country in the world. I will gladly avail myself of the experience thus acquired, to assist in giving full and complete effect to the enlightened system of Government that has been conferred upon this Colony; but, I am bound to add, as a result of this same experience, that it is only by the temperate and judicious exercise of the inestimable privileges that have been conferred by this system, that the general welfare can be promoted, and the best interests of the people themselves protected from the blighting influence of excessive personal and party strife.

No effort of mine shall be wanting to establish a claim upon your increasing confidence, but you shall judge me by my acts, rather than by my professions.

I am deeply sensible of the very kind feelings which have dictated your wishes in regard to my family, who fully participate in all the pleasing anticipations in which I indulge, from our residence in Prince Edward Island, and extended acquaintance with its inhabitants, by whom we have been welcomed in so very cordial and gratifying a manner.

D. DALY,
Lieut-Governor.

Government House, 1st July, 1854.

The words "temperate and judicious excercise of" in the above reply of His Excellency, were left out in the report of it in the last Examiner. Why we leave the proprietor to account for. The insertion of them makes a wonderful difference in the sense, although, without doubt, it would better suit the purposes of the party of which the Examiner is the organ, to have the phrase read without the qualifying words, of the true meaning of which we suspect, they are unable to form a conception.—Ed. Has. Gaz.

Mr. Editor;

I understand the Small Pox has made its appearance at Belfast, and the people are greatly alarmed; perhaps it may help to allay their fears, if the Island papers will kindly inform them that the whole district may be immediately vaccinated, on application at the Prince Edward Dispensary, Kent Street, Charlottetown.

If a central convenient place is appointed, a day may be fixed to meet, and the danger from the Small Pox immediately removed.

The individual expense will be a mere trifle, and absolutely poor persons will be done gratuitously.

Every case will be subsequently inspected, and certificates given of safety, or requiring a future test, as the case may be.

Vaccination, to be secure, requires to be performed when the lymph is in a certain stage of development, which is very different in different individuals; it is not always proper on the same day, and in some cases it is never proper, although not apparently so to unprofessional judgment; it is most desirable, therefore, that Vaccination should be brought to the doors of the people by the medical men of the Island, and their certificates producable, as in England, in order to qualify for the Army or Navy, or for insurance of life in public offices.

The exposed state of the public in the different Settlements led me to apply for a free supply of lymph from the National Vaccine Institution, London, which has fortunately come to hand just in time to meet the emergency; and I shall be happy to supply my professional brethren, on their application.

The public importance of the subject will, I trust, excuse me for troubling you to insert the above in your next paper; and which I hope will be copied by the others. The same observations will apply to all other Settlements, as well as Belfast, and to the Surgeons in their localities, who will be readily supplied on application.

I remain, &c.,
H. A. JOHNSON.

To the Senior Magistrate of Georgetown.

THE Undersigned request that you will call a PUBLIC MEETING of the Inhabitants of Georgetown, Royalty and vicinity, at an early day, for the purpose of addressing His Excellency Dominick Daly, Esquire, congratulating him on his assumption of the Government of this Island.

Daniel Gordon,	

IN compliance with the above requisition, I hereby call a PUBLIC MEETING of the Inhabitants of the Town, Royalty and vicinity, to be holden at the Court House on Friday the 23d day of June, instant, at the hour of Three o'clock, p. m.

Signed, HUGH McDONALD,
Senior Magistrate.

At a Meeting of the Inhabitants of Georgetown, Royalty and vicinity, at the Court House on Friday, the 23d instant, for the purpose of addressing His Excellency the Lieutenant Governor on his assumption of the Government of Prince Edward Island—Hugh McDonald, Esq, Senior Magistrate, in the Chair:

The following gentlemen were nominated as a Committee to prepare an Address:—Hon. E. Thornton, John Aldous, William Sanderson, Colin McDonald, W. B. Williams, Esquires.

An Address was prepared after a short time, which on being read by John Aldous, Esq, was, on motion of William Sanderson, Esq., ordered to be received and engrossed.

The following Committee were then appointed to wait on His Excellency to present the Address, viz:—John Aldous, A. A. McDonald, William Sanderson, Esquires, Hon. Edward Thornton.

Signed, JOHN KEARNEY,
Sec'y.

ADDRESS.

To His Excellency Dominick Daly, *Esquire, Lieutenant Governor and Commander-in-Chief, in and over Her Majesty's Island of Prince Edward, and its Dependencies Chancellor, Vice-Admiral, and Ordinary of the same. &c. &c. &c.*

The Magistrates, Merchants, and other Inhabitants of Georgetown, its Royalty and Vicinity, beg leave most respectfully to approach your Excellency, to congratulate you on your assumption of the Government of Prince Edward Island.

Your Excellency has been honored by our beloved Queen with the Government of a portion of Her wide dominions, in which Civil and Religious Liberty, the peculiar birth-right of every British subject prevails, we believe, to an extent unsurpassed in any other portion of the world; and it has been a matter of gratifying consideration to us, to know, that the Administration of this Government has been entrusted to one eminently qualified by practical experience in another portion of Her Majesty's dominions in British America, whereby your Excellency will be more fully enabled to carry out the gracious intentions of our beloved Queen, who has again in your Excellency's appointment, afforded a most gratifying assurance of Her Majesty's solicitude to have the Government of this Colony administered with faithfulness and responsibility.

With such sentiments, your Excellency will readily believe that we cherish to our most gracious Queen, loyalty corresponding with the great advantages we now enjoy under Her Majesty's Government; and we sincerely indulge the hope, that under your Excellency's administration, a spirit of union, harmony and good feeling will be found to prevail among all classes of the people, that obedience to the laws, and personal respect to yourself will be the rule of action; and that your Excellency, your Lady, and family may, during your residence in the Colony, enjoy health, wealth and prosperity.

On behalf of the Meeting,
HUGH McDONALD,
Senior Magistrate, Chairman.

REPLY.

Gentlemen:

This cordial expression of loyalty and attachment to Her Majesty's person and Government, from the Magistrates, Merchants, and Inhabitants of Georgetown, its Royalty and vicinity, emanating as it does from men who can so fully appreciate the advantages they enjoy as members of the great British North American family is most acceptable to me.

It is my anxious wish, as it shall be my constant endeavour, as far as possible, to realize the expectations you appear to entertain from my appointment to the Government of this Island, but much must depend upon the co-operation of those, who, like yourselves, look for the advancement of the best interests of the community, from the cultivation of those feelings of good will and harmony, without which no people can prosper.

I thank you very sincerely for your kind wishes towards myself and family. I hope shortly to be able to visit Georgetown, and then to become better acquainted with its position and interests.

PROSPECTUS.

OF THE

MASONIC REGISTER, AND GAZETTE OF NEWS.

IT is proposed to give this paper a character which shall make it equal, if not superior, to any Masonic periodical in the United States, and a valuable Journal to be forwarded to every part of the globe. It will contain each week a new and well-written story of a useful and moral tendency, well-digested Summaries of Foreign and Domestic News and Masonic Intelligence, the movements of the various Benevolent Associations, Literary, Religious and other Societies of this city, Public Amusements, Notices of Foreign and Domestic Publications, Original Poetry by admired authors, Original Moral Essays, with an Editorial leader on some appropriate topic of the day.

It will give the most impartial statements of matters, in and out of the Order, and be at the same time particularly devoted to the interests of the Fraternity. It will contain from time to time fine Wood Engravings and descriptions of all the principal Public Institutions in the United States. Also original Biographies of distinguished Free-Masons, and other bright worthies in the catalogue of fame. Recent discoveries in the Arts and Sciences, and important Masonic Statistics, will be regularly given.

We do not intend to follow in the wake of our unsuccessful predecessors, for we have marked out an entirely different course. We intend, as here intimated, to introduce into the columns of this Journal, the latest *Foreign and Domestic General Intelligence*, knowing that masons, as well as those not of the Order, want such news,—thus making it a paper in which *all* will feel interested. This, it must be admitted, is an entirely new feature in Masonic Periodicals, and will, no doubt, prove as great a desideratum to the country as well as the city Freemasons.

We pledge ourselves that this paper will be "always on hand"—*will be delivered when expected.* We would fraternally request all brothers, who approve of our undertaking, to use their good word—their influence in procuring subscribers for this—the Free-mason's Newspaper.

Finally, every department of the Paper will be properly attended to, and every aid that talents, means, position and industry can bring to the task, is secured for this enterprise, to make it in all respects the Mason's Newspaper. To the Masons of America, and the Fraternity wherever they may be found, we offer a sheet that will be entirely worthy of their favourable consideration and support.

R. R. R.
Highly Important to the Public.

The Sick cured on the R. R. R. Theory.

THREE GREAT REMEDIES.

The attention of the public is particularly directed to the three quick and powerful remedies discovered by Radway & Co. So quick, so powerful, so effectual, so safe, so pleasant, are these remedies in stopping pain, checking disease, expelling from the human body all foul and corrupt humours, all diseased and poisonous deposits, and restoring the weak, feeble, and fragile frame, worn out by disease and long suffering, to sound health and long life, that whoever uses these remedies, and becomes familiar with the R. R. R. Theory, will never need a physician, unless it is in some critical surgical case. The R. R. R. Remedies will never fail—they prove themselves in the worst cases in less than *twenty-four hours.*

They invigorate, they renovate, they regulate, they relieve the suffering, pain-stricken invalid from the most torturing pains *in a few minutes.*

They restore the sick and diseased body *to health and longevity.*

To the low spirited and nervous they impart joyfulness, vigor, and a happy flow of spirits.

To the aged and infirm, whose constitutions are worn out by decrepitude and limbs palsied and enfeebled, they impart the elasticity and buoyancy of manhood in its prime.

To the young, who, between the period of youth and manhood, outgrow their natural strength, who are afflicted with languor, lassitude, loss of appetite, gloomy feelings, &c., they impart to the recuperative organs a healthy regularity of action.

To the thoughtless seeker and victim of animal passions, who has *wasted* away his strength in folly and revelry, they check the *waste of manhood*, and restore every organ to a sound and natural condition.

To all who suffer pain, to all afflicted with disease, the R. R. R. REMEDIES will quickly and effectually free the sufferer from misery, and render the most wretched capable of enjoying sound health and long life.

R. R. R.
REMEDIES.

The R. R. R. Theory requires only three remedies for the cure of the sick, and the protection of the human system against sudden attacks of violent diseases.

No. 1.—Radway's Ready Relief.—*For the instant Relief of Pain, and quick cure of Acute Maladies.*

No. 2.—Radway's Renovating Resolvent.—*For the effectual cure of all Chronic and Scrofulous Diseases that have been lingering in the System, corrupting the Human Body, for Five, Ten, Twenty, or Forty Years.*

No. 3.—Radway's Regulators.—*For restoring and regulating to a healthy and harmonious action all the Organs in the System. A mild and effectual carthartic.*

R. R. R.—No. 1—RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of diseases; to disinfect animal, malarious, and infectious poisons, thus protecting whoever uses it against all poisonous Infection, from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c., in from five to fifteen minutes.

RADWAY'S READY RELIEF will stop the most distressing and violent pains, either internal or external—Nervous, Neuralgic, Bilious, or Rheumatic.

A Fixture in the Family.—Every family should keep a supply of RADWAY'S READY RELIEF in their houses—it is useful in so many ailments—it is always beneficial; he gurantees it is a sure cure for Cholera, if taken in its first symptoms. If used when violent epidemics prevail, it will save life.

R. R. R.—No. 2—Radway's Renovating Resolvent.—We have said that for all chronic complaints, we recommend our RESOLVENT. The RESOLVENT resolves away all diseased deposits that have been lingering in the system for TEN, TWENTY, or FORTY YEARS.

Every person who has been troubled with any complaint for years, will require the RESOLVENT to ensure a perfect cure. The action of the RESOLVENT is directed first to the absorbents, stimulating them into action; and, second to the blood, which it depurates by its alterative action over the glands, the liver, pancreas, kidneys, &c., (which are the sewers that nature has established for purifying the blood). You will, after this description, we hope, appreciate the name we have given to the second of the R. R. R. REMEDIES OF RENOVATING RESOLVENT. It resolves away diseased deposits; it purifies the blood, and renovates the system. Tumors are removed and discussed by its operation; Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked wherever it has attacked the system. Syphilis, with all its horrible train of concomitants, here find a certain and infallible cure; and Consumption, too, often finds its master. For Chronic Dyspepsia, RADWAY'S RENOVATING RESOLVENT is not only an effectual, but quick cure.

Bronchitis.—We know of no remedy, nor of any treatment that will so quickly and effectually cure Bronchitis as the RESOLVENT. It is in all old Chronic cases where RADWAY'S RENOVATING RESOLVENT will be most appreciated.

Its Procreative Power.—Married persons, who are not blessed with offspring, if the difficulty arises from imperfect organs and incompetency, will find the R. R. Resolvent of great benefit.

Dyspepsia, Water Brash.—This distressing disorder is generally the result of a low grade of Chronic inflammation of the Stomach. The patient, who generally feels well enough when the stomach is empty, is afflicted with the most distressing symptoms on taking food. Water Brash eructations, with burning sensation, heart burn, pain at pit of stomach, &c. This disease is generally accompanied with costive bowels.

Treatment.—Resolvent three times per day after meals, dessert spoonful. One Regulator on going to bed at night, to keep the bowels open and regular. When the Heart Burn is very distressing, a dose of the Relief taken in water will promptly relieve it.

The public may rely upon an effectual cure of the following diseases by using the Renovating Resolvent:—

Chronic Rheumatism,	*Tumors, Ulcers,*
Scrofula,	*Skin Diseases,*
Glandular Swellings,	*Hip Diseases,*
Hacking dry Cough,	*Female Complaints,*
Cancerous Affections,	*Gout,*
Syphilitic Complaints,	*Rickets,*
Bleeding of the Lungs,	*Salt Rheum,*
Dyspepsia, Water Brash.	*Bronchitis,*
Tic Doloroux,	*Consumption,*
White Swellings,	*Liver Complaint.*

R. R. R.—No. 3.—Radway's Regulators.—THE THIRD GREAT MEDICAL DISCOVERY OF RADWAY & CO.—One Regulator is sufficient to regulate the Bowels, Liver, and Pancreas to a healthy and harmonious discharge of their functions.

Two will insure a pleasant discharge from the bowels at a regular period of time every day.

Four to six will purge thoroughly all corrupt and acrimonious humors from the alimentary canal.

Important to Pill Takers.—Every one who is in the habit of taking pills will find RADWAY'S REGULATORS the most pleasant, safe, effectual regulator of the Bowels, Liver, Pancreas, and the most CERTAIN PURIFIER OF THE BLOOD in use.

One of RADWAY'S REGULATORS is superior, in point of medical strength and efficacy, to six of the most popular and best approved Cathartic Pills.

All Purgative or Cathartic Pills are made from the crude materials of their composition: the inert and active principles are combined together, and the pills are made up of this common mass, so that out of six pills the patient has to swallow, all the really and truly medical virtues of the same would not make more than two pills. Every chemist well knows that out of the crude materials of drugs, roots, herbs, barks, plants, &c., there is only a yield of one tenth of medical virtue. We seriously believe that more deaths are caused by overloading the system with useless physic than from disease. No more medicine should be given to a patient than what is necessary to produce the desired effect, and to overload the system with useless drugs is not only checking the action of active virtues, but is inflicting serious labour upon the already shattered constitution.

R. R. R. Remedies are based upon this principle—there is as much difference, in point of strength and efficacy, between *Radway's Regulators* and all other Cathartic Pills, as there is between quinine and common bark, or morphine and opium.

RADWAY'S REGULATORS, therefore, are the best pills for the sick to take, one being sufficient in all ordinary difficulties, and two possessing a greater and better power than any six of the most approved pills known.

Radway's Regulators are a certain cure for Costiveness, Indigestion, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder. Female Difficulties.—Leuchorrhœa, Fleur Albus, Whites, and Irregularities of all kinds. Bilious Diseases.—Bile on the Stomach, Bilious Colic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Kidneys.

RADWAY'S REGULATORS are most carefully prepared from extracts and gums of trees, plants, roots, and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and so effectually as the R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution; for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels, and impart strength to every nerve and tissue of the body.

One of the REGULATORS, taken on going to bed, will insure a regular and healthy discharge from the bowels in the morning. In cases where eight or ten of the common pills are used for free evacuations, two or three of the REGULATORS are sufficient.

NO CALOMEL

or other poisonous drug enters their composition—they are entirely vegetable. They are pleasant to take, elegantly coated with a medicinal gum, are perfectly tasteless, and free from smell. No person will feel any disagreeable symptoms from taking a dose of REGULATORS.

CAUTION.

There is a counterfeit Ready Relief in the market; the labels are very similiar to the labels on the genuine. Purchase only of authorized agents, and inquire of the person you purchase from if they know it to be genuine. If you do not find relief from pain in fifteen minutes, send us the label of the bottle you purchase, and inform us from whom you purchased.
