

### DOWN THE BACK STRETCH

The President and Directors of the Provincial Exhibition Association were hosts to horse owners, drivers, groomers, officials and their wives Wednesday evening in the Fox Pavilion, Exhibition Grounds. Welcoming remarks were made by the President, Dr. J. P. Lantz, after which he called on Director Frank Acorn, chairman of the classification committee, who thanked the horsemen and drivers for their support in making the past season the biggest in the history of the Association. Over \$54,000 in purses and prizes had been distributed. He said a total of 1,682 starters had taken part in the twenty-one nights and five afternoons racing, which commenced on June 17th and was concluded on the night of September 7th. Only two were outside the money and only six outside the money during Old Home Week. He said the work of classifier was not always a pleasant one and no doubt he had made mistakes by over-estimating the speed of some horses and under-estimating that of others, but it was always with the best of intentions.

He was pleased to again present the E. F. Acorn Memorial Race Prizes to the leading drivers in the night races. This season it had been decided to include all night racing. The method of arriving at the standings was the Universal Driver Rating System in use at all the night racing plants in the U. S. A. Nine points are allowed for each win, five points for second place and three points for third (win, place and show) and the total points accumulated is then divided by nine times the number of starts. Under this system a driver earning an average of 333, must average a third in each start. A minimum of 30 starts was set for this year's competition. He then gave out the results as follows:—

**Driver —**  
**James "Roach" MacGregor —** Starts 44; Firsts 10; Seconds 12; Thirds 10; Total 32; Avg. 464.  
**Lo-Col. D. A. MacKinnon —** Starts 43; Firsts 11; Seconds 7; Thirds 7; Total 35; Avg. 400.  
**Willard Kelly —** Starts 103; Firsts 14; Seconds 32; Thirds 22; Total 350; Avg. 390.  
**Len O'Meara —** Starts 97; Firsts 21; Seconds 14; Thirds 19; Total 316; Avg. 360.  
**Claude O'Brien —** Starts 75; Firsts 17; Seconds 8; Thirds 12; Total 234; Avg. 355.

Mr. Acorn mentioned that Lorne Letcher, who had not qualified because he had not made sufficient starts, had \$53 for the starts made with A. G. Scott and Miss Donna Mae, and a special prize of \$10.00 was given him. Driver Roach MacGregor was called up to receive his prize and announced that he had asked Dr. F. C. Douglas present at most of his points had been won with Josedale Clipper, formerly owned by the Doctor.

It may be of interest to compare the drivers' averages with those recently published for Saratoga Raceway, New York . . .

**Driver —**  
**Rodney —** Starts 124; Firsts 29; Seconds 25; Thirds 12; Avg. 378.  
**Joe O'Brien —** Starts 98; Firsts 24; Seconds 14; Thirds 8; Avg. 351.  
**Caldwell —** Starts 62; Firsts 13; Seconds 10; Thirds 9; Avg. 348.  
**MacTavish —** Starts 153; Firsts 31; Seconds 28; Thirds 14; Avg. 333.

After the presentation of prizes the motion picture taken last year, Silks and Sulks was shown and was very much enjoyed by those present. Refreshments were served and a vote of thanks extended to the President and Directors for their thoughtfulness in providing the evening's entertainment.

Visitors to the Charlottetown track will see many changes in the next few weeks. The fence along Kensington Road and the stables are being torn down to permit the widening of the road to some sixty feet. The centre field is also being dug out and the clay will be dumped in the hollow at the east end of the track, the intention being to fill it in completely and move the stables at the south of the track over there when this has been done. It is said that a tunnel will be constructed that will permit passage of autos to the centre field after it has been dug out. A strip 94 feet wide will be left outside the guard rail of the track to permit logging of horses and a display of prize cattle during exhibition. A drainage system will keep the inner centre dry and it will be deep enough so that the autos will not obstruct the view of the races while they are in progress. This parking field has become almost a necessity because surrounding areas are being taken up for building, manufacturing and other purposes. It is expected that some 600 or more cars can be accommodated in the centre space.

Thursday morning the following horses left for Truro where they will be raced by Len O'Meara — Miss Knox, Quick Luck, Bob Canuck, Dean Swift and Argot Pointer. They will race tonight and next

week at Truro and will take part in the big race meet at Sydney the 25th. Horses leaving for Sydney are worthy Ermine and Lillian Budlong with driver Ike More-side, Neil Kalmuck, Milldale, Lucky Number, Feather Duster and Miss Playfair in the Willard Kelly stable. Also expected to leave are Josedale Clipper and New Look with driver Roach MacGregor and P. E. I. Budlong and Hero Mine with driver McCallum.

Rankin McLaine who keeps au fait with the racing at Roosevelt, informs us that Joe O'Brien had a nice win Tuesday evening with the ten-year-old trotter Full Bloom, time, 2:05 1-5. The four-year-old pacer Early Dawn by Playdave, was second the same evening in 2:08 2-5. She was bred and raised by Lester Johnston, Fortune.

Looking over our summaries some evening ago we came across a favorite pacer, Just Betty, owned by Dr. R. T. Searman. Many will remember the day she took her record of 2:10 3-5, driven by Don Keeman. It was one of the best finishes we had witnessed in many years. Just Betty is by Calumet Budlong and her dam was by the British Soldier 2:15 1/2 by Cochato Betty started in 45 races during her career and was in the money 42 times. Total heats raced 149, she was first 24 times, second 32 times, third 23 times, fourth 20 times, fifth 15 times, 25 times worse than fifth. Average time of heats raced 2:13. As you look over the above summary you will see that she would not have today where there are so many opportunities to race.

Some time ago we had an inquiry from A. Gaun, Box 20, New Waterford, N.S. for the breeding of a mare he wished to register. Last evening we had a letter from him thanking us and saying that he got the information from Fank Calbeck of Summerside, and that we appreciated it very much. We also wish to thank Mr. Calbeck — or any of our readers who will help out in that way.

A Moncton driver that has been coming to the front the past two seasons is Harvey Cormier, who spent five years with a good mentor — Harley Harrison. The knowledge gained has been put to the very best use as anyone who watched Ma Cherie and Tryon racing at Moncton and Charlottetown must have noticed. Harvey, in addition to being a careful trainer, has the added advantage of considerable knowledge of shoeing and balancing and possessing this he has made a big improvement in the racing qualities of Tryon, the was second to New Look in the fourth dash at Goodwill races on Thursday night, September 7th in 2:14 and came back to win the eighth dash from New Look in 2:12 2-5, which was only one-fifth of a second slower than the fastest heats raced that night by Quick Luck and Josedale Clipper — 2:12 1-5. There are a lot of good young drivers coming to the front and our prediction is that Harvey Cormier will be among the number.

Our thoughtful friend, Col. James R. Calkin, who was presiding judge at Fredericton Exhibition races last week, sent us the results. The No. 1 Classified was won by Alpine Hanover with 1-1-1, Princess (Carr) 2-2-5, Omar Lee (Akerley) 3-6-2, Connie Clegg 4-3-4, best time 2:15 4-5 — a new record for Alpine Hanover. The No. 3 Classified was won by Bonnie Beers of Harcourt, N.B. with 2-1-1, Chris McElwain (Ettler) 1-2-2, Victory Belle (Hamilton) 3-3-3, Fietta Volo (Jones) 5-4-4, True Prince (Graham) 4-5-5, best time 2:15 3-5 by Bonnie Beers. The No. 5 Classified was won by Richard Budlong, owned by J. D. Hames of St. Stephen and driven by J. D. Ettler with 1-1-1, Ola Budlong (DeWitt) 4-2-2, Silver Hanover (Graham) 2-3-3, Jo Jo Spencer (Coker) 3-5-5, Johnnie Dale (Ettler) 5-4-4, Time 2:12 4-5, 2:10 1-5. The 2:10 1-5 is a new record for Richard Budlong.

The second day's racing the No. 2 Classified was won by Anchors Aweigh, owned by George Walker of St. Stephen with 1-3-1, Peggy Lynn (Akerley) 2-1-5, Laurel Lee (Britton) 5-2-2, Toddlewyn (Blashop) 3-4-3, two other starters, best time 2:18 2-5 by Peggy Lynn. The No. 4 Classified was won by Brighton, owned and driven by Henry DeWitt of Woodstock with 6-1-1, Hartley (Armstrong) 1-2-3, Jean Aubrey (Morrison) 3-5-2, Cedric Hanover (Graham) 2-4-5, Delilah B. (Walker) 4-3-4, time, 2:14, 2:12 2-5, 2:12 4-5. The 2:12 2-5 is a new record for Brighton. The Junior Free For All saw some fast pacing by Rusty Hanover, owned by Lynton & Woodcock, St. Stephen, and driven by Woodcock, with 1-1-1, Indiana Boy (Ettler) 2-2-3, Eddie Scott (Jardine) 3-4-4, McKiyo Cash (Horseman) 4-3-5, Royal Junior (Langille) 5-3-5, time, 2:09, 2:06 3-5.

### LITTLE SPORT

## First Game Of Island Finals Slated For Sunday

Ment's Falcons and Curran and Briggs will meet Sunday afternoon in the first game of a three out of five series for the Island baseball championship. The game will be played last night. The game will be played on the Curran and Briggs diamond. Merlin "Red" MacKenzie will start on the mound for the Falcons. His opponent may be Bob St. Pierre, who, it was rumored last night, will be flown to Summerside from his home in the States for the encounter.

Each game will be handled by four officials, one being the umpire-in-chief and the remaining three base judges. Jackie Kane, Leo Doyle and Ev. Toombs were appointed officials from Charlottetown and Jimmie Hogan, Jackie Schurman and Reg Phillips from Summerside.

Following Sunday's game the contests will alternate between the Charlottetown and Summerside ball parks. Games will be played on Sunday and Wednesday afternoons. Game time Sunday has been set for two o'clock. The Falcons will leave Charlottetown at twelve noon.

## N. Y. Yankees Lose Top Spot In A. L. Standings As Tigers Win 9-7

By STEVE ROBERTSON  
 Three ponderous home runs by big John Mize failed to hold first place for New York Yankees Friday as Detroit surked into a half-game lead in the American League with a 9-7 uphill victory. Hank Borowy, a Yankee castoff of yesterday, chilled his old mates with a one-hit shutout relief job in the last four innings after Art Houteman was battered freely in the first five.

Ted Williams returned to action and demonstrated his physical fitness by slamming out four hits, including a three-run homer, as Boston Red Sox overpowered St. Louis Browns 12-9. Thus Steve O'Neill's musclemen advanced to within 1 1/2 lengths of the Tigers.

As a result of the day's slugging at Detroit and St. Louis, the pennant race looks like this: Team W L GB Left Detroit ..... 88 50 16 New York ..... 88 51 1/4 Boston ..... 87 52 1 1/2

The gathering of 25,900 in Briggs Stadium died a thousand deaths during the afternoon as the Tigers twice came from behind to square this important

series with a 12-hit attack on three New York pitchers. The win assured the Tigers of at least a tie in the season series, giving them a 11-10 edge going into today's final meeting with the Yankees.

Mize put on a tremendous show with three successive homers in PHILADELPHIA, Sept. 16 (Saturday) (AP) — Philadelphia Phillies fought from behind twice early today to win the longest game of the season from Cincinnati Reds, 8-7, in 19 innings after grabbing the opening game of a twi-night doubleheader, 2-1.

The 37-year-old veteran, who balked when the Yan's tried to shuffle him off to the Pacific Coast League in July, struck out on his final trip in the eighth.

 (Baltimore leads best-of-seven semi-final series 2-1).

Junior Baseball Finals Scheduled Here Tomorrow  
 The second and third games of the City Junior Baseball finals will be played tomorrow on the Memorial Field diamond between the Knights and the Vics. The Knights, already leading the series with a win, could very well wrap up things in the games over the week-end. But the Vics have other ideas. They will be out to win both games against the powerful Knights.

The Ryan coached crew will likely send a pair of southpaws against the Vics in Jackie Burke and Jack "Spy" Ready. Ready won the first game from the Vics and the long rest of four days should benefit a sore arm he has been nursing. The Vics are expected to retaliate with Ev. Beagan and one of their southpaws will likely be Allan MacLeod. Beagan started the first game but was yanked in favour of MacLeod.

In all cases the doubleheader between the two teams will produce some top entertainment for the fans in attendance. The first game is to start at 1:30 sharp.

Workout Today  
 The senior Abbie Football team is to hold a workout this afternoon at 2:45 and all members of the team are asked to be on hand at Victoria Park to attend the practice. The coaches will be glad to see some new faces at the practice and all are welcome to attend it.

Tournament  
 WEDGEPORT, N. S. Sept. 15 — (CP) — Edward Reyes of Santiago boated a 610-pound bluefin at the International Tuna Tournament today to increase Chile's lead in the annual angling classic. Chile now has 1,862 points, a sizeable chunk more than any other team. Brazil, Argentina and Cuba outfits each caught one fish yesterday. The British Empire, the United States and a combined team from Denmark and Sweden have yet to score.

Phillies Pitcher Suffers Injury  
 PHILADELPHIA, Sept. 15—(AP) —Emory (Bubba) Church, brilliant Philadelphia Phillies' rookie pitcher, suffered a severe cut under the left eye requiring four stitches when hit by a line drive off the bat of Cincinnati's Ted Kuszewski tonight.

Two men were out in the third inning of the first game of tonight's twi-night doubleheader when Kuszewski smashed the first pitch on a line through the box. Church hadn't a chance to get his hands up. He was knocked to the ground, got up and then staggered around.

Trainer Frank Wiechec and utility infielder Jim Bloodworth helped the pitcher from the field. He was taken to hospital. It was not immediately known if the young pitcher will have to miss his regular pitching turn.

Snap Shot Finishing

## HUNTERS' CORNER

The duck gravy has thickened somewhat during the past week but with the opening morning here 16 days away, it will require considerably more flour before it is really palatable. Ducks have been more in evidence this past week which is encouraging as far as it goes. It means either of two things . . . the earlier concentrations of local ducks are breaking up or advance migrants from the north are beginning to trickle in.

I have covered a lot of ground this past week, from Big Pond in Kings County to Black Banks in West Prince, in an effort to check and secure data on the duck situation. Many old duck hunters shake their heads when asked about the duck outlook and reply: "Never saw them so scarce" or, "I saw their first ducks a few days ago . . . two small flocks flying west". A few reported: "Never saw ducks so plentiful . . . more than we had for years". The ones who were so enthusiastic over the opening days shooting prospects are the lucky hunters who live in an area where ducks decided to gather. Duck hunters are living in hopes and keeping their fingers crossed but to date the overall picture is far from bright.

As mentioned in an earlier 'Corner' the month of May showed a better than average number of adult birds present but the month of June waned and drew to a close with a bare minimum of broods in evidence. Toward the end of July I expressed the opinion that it was doubtful if one pair of ducks out of every three pair present in May hatched out broods. During June and July Ralph Mosher, Wolfville, N.S., a biologist employed by the Department of Mines and Resources, Ottawa, was allotted the task of studying the summer concentrations of black ducks in the Grand Pre-Canard areas of Nova Scotia.

In recent years it has been observed in the Maritime Provinces that large flocks of black ducks gather in early June and leaf away the days on sunny sandbars and tidal estuaries apparently unburdened with family cares. The presence of non-breeding birds in such large numbers is beginning to worry wildlife officials. In Nova Scotia and New Brunswick some such concentrations hold close to 500 birds. In this province the gatherings are not so large but flocks of 50 or 60 are not uncommon. The main object of the study in respect to those 'bachelor' and 'spinster' birds is to try and find out what causes them to adopt such an indifferent attitude toward setting up housekeeping and assuming family cares.

This week I received a copy of Mr. Mosher's initial report on the results of his studies. It is too early in the investigation to jump to any conclusions at this time. His care to point out, but considerable progress has been made toward throwing light on this wildlife problem. One paragraph of his report interested me greatly, quote: ". . . A total of fourteen broods was thus tallied on the study area during a seven-week period of daily investigation, a ratio of approximately one brood to every fifty-five adult birds . . ." unquote.

A flock of wildgeese was reported this week. They were spotted as they crossed the north shore of the province flying high and honking at a great rate. It was their music that drew the observers' attention to them otherwise they might have passed unnoticed. Many of them were headed for the 140 acre barley field at the Big Point, Flat River. The first geese of the season arrived last fall on September 20th . . . at least they were the first geese reported.

If those particular geese choose to drop in at Flat River they'll find food in abundance as a section of the acreage has been combined. This method of threshing leaves a heavy sprinkling of heads and kernels on the ground. I was there on Tuesday (the twelfth) and talked to Mr. Hollander, the Big Point's new owner. He informed me that he was going to 'post' his property under the Game Act this fall and requested information on the proper method of procedure.

## Falcons Win Semi-Finals In Two Straight Games Against R. C. A. F. Royals

Ment's Falcons of Charlottetown won the semi-final series of the Prince Edward Island Physical Fitness Baseball League in two straight games by beating the R. C. A. F. Royals yesterday at the C & E. diamond 8 to 2.

The Royals went out in front in the first inning, Phillips walking and going to second when Frances was hit by Benny Carson, youthful Falcon pitcher. Cox's dribbler went through Williams at short and Phillips scored.

The Airmen held that lead until the fifth when M. MacKenzie and MacCallum cracked out doubles to bring MacKenzie in with the tying run. With two out in the sixth, Baldy Williams hit a homer over the left field fence to put the visitors ahead 2 to 1.

The Airmen did not get that one back until the eighth when they scored again as a result of Charlottetown fielding error. Phillips singled to left and Frances hit safely to right but was caught off the initial sack by a quick throw from Beagan in right field as Frances took a lead off the bag. Cox rolled one down the first base line and young Benny Carson's wild throw to first allowed Phillips to score, making the game a 2-all contest. In their half of the inning, however, the Falcons really got to Barlow, scoring four runs on four base hits. The Royals got two men on base in their half of the ninth, but were unable to score.

Red MacKenzie was Falcon's leading pitcher, hitting 3 for 5. Williams hit a home run, and triple in 5 trips and MacCallum batted 2 for 4. Phillips, Hume and McCulloch each had a brace of bingles for the R.C.A.F. Benny Carson pitched a fine game for the winners after a shaky first inning, and he showed no signs of weakening as the game progressed. Barlow allowed only one hit in the first four innings, but was less effective the remainder of the game. In the seventh, however, he pitched himself out of a hole by getting Shephard and K. MacKenzie to pop up and striking out McKinnon after the bases had been loaded with no one out.

Both teams are made up of messenger boys from the cities and following last year's example should produce a fine source of entertainment for fans in attendance.

## K. of C. Meet This Afternoon

The annual Knights of Columbus Track and Field Meet will be held at Memorial Field this afternoon with the first event to start at 2 p. m. sharp.

The meet is an annual one and the feature events will be the relay races between teams from all City schools. Many entries are expected for the meet and will be taken right up to starting time.

The meet is intended to give all City athletes a warm up for the fourth annual Interscholastic Track and Field Meet to be held September 23.
