

LOCAL AND OTHER MATTERS.

HOW MALCOLM CAMERON is spoken of as the successor of Edward Jenkins, M.P., in the office of Immigration Agent General of Canada.

GEORGE BROWN'S MOVEMENTS.—A movement in memory of George Brown, late champion orator of America, is to be erected in Halifax.

JOHN MACSWAN, Esq., School Visitor for King's County, has been appointed Examiner and Member of the Board of Education, in place of Principal Anderson who has gone to California.

WALTER STANLEY, the eminent Engineer, has accepted a position of consulting Engineer on the Georgian Bay branch of the Canadian Pacific Railway and Canada Central Extension.

GAS INSPECTION.—An Ottawa despatch says "Mr. O'Brien, gas inspector, will leave for the Maritime Provinces, to see arrangements for putting into force the inspection of Gas Act."

MANUFACTURERS' EXHIBITION.—We are glad to learn that the prospects of success of the approaching Manufacturers and Mechanics Exhibition are very gratifying. Every portion of the Province is expected to be represented.—St. John News.

INFANTICIDE.—The Coroner's Jury, on view of the body of the child found near Pownal Wharf last week, rendered, on Wednesday, 21st inst., a verdict of "willful murder by some person or persons unknown." It is to be hoped the Police will do their duty in this matter.

PEN AND PLOW is a New York journal devoted to Agriculture, Horticulture, Floriculture, Landscape Gardening, Rural Architecture and kindred subjects.—to the culture of the mind, which embellishes social life and to the culture of the soil, which is the foundation of national wealth. It is a practical, interesting and instructive journal—well worthy the patronage of an agricultural people.

SOUTH RAILWAY STATION.—The Patriot advises the Government "for the sake of its own reputation," to remove the railway station at Scurie. This is a blunder the Patriot should "hasten to correct. No one who knows that the Provincial Government has nothing more to do with the railway than the editor of the Patriot himself, could have read the Patriot's paragraph without being struck with the utter stupidity of the suggestion.

TWO MEN KILLED BY LIGHTNING.—As the schooner 'Express' was lying off P. E. Island, on the 11th inst., she was struck by lightning. The Captain, James Porriar, and a seaman named Thomas McDonald, who both belonged to D'Esouse, were almost instantly killed. The mainmast was also struck and carried away. The electric fluid passed out through the side of the vessel, and the hole was stuffed up with old bedding and junk, to enable her to reach port.—St. John News.

DOMINION FINANCIAL.—It will be remembered that the statements of the revenue and expenditure of the Dominion for the months of March and April were never published in the Canada Gazette, but now that the statement for the other ten months of the financial year of 1874-75 can be obtained, it shows that the total revenue for that time was \$21,592,048.63, expenditure, \$17,426,508.98; leaving a surplus of over \$4,000,000. It is believed that when the March and April statements are published it will reduce that surplus by nearly \$2,000,000.—Montreal Gazette.

ACCIDENT.—We learn that a young man named Allan Shaw was so injured the day before the Tea at Bay Fortune, that he died shortly after. It appears that posts had been placed in the ground for a swing, but unfortunately not sunk deep enough to support the strain on them. While a young woman was in the swing one of the posts suddenly fell, striking young Shaw to the ground and resting across his chest. He lived in great distress only a few hours. Shaw is represented as an estimable young man, and the only support of his parents.—Times.

FATAL ACCIDENT.—A melancholy accident which resulted in the death of Mr. Maurice O'Connor, has been reported to us. Some men in his employ had been painting the spire of the Lot 5 Chapel, on Tuesday last, and were still up working at it, when he told them to throw down a piece of timber which they had on the scaffold, and then went into the church. They proceeded to obey his order, and throw down the stick. At the same moment he came out of the chapel. He was struck on the head by the falling stick, breaking in the skull and killing him instantly.—Swanville Journal.

DEATH.—A case of bigamy was before the Police Court on Tuesday last. A woman, calling herself Nancy Heckbert, deposed that in 1862 she was married to Joseph E. Heckbert, a shoemaker, by the Rev. Dr. Read, that she lived with Joseph as his wife until the 5th August, 1874, when Joseph left his home in Crapaud, ostensibly to visit his friends in Summerside and vicinity, but really to come to Charlottetown and get married, by James H. Fletcher, Esq., to one Margaret McNeill. Evidence corroborating that of the forsaken wife was submitted; and Joseph was committed. It appears that the recent Joseph has, since his second marriage, been living in Lot 48. His former wife and six children are living in a destitute condition, at Crapaud.

REPORTED RISING IN THE NORTHWEST.—A special despatch from Fort Garry, received last week, announced that "intense excitement prevailed there produced by reports from Fort Carlton, of an uprising of half breeds and Indians. Commissioner Graham, of the Hudson Bay Company, who has just arrived from there refuses to give the Press full particulars, but enough has been gleaned to state that another rebellion has broken out there; that half-breeds assisted by the Gros Ventres have taken possession of Fort Carlton and formed a Provisional Government. A land grievance is said to be the cause. Governor Morris is in possession of important particulars which he has refused to communicate to the public. It is stated that a number of Mounted Police have been killed in an engagement."

A subsequent despatch says "It will be gratifying to the public to learn that this whole statement of the rising in the Northwest was contradicted this afternoon, on the highest authority."

A later despatch explains that "the rumor telegraphed from Fort Garry rested on an exaggerated report of an unimportant difficulty. A few half-breed settlers at Fort Lawrence near Fort Carlton, alarmed at the possibility of their rights of occupation not being respected, held a public meeting, at which resolutions were passed threatening rebellion to constituted authority unless their rights were respected. An effort was made without success to induce the Gros Ventres to prevent operations on the Pacific Railway Telegraph Line. No collision of any kind has taken place."

LOCAL AND OTHER MATTERS.

THE RAILWAY TIME TABLE has again been changed.

THE MIRROR OF IRELAND—in Market Hall, on Thursday evening next.

THE S. S. PRINCE EDWARD, with oats, lobsters, etc., for Great Britain, sailed on Friday last.

PREMIER McKENZIE.—It is probable that Mr. Mackenzie will return about the middle of August.

THE GRAND DIVISION of the Sons of Temperance of Prince Edward Island, assemble at New Glasgow, on Wednesday, July 28th, at 10 a. m.

POSTAL.—A cable despatch says Canada will enjoy the benefits of the new International postal treaty immediately after Mr. Mackenzie's return.

REMEMBER the sale of Oil Paintings at Welsh & Owen's Building will be closed out at 7 o'clock this (Monday) evening. A. McNeill, Auctioneer.

REMEMBER the Tea, in connection with the Presbyterian Church, at Mount Stewart on Wednesday next. Passage by rail and steamer Heather Belle.

AMALGAMATED.—The city bank of Montreal and the Royal Canadian Bank of Toronto have amalgamated and now represent a capital of \$4,000,000.

A REMEMBRANCE.—The Rev. Dr. Wright, of McGill College, Montreal—whose stay here last summer very many will remember—has presented the St. Peter's Church with this city with an elegant lectern.

REMOVED.—The establishment of Mr. C. Robertson has been removed to Duncan's Brick Building, No. 50, Queen Street. With larger premises and increased facilities, Mr. Robertson will be able to accommodate many more customers.

WIMLETON.—The Canadian Team have won the Rajah of Kolape's Imperial Challenge Cup and eighty pounds sterling. They ran up a score of 635 out of a maximum of 840. The score of the British Team was 601.

MILITIA ORDERS.—King's County Provisional Battalion of Infantry.—To be Major Commanding—Major Allan MacDonald. To be Adjutant, provisionally and specially.—2nd Lieutenant, Joseph R. McDonald, from Georgetown Battery of Garrison Artillery.

MONO.—Advertising to No. 1 of G. O. (17) 25th June, 1875, read 'Georgetown, instead of St. Peter's Bay,' as the Head Quarters of this Battalion.—Canada Gazette.

ANGLERS and others complain greatly of the unlawful manner in which the trout are at present taken out of Dunk and Trout Rivers. It is said that parties are nightly in the habit of setting nets in those streams and netting large numbers of fish. This is unlawful, and to say the least, very annoying to sportsmen who visit those Rivers with the fond expectation of having a good day's sport and returning with a full basket.—Pro.

SOME great political changes are being discussed, and Dr. Tupper's name is freely spoken of in connection therewith. All parties, it is said, are determined to combine in this province to insist upon Nova Scotia having its rights from the Dominion Government. The County of Halifax will speak out in this matter in a way that will probably astonish Canada.—Herald Reporter.

A BASE DESIGN.—An Ottawa paper says that a supposed attempt to blow up the Nun's small pox hospital last week by means of gunpowder was frustrated. No more inhuman device could have been resorted to, and it can scarcely be believed that powder sufficient to prove fatal was ignited. Apart from this, however, no honest man could for a moment countenance or abet such disgraceful tactics, and it is to be hoped the offender may be discovered.—Pro.

CANADIANS AT WIMLETON.—A special cable despatch from London to the Toronto Globe says that the Earl of Dufferin, Governor General of Canada, the Duke of Cambridge, Earl of Carnarvon, Hon. George Brown, Sir John Rose and Mr. Jenkins, visited the Canadians at Wimbleton, Monday, and attended Col. Gowski's garden party, at which 400 were present. The Duke of Cambridge and Earl Carnarvon made speeches in which they congratulated the Canadian riflemen, who were paraded for the occasion, on their success.

MILITARY.—Lieutenant-General W. O. Grady Haly, the officer commanding-in-chief in Canada, and administering the Government, is gazetted to the rank of a Knight Commander of the Bath. Captain Wright, R. N., a resident of Kingston, is gazetted a Companion of the Order. Colonel John Dyle, the oldest militia officer in the Dominion, has also been created a Companion of the same. Lieutenant-Colonel Strath, Inspector of Artillery, proposes to establish an Association for Dominion Artillery, having in view the development of skill in gunnery and the dissemination of artillery knowledge throughout the Dominion.

"Last evening Benjamin Dawson, Esq., exhibited his large and beautiful collection of dissolving views, illustrative of all the capital cities and places throughout Northern Europe, recently visited by him, and which he fully described in a highly entertaining manner. The views were thrown upon a sheet extending the full length of the wall of the Lecture Hall, and of corresponding width, by a very powerful lantern; and being taken from photographs and coloured, produced before the eye of the spectator the gorgeous and beautiful scenes, cities and buildings of the Old World in a really life-like manner, and on a very extensive scale. We trust Mr. Dawson will soon repeat his entertainment, which must be gratifying even to those who have personally visited those scenes, while it is highly instructive to those who have not, but now can do so with the aid of the lecturer, while seated in the comfortable seats of a lecture hall.—Montreal Herald, 2nd May 1875.

Mr. Dawson is on a visit to his friends on the Island, and we are informed, intends to deliver a series of lectures in Charlottetown (of which due notice will be given), on his travels through Italy, Switzerland, Holy Land, Egypt, up the Nile, California, Japan, China, India, Continent of Europe, and Ireland, illustrating with dissolving views.—Ed. EXAMINER.

WATER WORKS PROMOTERS ASSOCIATION.—At a meeting of the Water Works Promoters Association, held in Pope's Warehouse, Grafton Street, on Thursday last the following resolution was unanimously adopted:—

"Resolved that this Association does not commit itself to any scheme for the introduction of water into Charlottetown, the object being merely to bring the question before the electors, and to secure, if possible, the return of candidates pledged to support a feasible plan proposed and drawn up by a thoroughly qualified Civil Engineer."

A meeting of the Association will be held this (Monday) evening, at 8 o'clock. A full attendance is particularly requested.

By order W. L. CORROD, Secretary.

MOWING MACHINE MATCH.

A Mowing Machine Match took place at the Model Farm, on Wednesday last. The following shows the draft of the machines entered, as tested by the Dynamometer:—

PROSPECTUS OF A NEW WORK ON Prince Edward Island BY DUNCAN CAMPBELL, Author of the History of Nova Scotia, &c.

THE Book is intended to supply a want in the Literature of the Island. It shall present, within moderate compass, a comprehensive sketch of its history, (based upon original documents, hitherto unpublished) from the time of its becoming British property till the consummation of Confederation. The author has spared no pains to make the Book not only readable, but of permanent value.

The volume shall consist of over two hundred pages, printed in clear type on good paper, and elegantly and substantially bound in cloth of the best quality. The work is to be published by subscription, and the writer undertook his arduous and expensive task in the firm conviction that every family on the Island would purchase a copy.

The work will be delivered to subscribers in the fall of the present year. Price, in cloth \$1.25. Ch'town, July 12, 1875.—all island pa. 3in

NO FAILURE! THE WONDER OF THE AGE! Physicians Cornered.

PROBABLY there are no circumstances under which a physician labors with more real sympathy for his patient than when called upon to administer relief to an acute sufferer with Chronic Rheumatism.

Rheumatism is a disease of the blood, and an unsatisfactory cure can be obtained without clearing the blood from the fibrin substances which obstruct the circulation, causing inflammation and pain.

The greatest success of the DIAMOND RHEUMATIC CURE in curing this disease is owing to its power of converting the blood from its diseased condition to a healthy circulation. It also regulates the bowels, which is very essential in this complaint, and no one will read the following statement, from a well-known Dartmouth gentleman, with more interest and pleasure than those physicians who have a real desire to benefit their suffering patients.

FORBETH & Co., HALLOWELL, Sept. 14, 1874.

Gentlemen—For the two past years I have been severely troubled with Rheumatism. I have suffered the most acute pain, and at times I have been rendered perfectly helpless—being unable to walk, sleep or even sit up. I have tried many physicians and used numerous patent medicines, but still continued to grow worse. It is now about four days since I commenced taking the DIAMOND RHEUMATIC CURE, and the pain has all returned, and the use of my limbs is rapidly returning. I bless the day that the Diamond Rheumatic Cure was called to my attention.
