DROWNING ACCIDENT.—John Duncan was drowned at River Dennis, C. B., on Tuesday. He could not swim, and while bathing got beyond his depth. Rory McLennan, his cousin, almost lost his life in attempting to save poor Duncan.

POLICEY DISMISSED.—Officer Ingles, of the Halifax police force, has been dismissed for drunkenness. The police commission say the day of chances with the police force is past. A man who does not intend to duty must make way for some one who will.

HOPE FOR INTEREST.—The body of Captain John E. McLennan, of this city, whose sudden death at Pictou has already been referred to by THE EXAMINER, was brought home for interment last evening. The funeral took place this afternoon, and there was a large attendance.

MR. JOHN NICKERSON, an officer of the International S. S. Co., says: For years I have suffered with catarrh, and spent hundreds of dollars on doctors and patent medicines until my case was pronounced incurable. I was finally cured by Hawker's Catarrh Cure, which I consider to be worth its weight in gold. I would not be without it at any price.

TO BOSTON.—A large number left on Saturday morning for Boston via way of Halifax, taking advantage of the cheap rate of \$5 from Charlottetown to Boston by the steamers Halifax and Olivette. This is the cheapest and quickest trip that has ever been afforded to the people of the Island to go to Boston. Passengers who left Charlottetown on Saturday morning were landed in Boston at six o'clock Monday morning.

STEAMERS' MOVEMENTS.—The Fastnet, Captain Churchill, arrived from Summerside this morning, and will leave for Halifax this evening with a cargo of lobsters, pork, oats and potatoes. The Fastnet had one passenger from Summerside. The Carroll is loading at Pownal Wharf, and will leave for Boston at the usual hour this evening.

The Polino sailed for St. John's, Nfld., via Pictou about six o'clock last evening, with a general cargo and live cattle on deck.

POLICE COURT.—This morning a young girl named Mary Upton, hailing from Souris, appeared before His Honor to answer a charge of being drunk and incapable. Mary was gathered in by Officer Carter late last night, and was so overcome by liquor that she had to be taken to the station on a truck. A fine of \$10 or 90 days was marked against her. The magistrate, however, gave her twenty-four hours start of the officers. Mary was only discharged from jail on Sunday, after "doing" a month for drunkenness and vagrancy. For the good of the city it is hoped that she will not be slow to take advantage of the twenty-four hours handicap allowed by the Magistrate.

THROUGH THE NORTHWEST.—Mr. J. Heber Haslam, special agent of the Canadian Pacific Railway, is organizing a party to take a trip through Manitoba and the Canadian Northwest, leaving here about the 25th of September. This will give people a splendid opportunity of seeing the country at a small expense, as very low rates will be given. The date has been fixed so that the harvest here will be over, and farmers can with the least inconvenience to themselves take advantage of the trip. Mr. Haslam will accompany the party and will have every opportunity extended to them of seeing the country. From reports it seems almost certain that the crop in the Northwest this year is one of the finest growing in any part of America, and we would strongly advise those who contemplate a move to see the Northwest before settling elsewhere. Mr. Haslam will be very glad to give any information regarding this trip, or the Northwest, by writing him at St. John, N. B., or Springfield, P. E. I.

Y. M. C. A. NOTES.—As a preliminary to improving the mattresses in the Y. M. C. A. gymnasium, the Secretary wrote the Duck and Yarn Co., of Yarmouth, N. S., for quotations on cotton, this making a soft and cushion-like facing for the mats. In reply the manager writes: "We are sending by steamer to-day two bags of the cotton you refer to. We make no charge for it; it will only cost you the freight." This token of practical sympathy in our work from outside is greatly appreciated by the management of the Association, and will be a cause for gratitude to all who use the "gym." We were shown to-day by the General Secretary of the city association the official programme of the Maritime Y. M. C. A. Convention, to be held in this city August 10 to 13. Judging by the topics of the various papers and addresses, they are such as will bring out practical discussion of the numerous departments of this institution. The singing, too, will be a pleasing feature. Mr. J. H. Wetmore, of Moncton, having been secured as leader. The attendance, both of provincial delegates and foreign visitors, promises to be unusually large. All the sessions will be held in the First Methodist Church.

Mary.—"Where are you going, Julia?" Julia.—"I went boat sailing yesterday and my straw, true to the old proverb, showed which way the wind blew. So I am now going to Barn Bros. to get one of those lovely Sailor Hats I saw in their window."

MOVEMENTS OF THE MINISTERS.

Yesterday afternoon, Hon. Messrs. Foster and Angers accompanied Messrs. Blake and Stewart in a drive on the Brackley Point Road, the Winsloe Road and the Malpeque Road. We are informed that they were delighted with the appearance of the country.

This forenoon the rain has confined them to the hotel where they have been engaged in the reception of callers and deputations.

LYNCHED AND HANGED.

The Horrible Barbarities of a Mob at Memphis, Tenn.

Lee Walker, a negro who assaulted Miss Mollie McCadden and a colored girl, was lynched at Memphis, Tenn., on Monday, in spite of the fact that 25 well armed deputy sheriffs guarded the jail.

The attack on the jail began at 11 o'clock. It was not believed it would be successful, and Sheriff McLendon ordered his men not to hurt anybody. The crowd grew in numbers, and at 12:15 broke down the jail gates.

Even then the sheriff would not permit his men to use their weapons. Finally a rush was made and McLendon was knocked senseless with a chair. The mob then battered down the doors and dragged Walker from his cell.

He fought fiercely and hit several men severely. He was stabbed and slashed until the blood streamed from him in torrents. He was hustled off to a telegraph pole two blocks away, and a rope was fastened around his neck. He was lifted up and his then naked body swung clear of the ground. Then a big railroad switchman pulled his legs until his neck cracked. The same man mutilated the corpse.

There were probably 5,000 persons in the crowd around the jail, but not more than 100 took an active part in the lynching. They were nearly all railroad men. One of them stumbled and fell while the victim was being carried to the telegraph pole, and the crowd trampled on him, breaking his jaw and probably injuring him fatally. Sheriff McLendon is badly hurt. He seems to have concussion of the brain.

Walker tried to commit suicide before he was lynched by cutting his throat with a glass bottle found in his cell. After the body was cut down the mob raided a lumber yard, and, building a bonfire, burned the negro's body. By 2 o'clock the town had become quiet.

Antonio Boscio, a Mexican, member of the cabinet council of that country, is in Toronto on his way to Chicago. He says the collapse in the value of silver in the United States has had a disastrous effect on trade in Mexico. Canadians and English people were well liked and received in Mexico, and he was of opinion that they would pay the Canadian Pacific Railway to establish a line of steamships for freight traffic between Canada and Mexico. On the Pacific at present his countrymen were compelled to purchase large quantities of supplies from the United States, which Canada could supply by water just as cheaply.

What Ails the Ancient Companies?

This is what ails them: The FEAR of CHANGE, which Milton says used to perplex monarchs when they saw a long-tailed comet in the sky. The CHANGE is HERE; not heralded by a comet but by the New Yost, the perfect writing machine.

UNEQUALLED IN Principle of Construction, Operation and Alignment, Speed and Noiselessness, Beauty of Work and Manifold, Clearness of Letter Press Copies.

NEW FEATURES: No Ribbon, No Shift Key, No Double Scales, No Dirty Type to Clean, No Old-Fogy Ideas.

The history of the introduction of the Yost has been marvellous since its very inception. Never did a radical newcomer so rapidly replace its established rivals. Its long awaited improvements, however, gave it a hearty welcome, and to-day its following is world-wide and enthusiastic. Thousands of operators have tried and preferred it, and thousands of others—who lack the courage of their convictions—stick to the old machines from force of habit only—already acknowledge it as THE typewriter. And all of this wonderful success of the past has been won with the early model of the Yost, upon which the NEW YOST is a vast step advance.
