**Tignish Man Charged With Store Break**

A Tignish resident was charged with breaking, entering and theft before Justice of the Peace Howard Clark at Alberton yesterday and remanded in custody until Tuesday, April 1st, when he will appear before Magistrate R. S. Hinton in Summerside.

The arrest was made following an R. C. M. P. Police investigation of a break into the Tignish Co-Operative Store last Thursday night. A sum of money, several cigarette lighters, watches, bracelets, costume jewelry and other articles were stolen during the break and considerable damage caused to the interior of the store.

**MEAT INDUSTRY**  
Canada in 1956 had 154 meat-packing plants employing more than 24,000 workers.

**S'SIDE HIGH SCHOOL KING AND QUEEN**

The 1958 King and Queen of Summerside High School are seen in the lead car of a large motorcade that drove through Summerside streets in a parade of revelry that announced to the citizens the winners of this year's voting by which manner the king and queen are elected. King Billy Pineau, a grade twelve student and Queen Ann Leard, a grade eleven student are seen

in an open convertible as the parade moved along Water Street yesterday afternoon. Billy is the son of Mrs. Elmer Pineau, Summerside and the late Mr. Pineau, and Ann is the daughter of Mr. and Mrs. Hector Leard, Bedeque. This year's princesses are Gail Hancock and Lillian Ann Hogg, while the princes elected are Jack Gallant and Joe MacIntyre.

(Continued from page 1) potatoes were grown during that year.

Mr. Myers: "It's a slick way to get around it."

**REFORESTATION**

Turning to reforestation, the

minister said that the regeneration of Island forests were at such a rapid rate that there was little need for reforestation. He said that from the best information obtainable, the annual cut from Island forests, including firewood, lumber, and pulpwood is about 135,000 cords while the regeneration rate is in the vicinity of 130,000 cords. He said that land which is not cleared after cutting is not greatly effected by erosion. Any loss of water, he said was quickly compensated for by the rapid rate of new growth.

**PULPWOOD PRICES**  
In regard to pulpwood prices, the Minister said two years ago prices were ridiculously low and after an investigation had been made of prices paid in New Brunswick and Nova Scotia, considerable improvement was noted.

Depressed prices for pulpwood seem prevalent throughout the Maritimes at present, Mr. Cullen reported. He could not explain why this was but noted that large holdings were in evidence in many parts of Nova Scotia and New Brunswick.

The Minister reported that the Island has had the biggest crop of potatoes in its history during the past season. He said this information has been closely guarded because it would not have been beneficial to the price had it been known earlier. To give an idea of the size of the crop, he said more than 1,000 extra cars were shipped during the month of January and February.

**HISTORY MADE**

Mr. Cullen said the Island last year made history on two counts: It was the first time an Islander had competed in a world plowing match when Stanley Willis of Cornwall made a creditable

**Western Ladies Entertained By Y's Menettes**

The regular monthly meeting of the Summerside Y's Menettes was held in the Y centre of Wednesday evening March 26th. There were thirty members present and twenty-one visitors. The president Margaret Hopkirk welcomed the visitors which included the ladies from Western Canada whose husbands are working in this area.

After a short devotion and grace by Verna Phillips the members and guests enjoyed a very hearty pot luck supper. A sing song has conducted by Hope Cameron with Eleanor Lapp at the piano.

During the short business meeting a committee was appointed to make arrangements for the Hi-Y dinner Saturday April 12. The treasurer Margaret Hunter gave a very encouraging report. A new Y's Menettes,

showing against the Y's best. The second "first" referred to by the Minister was Garth Coffin's winning of the T. Eaton Scholarship which entitles him to four years at any agricultural college in Canada. He said the judges informed him that from the very first there was no doubt that the Mount Stewart boy would be the winner.

The Minister was pleased to see that Island potatoes made such a good showing at the Maritime and Royal Winter Fairs. He said Island potatoes were easily recognized by the red tint of Island clay and while the potatoes of other provinces are allowed to be washed, inspectors insist that the red tint of Island potatoes be allowed to remain.

**Liberal Rally Is Held At S'Side Restaurant Last Night**

"Happy days are here again" seemed to sum up the mood of the large crowd of people who gathered last evening at the enthusiastic Liberal rally held at the Summerlea Restaurant at Summerside East.

With Charles Linkletter as master of ceremonies and Mr. Allison MacLean as song leader, the huge gathering literally lifted the rafters as they sang the theme song of the evening "Happy Days". Dr. Roy Grant, provincial representative of the National Liberal Association, who demonstrated that he could handle a mike as well as any Ed Sullivan, kept the audience in high good humor with a line of stories that really rolled them

in the aisles. Mr. J. Watson MacNaught, the Liberal candidate, received a fine welcome when he took over the microphone and in a short address exhorted all the poll workers to get out and work on March 31st.

"The word enthusiasm is certainly the keynote of this rally," he said, "and so let us retain that fine enthusiasm until the crucial time when your vote will mean victory for the Liberal party on March 31st."

At the conclusion of his speech Mr. MacNaught was tendered a standing ovation for which he thanked all his supporters. The balance of the evening was spent in dancing to the music of Lowell Huestis orchestra. Before and during the dance lunch was served to all present.
