To Athletic Department

SDUSU gives away \$32,000

It has been decided by the SDUSU Executive and Board of Governors that the \$32,479.01 in SDUSU assets will be given to the Athletic Department.

The specific conditions of the turnover are that the Department use the money for renovation and extension of the UPEI rink, and establish within the rink a "Hall of Fame" for former SRU and PWC figures, in memory of the SDUSU.

The decision, which has generated a lot of controversy in the last two weeks, was made last Sunday night after it had dragged on all year. This was due in part to the fact that the SDU board did not give the SDUSU its money from the sale of the former SDU

(now Malpeque) Coffee Shop until January of this year.

Tuesday night another meeting was called by SDUSU President Ellen MacDonald and Bill LeClair to consider a new alternative — including the Hall of Fame in the proposed UPEI Student Union Building, and donating the money to the SUB fund. At that meeting, a motion to reconsider the decision was defeated after lengthy debate, although it is reported that opposition to it was much greater than at the Sunday meeting.

Other proposals considered Sunday were for giving the money to the UPEI SUB fund, or giving it to the UPEI library.

It is understood that the library was rejected because Merritt Crockett, Head Librarian, informed the group that he had enough money to purchase shelve books, but not enough staff and space to handle as many as he could afford to buy. The library wanted the money to buy a collection of rare books.

The reason for the rejection of the SUB proposal is not clearly known, but may be revealed when Miss MacDonald explains the reasons behind the SDUSU move tonight.

Tonight will also be the date for the payment of the funds.

Members of the SDUSU Executive, council and Coffee Shop BoG who made the decision are Ellen MacDonald, Joe Mullally, Mike White, Maureen Hughes, Bill LeClair, Ron

Jackson, Ron Hickey, Richard Montigny, Julia Mitchell, Derek Gee, Joan Sutherland, and Pat Donahoe.

SDUSU PRESIDENT ELLEN MACDONALD

Keaveny promoted

by Auschwitz Aardvark

CHARLOTTETOWN (CPS) — Word has filtered down through the elitist upper echelons of the people's paper of the recent appointment of John Keaveny to the position of apprentice cub reporter (3rd class).

Keaveny, ex-UPEISU hotshit, was happyglad-elated and like that at the news. As he put it "After losing the only job I have ever been qualified to fill, I am happyglad-elated and like that at the news that I will be given one more chance to prove myself in a more powerful and responsible position. I would especially like to thank Editor Hornby, who has been like a father to me. I only regret that I have but one life to give for my SU and CADRE."

Keaveny, whose exact duties with the paper have not yet been run down to him by the august personages of the Editorial Board, should fit in quite well within the free-swinging CADRE structure, especially since (according to the unimpeachable evidence of informed sources in the Coffee Shoppe) he has been actually running the paper all year anyway — even before his promotion out of the President's palatial suite of offices at 285 Kent.

So-called news editor Den-Den MacKay refused to comment because he does not like working hand-in-glove with petit-bourgeois retired campus bureaucrats.

As he so neatly put it, "I refuse to comment because I do not like working hand-in-glove with petit-bourgeois retired campus bureaucrats."

Insiders predict a stormy working relationship for the two, based on MacKay's Freudian slip of calling the PBRCB "Daddy".

Where Beaky fits into the whole scene is not yet known.
