EXTRAORDINARY DISCOVERIES AT POMPEII.

A recent visitor writes as follows:—"There are now boulevards around Pompeii from the top of which the visitor has a view of the whole city, and can form a tolerably correct idea of the interior of the houses uncovered. Excavations are going on on two eminences near the Temple of Isis, and the house called Abondonza. Our inspection was chiefly confined to the former site, where, in a house in a narrow street recently opened, we saw several bodies, or rather forms of bodies, which now attract universal attention. The unfortunate inhabitants of this house fell, not on the bare ground, but on heaps of pumice stones, and were covered to a great depth by torrents of ashes and scoria, under which they have lain for nearly 2000 years. One day, inside a house, amid fallen roofs and ashes, the outline of a human body was perceived, and M. Fiorelli, the chief of the works for excavation, soon ascertained that there was a hollow under the surface. He accordingly made a small hole through its covering, and filled it up with liquid plaster of Paris, as if it were a mould. The result was that he obtained a complete plaster statue of a Roman lady of the first century of the Christian era. Close by were found the remains of a man, another woman, and a girl, with 91 pieces of silver money; four ear-rings and a finger-ring, all gold; two iron keys, and evident remains of a linen bag or purse. The whole of those bodies have been carefully moulded in plaster. The first body discovered was a woman lying on her right side, with her limbs contracted, as if she had died in convulsions. The form of the head-dress and the hair are quite distinct. On the bone of the little finger were two silver rings, and with this body were the remains of the purse above-mentioned with the money and keys. The girl was found in an adjoining room, and the plaster mould taken of the cavity clearly shows the tissue of her dress. By her side lay an elderly woman, who had an iron ring on her little finger. The last personage was a tall, well-made man, lying full length. The plaster distinctly shows his form, the folds of his garment, his torn sandals, his beard and hair. I contemplated these human forms with an interest which defies expression. It is evident that all these unfortunates had made great efforts to escape destruction. The man appears to have perished in a vain attempt to rescue the terrified women, who thought they could be nowhere so safe as in their own home, and hoped that the fiery tempest would soon cease. From the money and keys found with the body of the first woman, she was probably the mistress of the house and the mother of the girl. From the manner in which her hands were clenched, she evidently died in great pain. The girl does not appear to have suffered much. From the appearance of the plaster mould it would seem that she fell from terror, as she was running with her skirts pulled over her head. It is impossible to imagine a more affecting scene than the one suggested by these silent figures; nor have I ever heard of a drama so heart-rending as the story of this family of the last days of Pompeii."

SACRIFICES OF THE WAR.—A Federal writer makes the following calculation:—"It is difficult to tell who makes and who loses by this war. There is a vast amount of human misery occasioned by it. I suppose that on both sides those who have died from sickness and been killed in battle since the civil war commenced, amount to 2,000,000. Probably each of these dead persons has at least four persons related to him, and either dependent upon him for support or deriving comfort and consolation from his life. Consequently the number of human beings in both sections rendered miserable by the deaths of the 2,000,000, will amount to 8,000,000. Of the two millions dead, at least one in four had a wife and child. There will therefore be left of orphans 500,000; widows 500,000. In other respects there are many who have lost neither relatives nor friends by this great civil war, and yet who have shared in the load of misery. How much has England, France and other countries of Europe suffered indirectly by the war, or rather individual people! But the loss in this country—in both sections—is not confined to those who mourn for the dead. There is another general misery. How many have starved in different sections? We have on both sides got up a debt of 4,000 millions, that has to be assumed either in total if we re-unite, or in parts if we eternally separate. We have added 500 millions a year to our annual taxes. The necessaries as well as the luxuries of life are increased one-third if not one-half. A mechanic who earns 2 dols. per day, and has a wife and five children to support, cannot purchase as much as he could with 1 dollar before the war. Then, too, our liberties, how they have suffered, and our nervous systems, too! There are some things worse than death. Among them is a deprivation of your liberty, and your family left without money. Every hour adds to the enormous misery occasioned by our unhappy civil war."

BASE COMPARISONS.—From the *cartes de visite*, we learn the astounding fact that kings and queens are in dress and features precisely like other people. Marvellous, preternatural, as this may seem, it is true. Wings do not grow upon the shoulders of monarchs. They are compelled to tread like common mortals; and many of them look like very coarse and vulgar mortals, too. They have the same number of arms and legs as us plebeians; nay, more than that, some stoop unwieldily at the shoulders, and others are unmistakably bow-legged. Yes, bow-legged. In the grand old days of Spanish etiquette, "the Queen of Spain, had no legs;" but this destructive *cartes de visite* mania has made short work of the fictions of etiquette. The ex-Queen of Naples appears in knickerbockers. The ex-King stands sulkily with his hands in the pockets of a pair of very ill-made peg-tops. The Emperor of Austria in his scanty white tunic looks very much like a journeyman baker listening to the second report of Mr. Tremenhere; the bluff king of Holland has a strong family likeness to Washington Irving's Peter Stuyvesant; the King of Italy is like Tony Lumpkin with a pair of enormous moustaches; Queen Christina closely resembles the widow in Tristram Shandy; and the King of Prussia looks like a drill-sergeant—a similitude, perchance, not very far from the actual truth. As for that incomparable *carte* of the Emperor Napoleon the Third, in a plain frock and a shiny hat, with his pretty graceful wife on his arm, his moustaches carefully twisted, and a waggish smile on his face—what does *he* look like? The dark and inscrutable politician? the arch-plotter? the gloomy man of December? Not a bit of it. He looks like a confident gentleman who knows a thing or two, who is going down into the City to do a little stroke of business, and will afterwards buy his wife a new bonnet on Ludgate-hill, or St. Paul's churchyard. D. G. might as well be effaced from the European currency. Sovereigns may reign in the heart of their people—and there are some who do so reign, and long may they reign, say I! but they can no longer hope to perpetuate their sway by throwing the dust of flattering portraits in the eyes of the multitude. Poor old George the Fourth! What would he have thought of a *carte de visite*?—*All the Year Round.*

A young man, who was a great talker, was sent by his parents to Socrates, to learn the art of oratory. On being presented to his tutor, the lad spoke for a long time without stopping, so that Socrates was out of all patience. When the bargain came to be struck, Socrates asked him double price. "Why charge me double?" said the youth. "Because," said the orator, "I must teach you two sciences; the one, how to hold your tongue, and the other how to speak."

LOVE AND SUICIDE.—A young Lieutenant, quartered at Wurtzberg, fell in love with a young lady there. The marriage was opposed by the girl's parents because the young man was poor. In their despair the two lovers last week resolved to commit suicide, and—after taking the sacrament at the parish church—they tied themselves together with a cord, jumped into the Maine, and were drowned.

UNION BANK OF PRINCE EDWARD ISLAND.

Incorporated by Act of Colonial Legislature.

George Davies, Esq.,	

THIS BANK is formed to supply an addition to the money circultaion of this Island, the want of which has for some time been sensibly felt. It is the natural consequence of an increasing population, an expanding Commerce, and of the enlarged production of an industrious and energetic people. Incredible as it may seem, until the year 1855, there never was a Bank established in this Island; in that year, under the pressure of a similar necessity, the Bank of Prince Edward Island was called into existence; and while it has facilitated the trade and commercial business generally, it has largely contributed to the developement of the resources of the Country, and its results are supposed to have been satisfactory to the Shareholders, having for some years past paid them an annual dividend of ten per cent.

The increase in the population since the year 1855, the large addition to our trade and commerce, the increasing Revenue, the breadth of arable land cleared and cultivated, the growing increase of farming stock, the augmented export of grain and agricultural produce of all kinds, have rendered further Banking operations in this Island absolutely necessary.

It appears from the census of 1860, and from other authentic sources, that in the preceding five years the increase in the population of this Island was 9361 persons; increase of breadth of land under cultivation 45,000 acres; increase in the quantity of roots and cereals exported 842,000 bush. That in the year 1861, the Imports amounted to £344,902, currency; the Exports, including shipping, to £343,421, currency, (showing a balance of trade in favour of the Island.) That in twenty years, from 1839 to 1859, the revenue more than doubled itself, the figures being, in 1839 £17,011; in 1859 £41,000.

Whilst to carry on this additional trade, the public Banking accommodation up to 1855 was nil, and since that time it has never exceeded £52,000 per annum, or about thirteen shillings per head for the population, a sum so small as to be almost incredible; while the Banking accommodation of the neighbouring Province of New Brunswick, it is believed, amounts to thirty shillings per head.

The effect of the large additions above referred to, has been an increasing annual demand for Discount, and for a larger amount of Circulation or Floating Capital; but as the Bank of Prince Edward Island did not provide this, the Public in their necessity were driven to the private discounter for accommodation, at very heavy rates, and it has been estimated that at these rates a sum nearly equal to the Capital of the proposed Bank is annually discounted.

Deeply impressed with the importance of this evil, and feeling that there is in this Island an ample field for the secure and profitable action of a second Bank, the promoters have set on foot the proposed Establishment; and in submitting this prospectus to the Foreign as well as Island Capitalists, as a safe and profitable investment, they beg to refer to the Act of Incorporation of the Union Bank, now before the Legislature, and to those parts of it especially intended for the security of Shareholders and the public generally, namely, Section 18th, whereby Stockholders are declared personally liable for redemption of all Bills issued by the Corporation, and all debts due thereby in proportion to the Stock they respectively hold; but no Stockholder shall be liable for any sum exceeding twice the amount of his Stock, in addition to the Stock held by him.

And also Section 20, wherein it is enacted that the totalamount of debts (deposits excepted) which the Bank shall at any time owe, shall not exceed three times the amount of the Capital Stock paid in. The Directors being made liable in their private capacities for any excess.

Subscription lists for Stocktakers (already largely subscribed for) are in the hands of each of the provisional committee.

PROF. M. BRENAN,

The World Renowned Medicine Man,

AND

Promulgator of Humanology, Physiology, and Physiognomy,

HAS arrived in Charlottetown, and taken rooms at the "Pavilion Hotel," where he can be consulted by both Male and Female, on all diseases the system is heir to, and the most implicit confidence may be placed in him, as his long practice and extensive knowledge of the human character have made him familiar with the individual wants and natural dispositions of man. He possesses numerous certificates from some of the first people in America, of his success in curing diseases, and all will be convinced that nature has blessed him with healing power. A true and regular education, together with having Physicians and Surgeons of renown his kindred predecessors, makes him familiar with the science of medicine, life and man, as a whole. While travelling, lecturing and practising, he has been enabled to fathom mysteries, and make valuable discoveries on the nature of diseases, and the application of specific remedies which excel those of the present day, and are attended with no danger, unlike those antiquated poisons prescribed by many Physicians of both the past and present age.

He uses balms that have no strife with nature or the laws of life;
With blood his hands he will not stain, nor poison men to ease their pain—
Our Father! whom all goodness fills, provides the means to cure our ills;
The simple herbs beneath our feet, well used, relieve our pains complete.

—What a blessing it is truly to be able with certainty to procure a remedy that will cause the blood of life once more to burst through the clouds of disease, and its sparkling influences once more to be felt by our friends, in the moral and social sphere.

The Professor has paid especial attention to private diseases of every character incident to both male and female, and is prepared to treat them successfully, and with the most entire confidence. No person need fear coming to see Prof. Brenan, as everything with him is of the most private character.

TESTIMONIALS.

PROFESSOR M. BRENNAN.

DEAR SIR;—Being desirous of letting the public know what you have done for me, I hand you the following statement for publication.

For the last ten years I have suffered severely from Chronic Rheumatism, and had almost despaired of ever finding relief. I have been under the treatment of Physicians, and tried innumerable remedies, but all failed to effect a cure. Soon after Professor Brenan came to St. John's, I determined to try once more, and accordingly placed myself under his treatment; and now I am most happy to say that, after being under his care twenty days, I am rejoicing in a perfect cure. I also know of other cures he made, even more remarkable than mine.

MRS. CATHERINE GOSS, Water Street.

This is to certify that I have been cured by Prof. M. Brenan, of a most obstinate case of Rheumatism in the Back, Hips, and Legs, which has troubled me severely for the last twelve or fourteen years, rendering me unfit for business of any kind, and I have been obliged to use a cane or crutch, in order to walk. I have suffered the most excruciating pains, there having been weeks at a time in which I have been unable to sleep more than an hour or two during the night. He has also cured me of Neuralgia in the Head, from the effects of which I had almost lost my hearing, and had a troublesome and disagreeable noise continually in my head. I have been under medical treatment during the whole time, but all was of no avail. I consider it a most remarkable cure as other Physicians considered my case incurable. JOHN MACKAY.

St. John's, Nfld., June 1st, 1863.

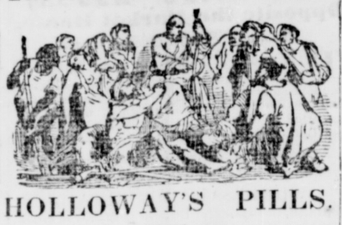
The Rev. James A. Smith, Baptist Minister of Petitcodiac, Havelock, New Brunswick, who had been suffering from an affection of the throat and deafness for the last ten years, seeing the Professor at Sussex, placed himself under his care, and he is now well. The following is the Rev. gentleman's certificate which he gave Professor B. to publish if he thought well of it:—

DEAR SIR,—Having seen your successful operation on persons of my acquaintance, in Sussex, I was induced to place myself under your care: I have been deaf ten years, and tried the best physicians in the province without effect. Though your skilful yet simple operations begun only 7 days ago, I am now well; my hearing is perfectly restored, and I am enabled to follow my duties with pleasure.

I am, Sir, &c.,

JAMES A. SMITH, Petitcodiac Station.

The Sufferer's Best Friend!



HOLLOWAY'S PILLS,

All Disorders affecting the Liver, Stomach and Bowels.

These Pills can be confidently recommended as the most simple and certain remedy for indigestion, flatuleney, acidity, heartburn, colic, constipation, and all the many maladies resulting from disordered stomach or bowels. In all diseases it is of primary importance to set the stomach right. These Pills are purifiers, alteratives, and strengtheners of the stomach. They may be taken under any circumstances. Though powerfully tonic, and satisfactorily aperient, they are mild in their operation, and beneficial to the whole system.

Weakness and Debility, Nervous Irritability.

The wholesome effect exercised by these admirable Pills over the blood and fluids generally, is like a charm in dispelling low spirits and restoring cheerfulness. Their general aperient qualities well fit them for a domestic medicine, particularly for females of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body, giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To regain Health, Strength, and Vigour.

Whenever persons find themselves in that state termed a "little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters, but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

Old Coughs, Colds and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectually twice a day upon the throat and chest, and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza. These remedies tranquilize the hurried breathing, soothe the irritated air-tubes, and assist in dislodging the phlegm which stops up the air-passages. This treatment has proved wonderfully efficient in not only curing old settled coughs and colds, but asthma of many years standing, and even when patients who were in so bad a state as not able to lie down on their beds lest they be choked by phlegm.

Derangement and Distension of the Bowels, Flatulency, Diarrhœa and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to the printed directions: delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal, they secure the thorough digestion of the food, and act most kindly on the stomach, liver, bowels, and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet, at certain periods, it is a sure sign that danger is near. All who are seized with apoplexy and paralysis, have previously suffered from costiveness. In the former case, the blood flies to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands, and husbands their wives, never to go to bed a second night, if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy. A few gentle doses of these fine Pills will regulate the circulation of the blood, and remove all dangerous symptoms.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities	Scrofula, or King's Evil	
Asthma	Fevers of all kinds	Sore Throats	
Bilious Complaints	Fits	Stone & Gravel	
Blotches on the Skin	Gout	Secondry Symptoms	
Bowel Complaints	Head-ache	Tic-Douloureux

TRIPLE REMEDIES.

THIS combination, under the study of the TRUE ANATOMY OF MEDICINE, now perfected in every department, placed at prices within reach of all, of all, and calling for special attention, are,

1st. The Universal Cough Remedy.

Which, without the slightest restraint upon its use every hour, and containing no ingredients to disturb the most delicate constitutions, becomes an enemy to all Throat and Lung Complaints, from that terror to children, WHOOPING COUGH, for which it is a certain relief, to OLD AGE with its infirmities, and by a timely application will not only check that blight on the *American climate*, CONSUMPTION, but rob the *grave* of many of its early victims.

For HOARSENESS so common to Public Speakers and Singers, it is without a parallel. For SORE THROAT, a certain cure.

Make it your *pocket companion* by day, and your *bedside* friend by night, using it whenever you please.

2d. The Celebrated Tolu Anodyne,

Which has drawn such loud praise from thousands who have tested its true character, and found it a sure and immediate relief for Neuralgia, Gout, Rheumatism, Tooth-ache, Ear-ache, Bowel Complaints, St. Vitus Dance, Bleeding at Lungs or Stomach, Distress in Chest after eating, and for all Nervous Complaints, to that chief of all causes of Disease, Depression of Spirits, and Insanity, the

"LOSS OF SLEEP."

For COMMON HEADACHE, NERVOUS or CHRONIC HEADACHE, and VIOLENT SICK HEADACHE, it has no equal, to which I can give the most undoubted references, and to which special attention is asked.

For the Monthly Sufferings of Females, a perfect relief, while nature's after work is undisturbed. By its use, many a wreck to the nervous system and Chronic Female Complaints will be prevented.

3d. Hunnewell's Eclectic Pills.

Designed as the GREAT MERCURIAL SUBSTITUTE, and assistant to the work of the Tolu Anodyne, and Universal Cough Remedy, when cases to which they are adapted are aggravated by indigestion, Biliousness, &c., producing all the requirements of a gentle and thorough FAMILY PHYSIC, and coming in contact with the too common error of making a Pill Box of the Stomach, and producing by the number required for a dose such extremes, that the Stomach loses its balance entirely.

A single Pill at night, or one at night and morning, will in all cases produce a gentle and thorough cathartic. By taking a single pill every second or third night, and *following it regularly*, living on good and easily digested food, INDIGESTION, DYSPEPSIA, BILIOUSNESS, LOSS OF APPETITE, LIVER COMPLAINTS, &c., are permanently cured.

For WORMS they are a safe, speedy and permanent cure.

MEDICAL ASSISTANCE.

RADWAY'S READY RELIEF, THE GREAT INTERNAL AND EXTERNAL REMEDY,

STOPS THE MOST EXCRUTIATING PAIN IN A FEW MINUTES,

AND

RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.

ITS FIRST INDICATION

Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side:
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears:

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptile, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

WHEN SEIZED WITH

CHOLERA, or Diarrhœa, or Flux;
Dysentery, Cramps and Spasms;
Bilious Cholic, or Gastritis;
Fever and Ague, or Cold Chills;
Scarlet, Typhoid or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. *So swift* is the patient transformed from pain, misery, weakness, and decrepitude to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

Rheumatism, Lumbago, Gout, Neuralgia, Tooth Ache, Croup, Influenza, Sore Throat, Quinzy, Diptheria, Hoarseness, Bronchitis, Stiff Joints, Enlarged Tendons, Headache (Sick or Nervous), Asthma, or Hard Breathing. It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferer of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq, of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty-five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the 20 years. The continued use of the Ready Relief cured him.

PREVENTION BETTER THAN CURE—THERE IS NO OCCASION F
