ABSOLUTE PURITY.
THE following analyses (made by the Domini-
on Analyst) of three BAKING POWDERS
sold in this market should put a stop to the
unjust efforts of the Royal to mislead the public
as to its being the only pure Powder. These im-
partial tests show that other Powders are as pure
and wholesome:
W. SAUNDELS, Dom. Analyst, St. John, N. B.,
reports:
Royal—Contains Alkaline Carbonates—a mixture
consisting mainly of Bi-Carbonate of Soda
and Cream of Tartar—adulterated with about
20 per cent. of Starch.
W. F. BEST, Dom. Analyst, St. John, N. B.,
reports:
Pure Gold—Contains Cream of Tartar, Carbon-
ate of Soda—fresh and pure.
Nov. 19, 1882—Not adulterated;
same as usual.
April 7, 1883—Not adulterated
same as usual.
June 4, 1884—Fresh and pure;
same composition as usual.
MAYNARD BOWMAN, Dom. Analyst, Halifax,
N. S., reports:
WOODILL'S (Of good quality; contains nothing
injurious.)
WOODILL'S German Baking Powder has a
reputation for purity and wholesomeness held
nearly 30 years.
May 21, 1886.

FOR SALE.
TWO Building Lots, eligibly situated, fronting
on north side of Douglas Street, each 12 by
108 feet; also, one fronting on north side of Bay-
field Street, of same dimensions. Terms easy.

June 11—1mo 2aw

King's College Encenia.

PRESIDENT BROCK'S INAUGURAL.
President Brock spoke as follows:
Right Reverend fathers in God, Doctors,
masters of arts; other members of this con-
vocation, ladies and gentlemen:—In occu-
pying for the first time this presidential
chair, I naturally think of the far more
learned and worthy occupants thereof, who
in bygone years presided over the convoca-
tions of this ancient university, (ancient for
our young Dominion) and who adorned by
varied gifts of learning and administrative
talent the responsible post of president of
King's College. I can only trust and pray
that the Great Head of the church, who in
his Divine providence has called me to this
office in His church, may give me wisdom
and grace and power equal to the responsi-
bilities and duties of my position. It need
not that I recount in detail the steps taken
by the board of governors in August to re-
organize this university; you are familiar
with them. Two of the former staff were
happily retained; two younger professors
were added to the faculty; I accepted the
chair of divinity; and by the unanimous in-
vitation of the board of governors I also
took the responsible position of acting
president. After all I had read in the
papers, after the serious trouble that had
taken place in the not distant past, I came
to take charge with some misgivings.
Through the good hand of our God over us,
all has gone well, our college has been safely
brought through a critical time; and this
happy result I attribute to the unity of the
professional staff, and to the good conduct
of our students. My brother professors
have worked with me in the utmost har-
mony.

WE HAVE HAD OUR DIFFERENCES OF OPINION
upon the various questions that from time
to time have come up for consideration
before our board of discipline, but never
has our harmony been broken. The gen-
eral conduct of the students has been all
that I could desire. I wish to institute no
comparisons, but residents in Windsor will
sustain me in saying that the present moral
tone of the college is excellent; while in
the prosecution of their studies, as evinced
by their preparation for and attendance at
lectures, and by the results of the examina-
tions, a fair amount, and in most cases a
great amount of diligence has been shown.
Our numbers exhibit a slight increase over
those of the preceding year, which closed
with 17 students. In Michaelmas term we
had 25 students, of whom 6 were gradu-
ates; we close this term with 23, of whom
4 are graduates. Out of our present body
of students, 13 belong in N. S.; 2 to P. E.
I, 4 to N. B. (we hope soon to welcome
more from N. B.) one to Newfoundland,
one to England, two to the U. S. This
term 5 are leaving, (3 of whom were
ordained last Sunday) and two are leaving
for a time. Several, however, have just
matriculated; several more will matricu-
late in October, so that we have fair pros-
pects in regard to numbers for another
year. On an occasion like the present we
naturally look around, and notice that
some familiar faces are wanting. Since our
last convocation one has entered into the
rest of Paradise, whose early death was a
cause of great grief to all who knew him,
and the worth of his services to our branch
of Christ's Holy Catholic Church. Among
THE MOST SCHOLARLY, DEVOUT, AND ELO-
QUENT PRESTERS OF OUR CHURCH

in this Dominion stood the Reverend George
Wright Hodgson, master of arts at this
university. Many here knew him, and many
could testify to the potent influence for
good that ever radiated from his rooms dur-
ing his residence in King's College. In his
last will our departed brother remembered
his Alma Mater; the gift of his own care-
fully selected library to our college, and the
benefactions that are to follow, will enroll
his name among the most honored benefac-
tors of our university. I regret extremely
that want of funds assigned to our library
has prevented so far the erection of suit-
able cases to receive this valuable addition
to our library. Besides those usually pre-
sent on occasions of this kind, our convoca-
tion is graced to-day by the presence of
some to whom we desire to accord a hearty
welcome. The warmest thanks of this con-
vocation are due, and are hereby tendered
to the venerable prelate, the most reverend
the metropolitan of Canada, for his great
kindness in coming, at no little inconve-
nience to himself, to preach our anniversary
sermon at this our annual festival. We
welcome too amongst us to-day one who has
rendered distinguished services to the cause
of literature, George Stewart, Fellow of the
Royal Geographical Society, Fellow of the
Royal Society of Canada, and one of the
very few contributors in this Dominion to
the 9th edition of the Encyclopaedia Britan-
nica; and we desire also to accord our
heartiest welcome to our Right Reverend
brother, Bishop Perry, of Iowa.

THE LEARNED HISTORIAN OF THE AMERICAN
CHURCH.
I may venture to assure him that we in
Canada cherish the warmest feelings of
affection to our sister church, and as pro-
fessor of divinity I do not hesitate to say
that our church in this land owes a lasting
debt of gratitude to the bishops and presby-
ters of the American church for the many
able, manly and timely defences of the prin-
ciples of our branch of the Catholic church,
which have come from their pens, one of which,
Bishop Kip's "Double witness of the
church," is one of our text books. But
while I desire in your name and in my own
to extend a special welcome to these our
distinguished visitors, I wish, as president
of this convocation, most heartily to wel-
come you all on this festive occasion. I
trust that what you have seen and what you
have heard, and are about to hear, will
enable you to return to your several homes
with warmer feelings than ever towards our
ancient university; its future rests to a great
extent with you. I trust, then, that you
will one and all rally round her, so that the
approaching centenary of King's may wit-
ness its increasing prosperity, and its more

perfect equipment for its great educational
work in these maritime provinces, which
will, I hope, ever remain integral parts of
the great Dominion of Canada, and above
all of the empire of our beloved queen, the
jubilee year of whose reign commenced on
Sunday last."

Boston Markets.
BOSTON, June 23.
POTATOES.—Old Potatoes are selling
mostly at 60 to 65c. at the roads, and 45 to
48c. at wharves. New Potatoes range from
\$1.75 to \$2.50 per bbl., as to quality.
EGGS.—There has been a little more de-
mand for Eastern extras, with sales at 13c.
per dozen. It is still difficult to get over
11c. for P. E. Island or Nova Scotia.
CANNED GOODS.—Lobsters are in fair de-
mand and have been advanced to \$1.65 to
\$1.70 per doz., duty paid. Mackerel are
lower and selling at 55 to 60c.

FISH.—The jobbing trade is gradually
improving, but it is not large enough to im-
part any additional strength to the market,
and all kinds of Fish except new Mackerel
remain at low prices. No Mackerel of any
consequence have been landed from the
fleet the past week, and the supplies in the
market come wholly from the Provinces.
The steamer on Monday brought 450 bbls.
from Port Hawkesbury, C. B., which were
sold at \$6.75 per bbl., by the lot. About
135 bbls. from Yarmouth, N. S., also ar-
rived, and sold mostly at \$6.50. A trip of
Cape Shore recently sold at Gloucester at
\$6.25 per bbl. The range for new Mackerel
is from \$6 to \$6.75 per bbl., as to quality.
No advance can be obtained for old Mack-
erel. Dealers continue to run their stocks
as low as possible, and are very cautious
about buying round lots. Some inferior
Shore No. 2 cannot be sold at over \$4.75,
but \$5 to \$5.50 per bbl. is the regular rate
when the Fish are wanted. Some holders
are asking \$6 and upwards, but only small
lots will command over \$5.50. Nova Scotia
old Mackerel are slow of sale and no regu-
lar quotations can be given. Fresh Mack-
erel from Nova Scotia find a ready sale at
\$7 to \$8 per 100. Codfish are quiet and
steady. New pickle cured Bank are selling
at \$2 to \$2.25, and dry at \$2.75 to \$3 per
qtl. No movement of consequence in Hake,
Haddock, or Pollock. Pickled Herring are
dull and nominal. Box Herring are in fair
demand at 12 to 13c. for large, and 15 to
16c. for strictly medium scaled. Old
pickled Salmon are all sold out. No re-
ceipts of new. Fresh Salmon have been
selling at 12 to 14c. per lb.

Immigration to Canada.
The Montreal Times says that immigra-
tion to Canada shows a decided improve-
ment this year, as well in number as in
character. During May 5,200 persons left
Great Britain destined to the Dominion, as
against 4,283 in the corresponding month
last year, besides whom a goodly company
enter our Northwestern through the United
States. In the five months of the year
11,144 persons have sailed to Canada
from Great Britain. We learn from the
Winnipeg Free Press of Wednesday last
that "the immigration boom is increasing."
The following is the report for the last
week: Monday, 38, Tuesday, 77, Wednes-
day, 2, Thursday, no train, Friday, 150,
Saturday, 91, a total of 405, as against 181
the previous week. From now on there
promises to be a great rush, such as has not
been seen since boom days."

Horsford's Acid Phosphate.
FOR OVERWORKED FEMALES.
Dr. J. P. Cowan, Ashland, O., says: "It
proves satisfactory as a nerve tonic; also in
dyspeptic conditions of the stomach, with
general debility, such as we find in overwork-
ed females, with nervous headache, and its ac-
companiments."

Of the 408 senators, members and territorial
delegates who compose the United States
Congress, 72 are Methodists, 63
Baptists, 41 Episcopalians, 37 Presby-
terians, 36 Catholics, 15 Unitarians, 8
Lutherans, 10 Christians (Campbellites),
and 2 Quakers, making a total of 283 who
are actively connected with some Church
organization. This leaves 125 who either
never belonged to any church or have
drifted out of such associations.

The Rev. Mr. Carroll (colored) of South
Carolina, made a begging speech at Ashbury
Park, in which he said: "This is my first visit
to the North. I have always been told
that Northern men are more generous than
Southern men and that Southern ladies are
more beautiful than Northern ladies." The
men laughed but not a woman gave a cent.
An experiment to test the speed of the
swallow's flight has just been made at Paris.
Two hen birds were taken from their
broods, carried to Milan, and there released
at a given hour. Both made their way
back to their nests in thirteen hours, which
gave their rate of speed at eighty-seven and
a half miles an hour.

A three-year-old girl fell from a balcony
on the fourth floor of a Hartford house the
other day, but struck squarely across a
clothes line stretched from the third floor,
and the rebound threw her into a balcony
there, almost unhurt.
Thomas Short Reed, senior member of
the Toronto Stone Company, was instantly
killed in the company's yard, at noon, on the
23rd, by a heavy stone falling on him
through the breaking of a derrier rope.
Both legs were broken and skull fractured.

A despatch from the Pragus, Bohemia,
states that a ferry boat capsized while
crossing Sazawa river, throwing 50 persons
into the water. The exact number of
drowned has not been ascertained, but 25
bodies have been recovered.
The largest four masted schooner ever
built in the United States was launched a
few days ago from the yard of the New
England Shipbuilding Company, Bath, Me.
Her tonnage is nearly 1,500.
