TORONTO (CP) — The stock market Thursday scored its best gain in four sessions as prices climbed higher, following the pattern set by Wall Street. Trading, however, continued at a slow pace all day.

The industrial index jumped five points at key issues moved up in a three-point range. Western oils were more than a point higher on index and base metals added nearly a point. Golds, down for most of the session, rallied at the close to post a moderate advance on index.

Falconbridge led senior base metals with a 1⅛-point advance to 24⅜. Other seniors added fractions. Campbell Chibougamau climbed 40 cents to $5.30 to pace lower-priced mines. McIntyre was up 2¼ points to 70¾ among senior golds.

Western oils didn't have as many prominent price changes as the other sections but their gains outnumbered losses three-to-one. Most gains were held to 15 cents or less.

Index gains: industrials 5.04 to 407.31; golds .34 to 70.19; base metals .89 to 152.21; western oils 1.18 to 130.83.

Cabbie Makes 2,100 Mile Trip

HAMILTON (CP)—"Where to, ma'am?" asked cabbie Don Oakes as a middle-aged woman got into his car outside the Royal Connaught Hotel the other day.

"Moncton New Brunswick," she replied.

Four days and 2,100 miles later Oakes is back from the trip with a $300 fare in his pocket and the status of a celebrity among local cab drivers.

"I'm tired but richer," he said Tuesday.

He doesn't know the name of his passenger—she was French-Canadian and he had trouble understanding her.

"All I know is she was born in Moncton and won a beauty contest when she was 18. She had a lot of money with her."

She changed her mind twice about her destination. Before leaving Hamilton she said she wanted to go to Edmundston, N.B., instead.

"I thought she said Edmonton and I bought a couple of snow tires before we got it straight."
