Common sense, Mrs. Roylance explained, means the dedication of Canadian women to the task of keeping their husbands, children and guests alive on Canadian roads.

As hostesses to their relatives and friends, Canadian housewives should be concerned with their safety, Mrs. Roylance added. She suggested that Canadian mothers and housewives could make life safe for all by heeding the following road safety tips:

1. Keep children off the streets and highways.
2. Don't press anything stronger than tea or coffee on your driving guests. Also, try serving milk, fruit and vegetable juices or hot soup all of which are so popular among many.
3. Don't allow your guests to leave during a snow or sleet storm.
4. Make sure a substantial snack and plenty of stimulating hot tea or coffee is served before your party breaks up. This will help both pedestrians and drivers to stay alert and reach their homes safely.

"No Christmas or New Year's party can be successful unless everyone in attendance wakes up alive the next morning. This, to a very large extent, depends on the hostess," Mrs. Roylance concluded.

Festive Season Can Be Happy If All Obey Road Safety Tips

GREENWOOD, B.C. — "Just before your party breaks up. This will help both pedestrians and drivers to stay alert and reach their homes safely."

H & C

Quick Lady To The Rescue!

MERCY!
Something looks familiar

Now lady, there's that man (as illustrated) walking around as if he didn't know where his next meal was coming from, and all that's the matter with him is that he needs one of our nifty new Stetson or Brock Hats.

It never even occurs to him. Lady, it's up to you, so hurry in and let us get together. Of course you know that Stetson or Brock are the smartest hats in town. Surely we don't have to go through all that again. But that's not all, not nearly.

Every H. & C. Certificate for a Stetson or Brock Hat gets a little plastic hat in a beautiful Christmas box, free.

So you take the Christmas Box with the certificate and the little plastic hat clunking around inside it, and you hang it on the Christmas tree. Then he comes in after Christmas and picks out the exact hat he wants, and, the minute his back is turned, you throw the old one in the ash can.

So come along right away, he'll be pleased, you'll be pleased and we'll be pleased—and you'll be able to take him along with you when you go out. Imagine what he'd say to you if he ever caught you wandering around with a hat like that. My word, men are so helpless.
