Great excitement at the Driving Park. Fine weather and grand races are guaranteed. Only 25 cents admission.

The electric light sports tomorrow night promise to be the best of the season. The entries are coming in fast. The best men in the provinces intend taking part.

Don't miss the sports tomorrow night the last and best of the season.

All you sports should come and take in the sports tomorrow night on the grounds of the C. A. A. A.

The trained horses for the sports of the Royal Canadian Dragoons will be here this afternoon by the steamer Halifax.

Go early to the races tomorrow. Only 25 cents admission.

Tickets for the Electric Light Sports are now on sale at A W Reddin's, Johnson & Johnson, uptown, and the Apothecaries Hall.

The prizes to be awarded for Electric Light contests are gold medals for first and silver medals for second.

Over 30 horses compete at the races.

LOCAL NOTICES.

The season will be a marked one for feather effects. The aigrette is literally worth its weight in gold. Wings in self colors, quills, spotted effects with curled tips much worn; also two-toed effects in quills are effective for color, especially in light and dark national royal blue. Round top black, also white quills are in favor for sailor and walking hats; ostrich, ospreys, breasts and whole birds are in great vogue. Paton & Co. are showing in their eastern window what is being shown and bought in the leading towns in Europe and America.

It looks very much as though the coming fall and winter seasons were to be decidedly a feather campaign for milliners. Jas Paton & Co's eastern window consists of a novel combination of wings, quills, feathers, plume effects and fur like feathers.

Good music, new songs, best talent at the Opera House tonight.

"Dotting," now so much in favor, may be seen on all the fashionable trimmings for fall millinery, quills have dots, feathers have dots, ribbons are dotted and the ladies will dot after. Jas Paton & Co, are showing a new range.

Little coats for little tots, we cape coats for children 1 1/2, 2 and 3 years of age, made of stocking net in grey fawn, and drab. Plush collars and capes to match and the price like the coats short, \$1.25, \$1.75 and \$2.00. See them, they go smart.—Paton & Co.

SCHOOL OF EQUITATION.—The School of Equitation will open at the Charlottetown Driving Park this afternoon. Officers are ordered to report at two o'clock. The school will be under the command of Capt. Forester, of the Royal Canadian Dragoons, and will be for the instruction of field officers and adjutants and those who are likely to receive promotion to this rank in the near future. The school will not last longer than twenty-eight days.

Dyeing and Cleaning

Two Birds—One Stone

It's all nonsense to suppose or to say that any ordinary powder dye is as good as Maypole Soap, which is the only one that cleans and dyes at one and the same time.

A mere glance at any article, be it silk, satin, woollen or cotton, that is dyed with Maypole Soap, is all that is necessary to convince anyone of the great difference between this modern method of dyeing and the old-fashioned one where powder dyes are used.

10 cents a cake for all colors and 15c. for black.

THE MODERN
Foundry and Machine Shop

We would call special attention to our "New Foundry Department" which we have provided to be a decided success.

We have spared no expense in fitting up this department. Having imported from the United States a special "grade of sand" and employing one of the best moulders in Canada, we are now in a position to meet the long desired needs of the people.

Our Machine Shop Dept
which is equipped with the best modern machinery and experienced workmen, is capable of turning out work in a strictly first class manner. To those in need of anything in our line we invite them to call and be thoroughly convinced that we do work in an A 1 style.
