

DOWN THE BACK STRETCH

Alderman J. Harry Breen of Halifax was here for a short visit over the holiday, returning home Tuesday afternoon. Harry has been one of the Maritimes leading horsemen for over 30 years and has owned some of the best trotters and pacers that raced during that period. He is an intimate friend of Alderman Frank Adams, former manager of the Halifax race track, whose most famous horse was the trotter Watchin' 206, that dominated the trots in the Maritimes for several years and is now in stud service at Pleasantdale Farm, W. Va. Among the horses that Harry recalls with the greatest pride is Bona-Beau, a grey trotting gelding with a record of 2:10. A more beautiful horse it would be hard to find and Harry turned down an offer of \$6,500 for him by parties who wished to exhibit him in the show ring.

The best liked in our book was the pacer Star G. 209, that had enough whiz to race over fast tracks such as we have now in 2:05. Then there was Star G. 208, another good pacer, and one of the last horses Harry disposed of was Argot Pointer, that has been such a success for Horace Willis of this city. Argot Pointer, it will be remembered, paced the fastest heat in the Maritimes last season, taking a record of 2:07. At present three of Harry's horses are stable at the Charlottetown race track—Whizaway 2:10 2/5 and two three-year-olds, both trotters and all three are in the most perfect condition. They are being trained by the very capable Johnny Jewel, who has been with Harry since a very young man and is most conscientious in his work.

We asked Harry when they were going to open up the Halifax race track and Exhibition grounds again and he said that there has been a moot question for several years. The difficulty is that there are quite a number of people occupying houses on which was the race track. When accommodation can be secured for them elsewhere there is a likelihood of the Exhibition and race track coming back again. The writer has the most pleasant recollections of Halifax and its race track. My first visit there was in 1912. I had started in New Glasgow and Summerside prior to going there and had met with a lot of racing misfortune but at Halifax was a straight heat winner with the four-year-old pacer, Iona Girl, taking a record of 2:19 1/2. It was a very great disappointment to all Island horsemen, and I am sure that the time horsemen, when Halifax gave up its Exhibition and racing, Mr. Breen is associated with his brother in the provision business under the firm name of A. Malan & Co., one of the oldest firms in that line in the city of Halifax. No order is too large for them to execute and when great ships come to Halifax they are right on their toes supplying them with the necessary provisions.

Everyone at the race track was delighted to welcome back to the open air again E. Frank Acorn. "Duck" was taken to hospital last week and rumour was that his heart was affected. It would not have been surprising because he has been one of the most active men in this city with curling, his taxi business, shooting, getting out programs for the harness racing, etc. But the rest has done wonders and he looks in the pink and we hope will take it easier now that he knows the boys around the track were worried because "Duck" had had a great deal to do with the promotion of the night racing and the many programs at Charlottetown and it would just be a very big blow if he were absent from his connection with the Exhibition Association.

In a very short time—June 1st—horsemen will be filling out entries for the night racing early closing events, and on June 15th for the early closing events in connection with the Provincial Exhibition Association's August meeting. There are a large number of classes that will fit anyone from a two-year-old to a

Annual Meeting Last Night Of Curling Club

Elmer MacDonald was elected a director of the Charlottetown Curling Club for a three year term last night at the annual meeting of the Club. Mr. MacDonald succeeds Jim Campbell who retired after declining nomination.

The well attended meeting, which featured some lively discussion, was presided over by the president, E. Frank Acorn. The club officers will be elected at a special meeting of the directors.

As a result of the discussion last night the club members decided to introduce competitive curling next year. The matter will be left in the hands of the games committee with the competitive curling being open to all members.

Reports were submitted by the President, Mr. Acorn and by Ralph Jones, chairman of the membership committee; James Campbell, chairman of the entertainment committee; Bill MacNeill, chairman of the ways and means committee; and Jim Burden, secretary.

In his report president Acorn spoke about the improvements which had been made on the club house during the year, particularly the interior decorating work that had been done. He also recalled that the ice plant had been re-hauled and was in top condition.

He stated that materials had been purchased to repair the roof and that this work would commence on the coming Monday. He warned the members that a new roof would be required in a few years.

He congratulated his committee chairman and their helpers on their unstinting efforts throughout the year.

At the conclusion of the meeting prizes were presented to the skips of the various winning rinks.

250-pounder Drives To Victory In Big Auto Race

By GAYLE TALBOT

INDIANAPOLIS, May 30—(AP)—Troy Ruttman, a 250-pounder from Lynwood, Calif., shattered speedway records today and drove his cream-colored Agajanian special to a sensational victory in the annual 500-mile Memorial Day race.

Taking the lead only 22 miles from the finish, when Bill Vukovich, another coast ace who had led almost throughout the spectacular event, piled up on a retaining wall, the 22-year-old Ruttman won going away with an average speed of 128.922 miles an hour. The previous record of 126.244 was set last year.

A crowd estimated at more than 150,000 gave the husky victor an ovation when he pried himself loose from the cockpit and received the traditional winner's kiss—this year from Ariene Dahl of the movies.

It was the fourth try at the big prize for Ruttman, who fibbed about his age on his first appearance in the race in 1949.

For Vukovich, who apparently had the classic in the bag with the finish almost in sight, the result was a heartbreaker. His only consolation was that he was able to walk away from his damaged racer—that and the fact that he had piled up a total of \$15,100 in lap prize money.

A disappointment was the big Cummins diesel special, the only oilburner in the field. It went off with unexplained mechanical his shot of half-way. The driver, Fred Agabashian of Albany, Calif., never was up among the leaders.

Johnny Parsons of Sherman Oaks, Calif., the only former winner in the field, finished 10th. Seventh money went to Corporal Jimmy Reese, a first time competitor from Oklahoma City; eight to veteran George Connor of Los Angeles, and ninth to Cliff Griffith of Indianapolis.

Bowling Banquet Held Last Night

The annual bowling banquet of the employees of the Maritime Electric Company was held at Sandy's Restaurant last night at 8:30 with R. V. Ainsworth as chairman. Employees, their wives and others to the number of 140, enjoyed the festivities, which terminated in a dance with John Stern's orchestra supplying the music.

Prizes were distributed to the successful competitors during the winter's bowling as follows: Bowling trophies to winning team, J. Brown, Capt. R. Hughes, W. Lee, M. Yates, J. Cheverie, and C. Buckingham. High single, Capt. J. Brown; high three, Geo. Schleyer.

Bowling prizes for league winners, B. Lecky, Capt., Geo. Schleyer, L. Ladner, L. MacDonall, Consolation, low single, L. Driscoll, low three, J. Morrison. Special Consolation, Robert Weir.

HUNTERS' CORNER

During my rambles through woodland and stream-side this past few weeks I have become somewhat alarmed by the amount of fox and raccoon sign that I have observed. One rarely examines a soft patch on a wood road or a sandbar or mud bank on any stream or river without seeing "coon" tracks. It's the same with foxes—every line of sandhills like they were travelling in packs. Both the fox and raccoon are serious predators in respect to game and domestic poultry. The coon loves to roam over marshes or along water edge. They also show a strong preference for swamps—the wilder and bogger the better.

The raccoon consumes a large amount of frogs and fish of different kinds but they also have a marked taste for eggs as well as the flesh of game and poultry. They give nesting wild ducks quite a setback in some districts and farmers are repeatedly reporting the loss of chickens, ducks, geese and turkeys from coons. A few days ago Mr. Dan MacRae, Hetheredale told me coons had robbed the nests of his setting geese this spring and had also raided his chicken yard.

One night, aroused by a commotion among the poultry, he arose from his bed and surprised a big coon busy getting himself a meal. Old ring-tail can move quickly at times and he made the safety of a tall, bushy spruce tree before he could be reached with a club. There he sat amid the top most branches, his bright eyes reflecting the beam of a flashlight, and his whole attitude declaring: "I'm safe up here and I can wait all night if necessary. The irate farmer had no shotgun but he is as Scotch as they come and it takes a Scotsman to figure a way out particularly if his pocket book is threatened.

There was a simpler way than cutting down the tree, which was fairly large, so he got himself a can of kerosene oil and doused the lower branches liberally. When he touched a match to it a flaming torch shot up the tree and lit up the night for a hundred yards—Mr. Coon leaped out of that tree top as if jet propelled. It was a long drop to earth but a coon must be made of rubber for he hit the ground unharmed.

A raccoon is one of the most persistent creatures living and a few nights later he came back. In the meantime Mr. MacRae had got himself a shotgun and old Mr. Ring-tail said with his life. It was the same coon all right—the fur on his tail and flanks was singed and burned. This is just an illustration of what is going on all over the province weekly, if not nightly.

For some as yet unexplained reason, Jimmy Skunk appears to have met a setback somewhere along the line for they do not appear so numerous as formerly. I'll admit that

P. E. I. Baseball League Opens Here On Sunday

The opening game of the Prince Edward Island Baseball League will get underway at Victoria Park on Sunday afternoon with the Intermediate Abbies meeting their younger brethren, the Junior Abbies. The game is expected to start at two o'clock.

Last night managers Tom MacFarlane of the Intermediates and Ev. MacNeill of the Juniors still had not settled on their starting lineups with both men stating that they intended to carry as many men as possible. Under league rules it is possible to carry a maximum of 18 players.

Either veteran Charlie Ryan or young Ev Beagan will start on the mound for the Intermediates. Receiving their slants will be Willis "Stanky" Hennessey.

Ev. MacNeill has a number of possible starters on the mound. He has righthanders Donnie MacLean, Cliff Ready, "Lunk" MacDougal and "Beefy" Johnny Squaquere; or lefthander Junior MacLeod. Looking after the catching chores will be Arnold MacCallum or Forbes Kennedy.

Both teams have been working out for three weeks in preparation for the opening game and both squads will go into the battle at full strength.
