia. Gayda wrote that Italy's absence from the sanctions siege might bring about lack of collaboration on the part of "others." Some readers supposed he meant Germany.

BERLIN, May 12.—(A. P.)—Both the Wilhelmstrasse and Italian sources declined today to admit that a secret exchange of views between Italy and Germany had taken place here.

A foreign office spokesman said he doubted the report, "as a matter of such high political importance" would have been handled by Foreign Minister Konstantin von Neurath. Von Neurath has been out of Berlin, returning only today. Reichswehrminister Hitler also is out of the capital.

#### SHAFHT-SINKING RECORD

JOHANNESBURG.—(C.P.)—The shaft of Vlakfontein Gold Mine, timbered for the whole distance, was sunk 422 feet in March, breaking the four-year-old record of 420 feet set at the West Rand Consolidated Mine.

Because of his action in rushing to the aid of foreigners in Addis Ababa who were besieged by pillaging native tribesmen, Ras Hailu (above), one of Ethiopia's most powerful chieftains, may be honored by the victorious Italians, now conquerors of the African kingdom.

#### GOVERNMENT TO CONTINUE RELIEF GRANTS

Same Rates As May and June Will Be Provided, Rogers Announces.

OTTAWA, May 12.—Grants in aid of unemployment relief by the Dominion government to the provinces will be continued for the months of May and June at the same rates as were in effect in April, Labor Minister Rogers announced tonight. This means the Dominion will pay the provinces approximately \$1,806,000 a month for the two months.

The relief agreements now being entered into with the provinces will provide for a review of the relief situation at the end of each quarter by the National Employment Commission and the Department of Labor, the minister announced.

Some fears had been expressed that with the vote for grants-in-aid for the entire year fixed at \$26,000,000, there would be an immediate cut in the monthly grants. Although there has been an encouraging improvement in the relief situation, Mr. Rogers said, the government has decided to make no reduction for two months at least.

During the summer months it is

Through the Canadian legation at Paris, according to Dr. Skelton's note, the French government has offered to take charge of the pilgrimage from Saturday, Aug. 1 until Thursday, Aug. 6.

#### Budget Passed By Commons

OTTAWA, May 12.—The back King government has passed its budget in the House of Commons tonight and passed its first budget since the Liberals swept into power last October.

Teaming up with the Conservatives, the administration followers rolled up huge majorities in defeating the challenges of the C.C.F. and Social Crediters and then passed the budget motion without a recorded vote.

The Social Credit sub-amendment to the budget motion was turned back 198-16 with every party in the House pitted against the Alberta-Saskatchewan group of Douglas adherents.

Then came the C.C.F. amendment and it went down to a more inglorious defeat, the vote being 210-8. Liberals, Conservatives and Social Crediters united to swamp it while the C.C.F. enlisted the vote of Agnes Macphail (UFO-Lab-Grey-Brace) who did not vote the first time.
