A., rector of the Quebec High School, has been unanimously elected a Fellow of the Educational Institute of Scotland, an honor seldom obtained, and therefore all the more highly appreciated by teachers on this side of the Atlantic. THE Dog Act. - The St. John "Sun," referring to the recent destruction of sheep near this city, says: - "If sheep raising is to be carried on profitably, in these Maritime Provinces, something must be done to thin out the dogs both in city and country. The Provinces are overrun with worthless dogs, the owners of which have no use for them and which, starving at home, must live somewhere. Stringent legislation is needed on the subject."

THE market to-day was fairly well attended. Sales were brisk at the following prices: Beef (small) per lb. 5 to 12 cents; do, (quarter) 4 to 7 cents; Mutton per lb 4 to 8 cents; Lamb per lb 4 to 8 cents; Veal per lb 3 to 7 cents; Ducks each, 20 to 30 cents; Fowls each 15 to 20 cents; Chickens per pair 25 to 50 cents; Butter (fresh) 18 to 24 cents; do (tub) 16 to 19 cents; Eggs 22 to 24 cents; Hay per cwt 35 to 50 cents; Potatoes per bush 40 to 45 cents; Flour per cwt \$3.25 to \$3.50; Oatmeal per cwt \$3.25 to \$3.50; Oat per bush, 36 to 40 cents; Geese each, 40 to 55 cents; Sheepskins, 60 to 80 cents; Pork per carcass, 7 to 8 cents; do, small 8 to 11 cents; Turkeys each 70 to 90 cents; Turnips, 18 to 19 cents per bushel.

THE Patriot of last evening has a satirical article headed the "Dog Act." It says that the destruction of Mr. Holman's sheep and those of the Government farm, "were committed outside of the city, and of course beyond the jurisdiction of the corporation." Just so. We are not aware of any sheep being owned inside of the city limits; and unless our city fathers become shepherds, and turn Victoria Park or the Market Square into sheep walks, the dogs of the city will be obliged to practice their art on the sheep of those who live in the country. The humorous editor goes on to say "If there had been a proper officer in the Royalty whose business it would be to look after prowling dogs, city dog owners would find it necessary to keep their dogs from wandering, or be prepared some fine morning to hear of their being shot or imprisoned by the dog reeve." Well, this is very good. No doubt if there was a proper officer in the royalty, whose business it would be to look after our Arab population as they retire to the woods to conceal their plunder or enjoy their drunks, these gentry would find it necessary to complete their orgies in some other direction. In its attempt to be funny at the expense of the corporation, the Patriot should be careful not to insinuate that His Worship and the City Council are incompetent to discharge the duties which their fellow-citizens have imposed in them.

The Cabinet had always considered that its powers would expire with the last chamber. Previous to retiring he would give what explanations were considered necessary, that the sooner the debate commenced the better. The discussion was then fixed for Saturday.
