

left the ranks of his Government, the denunciated them for so doing, and for no standing by him to the last, in maintaining his Government. He (Mr. F.) would conclude his remarks by saying that in all parts of the County Mr. Campbell and himself had received the hearty support of the electors, and that he felt sure that they would be returned to Parliament with a handsome majority of the votes of the people. (Loud and prolonged cheers.)

Mr. WELSH remarked that he had listened with pleasure to the different speeches. There was nothing in them to reply to, and he would not go into them minutely. It was certainly a blessing that we had a Davies on the Island, as if we had not there would have been no speeches. When he (Mr. W.) received the invitation to be here to-night he was twenty miles away engaged in the very profitable occupation of canvassing votes. Although he had been a candidate in several by-elections, this was the first general election he had run. In former elections the Government candidates all talked free trade—we never heard a word about the N. P. until to-night. We have not yet got reciprocity. As a result our farmers are great losers. They have to pay high duty on horses and other exports. If we cannot get reciprocity he (Mr. W.) did not know what would become of us. A few years ago a joint resolution was passed by the Local Government in reference to the Fishery Award, and a delegation went to Ottawa in connection therewith. They got nothing. The delegation next went to England, and on their return told us they had got the ear of the Government. A few days ago they again went to Ottawa. What did they get? Did they get another ear? Mr. Ferguson explains the decay in shipbuilding by saying that steamers have superseded sailing vessels. No wonder this is so when a discrimination is made by the Government which subsidizes the steamers; the sailing vessel has to give way for the steamer every time. The fisheries matters should be settled at once. The farmers could not get living prices for their produce. We paid for our railway as well as Quebec paid for its railway, and have just as much right to a refund as has Quebec. Sir John was forced to pay Quebec's claim because he could not get along without the support of the Quebec members. Mr. Blake moved and Mr. Davies seconded that P. E. Island have the same privileges as Quebec. But the resolution was lost. If the Liberal party comes into power he (Mr. W.) would go for that resolution. The Liberal party voted for it then, and he thought, would do so now. About this subject, the scheme stuck in his gizzard. God help us if we have to wait until we get it. While in Ottawa he had been well received by Sir John and his associates. He had been in business for about fifty years and thought he knew the wants of the people. He was in the field for what he was worth, and would cheerfully bow to the voice of the people on election day.

Mr. L. H. DAVIES replied briefly to some of the points in Mr. Ferguson's speech, and Mr. Ferguson followed with a short defence of the statements he had made. DR. JENKINS then came forward in response to repeated calls, and appealed to the Liberal Conservative party of Queen's County to stand united and to fight vigorously in defence of the Liberal Conservative party of Queen's County, and of the grand old chief who, out of a number of scattered provinces, had formed and wedded together, this great Confederation, destined, as he believed, to become one of the most splendid empires of the world. (Great applause.) Mr. L. H. DAVIES moved, seconded by Mr. Ferguson, that the thanks of the meeting be given to the Chairman, W. E. Dawson, Esq. Carried unanimously.

LETTERS TO THE EDITOR.
Ruffianly Snowballing.
Sir,—I think it a great shame that the citizens cannot pass our streets in safety without being snowballed by some ruffian or ruffians, particularly on Pownal Street. While passing through there to-day I received several blows on the head; and I think the police should keep watch on those boys, not only on Pownal but on all other streets.
Yours truly,
SCROOGLIBL.

Charlottetown, Jan. 21, 1887.

EVERY woman knows them. The human body is much like a good clock or watch in its movements; if one goes too slow or too fast, so follow all the others, and bad time results; if one organ or set of organs works imperfectly, perversion of functional effort of all the organs is sure to follow. Hence it is that the numerous ailments which makes woman's life miserable are the direct issue of the abnormal action of the uterine system. For all that numerous class of symptoms—and every woman knows them—there is one unfailing remedy, Dr. Pierce's favorite prescription.

The police of Chicago stopped a funeral to investigate the singular series of circumstances by which a man could collect insurances on three wives and now put in a claim on a stepdaughter, all of the policies being in one association.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little shrub will be as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gum, allays all pain, regulates the bowels, and is the best known remedy for their use, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

PRINCE COUNTY.

Liberal Conservative Candidates Enthusiastically Received at Summerside!

MEETING IN MARKET HALL.

PARTY ORGANIZATION!

SUMMERSIDE, JAN. 21.
Hon. Mr. Lafarge and Mr. Hackett, on arrival at the station last night, were met by a large and enthusiastic assemblage of supporters. A meeting was subsequently held in the Market Hall. Strong speeches were delivered by candidates, R. H. McDonald and others. Committees were organized and a vigorous campaign is now being carried on with every prospect of success. Mr. Hugh J. Massey was appointed chief Secretary, who, with his assistants, may be found during the campaign at the committee rooms, in the old Custom House, to render information and assistance to electors and sub-committees throughout the county.

ACROSS THE WATER.

GOOD NEWS FROM WESTMORELAND.

SACKVILLE, N. B., Jan. 20.
The Liberal-Conservatives held an enthusiastic meeting here to-day. Fully 300 persons were present, and the representative character of the Convention was such as to ensure success for the party beyond a doubt. Josiah Wood was nominated unanimously. A feature of the meeting was the speeches of Dr. Gaudet and Hon. Mr. Richard. Representative French-Canadians denouncing the Riel cry and praising the Government of Sir John for its fair treatment of all races and creeds. The Convention was also attended by many leading Irish-Catholics, showing that the miserable attempt to put them against the Government has utterly failed in this County at least. The friends of the Government in Westmoreland are thoroughly united and are going to double Mr. Woods majority.

A TERRIBLE AFFAIR.

A Murderous Mother.

CLEVELAND, Ohio, Jan. 20.
Farmer Cabaleke left his home near this city this morning at 7. Mrs. Cabaleke, directly after breakfast, sent two of her sons on errands. When they returned they found James, aged 13, in the water-closet bleeding from sixteen wounds in his side. They hastened away and returning with another brother forced their entrance into the house. They discovered Toney, aged 8, bleeding from a dozen cuts in the left side. On the floor near by were Mamie, 5 years old, Antoinette, 3 years, and Willie, 3 months old, all dead from dreadful stabs near the heart. A hunt was made for the mother. She was found in the cellar hanging from a rafter dead. She had killed her three children, mortally injured two others, and had then suicided. The two children who were still alive will die. No cause for the terrible deed is given. The husband does not think his wife was insane.

Ottawa News.

OTTAWA, Jan. 21.
The statement circulated abroad that Mr. Chapleau has resigned, is untrue. An effort has been made to induce the Premier to run in Kingston, but he will stand in Carleton. The Liberals to-night nominated A. F. McIntyre and D. St. Jean.

A Murderous Deed.

JERSEY CITY, N. J., Jan. 20.
A number of boys playing in an open lot were fired on by Pinkerton's men this evening, and Thomas Hogan, 16 years old, a looker on, was killed. The boys jeered at the detectives and then began pelting them with snowballs. Several detectives were arrested on suspicion of murder.

Grand Rally in St. John.

ST. JOHN, N. B. Jan. 21.

Robbery and Murder.

WHITE PLAINS, N. Y., Jan. 22.
Two robbers entered the store of George Meade, in this place to-night, and in a struggle shot young Meade dead and then fled. Being pursued the robbers took shelter under a bridge, and when about to be arrested each shot himself dead.

PHILIP MURRAY, of this city, met with an accident on Monday last, as a result of which he will likely occupy a couch at the City Hospital for some weeks. On the forenoon of that day Murray, in company with a man named Fitzsimmons, was engaged digging a well on the premises of John McKenzie, at Fort Augustus. Murray got into the bucket and was about to descend into the well when the rope broke and he was precipitated to the bottom—a distance, he says, of about 53 feet. He was taken from the well as quickly as possible, and all that could be done was done to alleviate his sufferings. This afternoon he was brought to the hospital. His left leg is fractured below the hip, and is much bruised and discolored; the right ankle is fractured and the leg bruised; there is also a deep cut over his right eye, and he is injured internally.

To the Civic Electors of Ch'town:

GENTLEMEN,—
With the approval of the great majority of the Electors who so unexpectedly and unsolicited nominated and so generously elected me in September last to the vacancy in the Mayoralty caused by the lamented death of Henry Beer, Esq., I am again a candidate for the office. Having been informed that my opponents are actively engaged in mis-representing me to the Electors upon the question of supplying the City with water, I take the earliest opportunity of stating that I am strongly in favor of the introduction of Waterworks, and as the contract for their construction by a Company has been abandoned, I shall be prepared, if elected Mayor, to cheerfully support their introduction and construction by the City Corporation, provided a majority of the taxpayers are in favor of so doing.
Your obedient servant,
T. HEATH HAVILAND.

Porto Rico Sugar.

THE good old West India raw sugar is now hard to get—for the refined article is cheaper and has almost crowded it out of the market. We often hear the remark made: "The sugar sold now-a-days is not as sweet as that we used to get years ago." Whether this is so or not we shall not attempt to say—but we do know this, that those who taste our Porto Rico Sugar declare it to be the real article, and "something like the thing." It is sweet—and no mistake, but it is dear—seven cents per pound. Can we sell it cheaper than this? Not if we are to make any profit out of it. But we have promised to give some bargains this winter, and we will begin with this Sugar, and for a little we will offer it at 6 CENTS PER LB. Now this is a genuine bargain and much below the value of the Sugar, and we expect those who want some of it to procure it without delay. It won't last long at this price.
