

How Western Cities are Built

An observing traveller in the West says that the way a Western town is built is about as follows:—A name is given to the locality, a shanty is built, a newspaper started, and a postoffice established.

Henry George's Opinion.

Mr. Henry George is of the opinion that the democratic party in the United States will be split into free trade and protective factions, and that out of the present state of things a revision of the party lines will take place before 1888.

Land-Owners in Council.

A conference of land-owners and farmers was held in London last week. Resolutions were adopted declaring a substantial reduction of rent was essential to meet the present agricultural depression and enable tenants properly to cultivate the land.

Lumber Shipments.

The shipment of lumber from the River St. Lawrence to the River Plate during the season of navigation has been: From Montreal, pine, 24,286,378 feet; small stowage, 364,436 feet.

Crystal Ice.

A new skating surface, called "crystal ice," has been invented by Dr. Calantariens of Scarborough, England. Considering that after all ice is merely a crystalline substance and that there is no lack of substances that are crystalline at ordinary temperatures.

Greenfield's Record.

Alfred Greenfield, a noted English pugilist, arrived in this country recently. He is seeking for a match with Mitchell. His record is as follows: "A draw with Pat Perry, for £50; beat Sam Breeze, for £100, in 56m., giving him £10; beat Jim Hyland, for £200, near Birmingham, in 1h. 13m.; beat Denny Harrington, for £200 in 1h. 13m.; beat Jim Hyland a second time, for £100, in 13m.; beat Stuart of Glasgow, for £200; broke his right arm in the third round, and fought 1h. 12m., with it hanging at his side—1h. 20m. Wilson, for £450—broke his right arm in the fifth round; won Mace's championship belt in the late tournament, open to all England, beating Burke in the final."

A Mixed Marquis.

The Referee, a London sporting and dramatic journal, is responsible for a rich story concerning a recent visit of Lord Salisbury, the Conservative leader to the House of Lords, to Scotland. Its narrative runs thus: "During the journey north the Marquis changed his costume for a full Highland rig-out, including it as a delicate compliment to the land of the Kilt. But when he looked at himself in the glass he found that the tailor had cut his petticoats, or whatever they are called, too short. So he made up his mind to put on evening dress. He changed his upper garments, and then sat down for a few moments to read over his speech. This sent him to sleep. He only woke with a start to find himself running into the station. Forgetting what had happened, he thrust on his hat and appeared at the window, and this is how he was dressed. He had full Highland costume as far as the waist, above was a white shirt and swallow-tailed coat, and the entire edifice was crowned with a chimney-pot hat, upon which he sat down without noticing it. His Lordships horror when he stepped on the platform and felt the keen wind cutting his bare legs changed to absolute agony when his valet ap-

peared scrambling out of his carriage with a pair of trousers in his hands, waving them wildly and exclaiming, My lord, my lord, you've forgotten these!"

ELECTRIC GLOSS.

FOR cleaning Solid Silver, Nickel, Brass, Copper and Plate Glass Quick! Sure! Permanent! No dirt, no trouble, no labor. Being entirely free from grit and acids, it cannot injure the most finely polished surface. It is the only preparation ever produced that will polish brass or copper without the use of acid. Nothing approaches it for removing grease and finger marks from Brass, Copper, Glasses, etc.; while for cleaning Nickel and Silver it is especially useful. Retail price, 25 cents per bottle. MICA WASH.—This wash is the only thing of the kind ever invented. A stone may be as handsome as a jewel and shine like ebony; but smoked mica lights will spoil it all. Day by day mica becomes scarcer and higher in price, and an article that will clean and preserve it is valuable to all concerned. Try this wash once, and you will always use it. Retail price, 25 cents per bottle. The above household necessities are manufactured by The Electric Gloss Co., Philadelphia, U. S. A., and sold by every respectable Drug gist, Stove Dealer, Hardware Merchant and General Dealer in Canada. The Canadian trade supplied by JOHN T. REED, 105 Water Street, St. John, N. B. Aug 6-6m nod

MRS. SOPHIA POTTER'S Bone Rheumatic Liniment

IT is a fact worth knowing that Mrs. Sophia Potter's Bone Rheumatic Liniment cannot be excelled for removing pain and soreness. It is no worthless trash, as some may suppose, simply because they have been imposed upon by others but is positively the "King of Pain." Sore throat cannot stand before its power. All we ask is a trial that you may be convinced of the truth of our statement. Our experience is that one bottle tried also sells many more. See circular for particulars and testimonials, and try a bottle—it will not fail to do all that is promised. R. V. BARKER, St. John, Wholesale Agent. W. R. WATSON, Charlottetown, P. E. I. J. A.
