Now is the time to Renew Subscriptions and Subscribe

ONE of the most prominent questions to be agitated is that of improved communication with the Mainland during winter and summer.

TERMS OF UNION. SECTION 7.—That the Dominion Government shall assume and defray all the charges for the following services, viz:

As heretofore, THE EXAMINER will, in 1882, advocate the introduction of improvements calculated to advance the interests of Prince Edward Island, in particular, and the great Dominion of which we form a part, in general.

THE EXAMINER is in favor of cutting down the Local Legislature, consolidating the Local Civil Service on a sound business basis, maintaining a system of rigid economy in the administration of local affairs, and applying the money thus saved to the advancement of the Agricultural and Industrial interests of the Province.

THE EXAMINER'S policy shall be, as it has been, first National and then Political; first for the Island, next for Canada, and then for the Party by which both are governed.

Articles on Practical Agriculture will form a prominent feature of THE EXAMINER during 1882; and our columns will, as heretofore, be well filled with news and interesting miscellany.

SERIAL STORY. We shall at once commence the publication (by request) of Captain Mayne Reid's celebrated story—THE WAR TRAIL. This has been pronounced one of the most thrilling romances of adventure ever written.

Now, therefore, is the time to subscribe.

Resources of Quebec.

In an address presented to Sir Charles Tupper while at Quebec interesting references were made to the Province of Quebec, north of the St. Lawrence. In this immense region, extending from the River Ottawa to Labrador, there are nearly 100,000,000 acres of land, of which close up to 50,000,000 are fit for settlement.

"In fact from the EXAMINER'S elaborate description of improvements and condition of the road, one would suppose the line to be the cheapest and cheapest in America. It is scarcely to be wondered that the country should be cursed with badly managed public works and extortionate railway tariff when a servile trucking press is found to uphold the worst action of a government, in consideration of bread and butter. Gratitude is a virtue which the EXAMINER seems to possess to an extraordinary extent—Pioneer, Nov. 23.

We challenge the Pioneer to prove that THE EXAMINER'S report of the improvements and condition of the Island Railway is wrong in any essential particular.

It is an easy and comparatively safe thing now-a-days to call a man a liar and truckler; it is another thing to prove him one.

The Pioneer deliberately informed the public last week that the Hon. Jos. Pope was superannuated, and that his nephew had been appointed to the position of Auditor and Keeper of the Savings Bank.

Every man who visits the Savings Bank can see that the Hon. Joseph Pope still occupies his office; and that his nephew is not there.

Will the Pioneer withdraw this one of its false statements? We shall see.

"Farewell, Old Friend."

The departure of Robert Longworth, Esq., from our midst, to reside near his son Israel Longworth, Esq., at Truro, Nova Scotia, has at length occurred. We have been so long accustomed to the kind and genial manner of this good man that we looked upon him as one of the permanent landmarks of this city.

We notice, with great pleasure among the many tokens of remembrance which were doubtless presented to him, one which (though not intended for publication) we are glad to record, as follows:—

DEAR BROTHER,—As you are about to take up your abode in another Province, we are impelled—in consideration of your long and faithful services as a Class Leader and Trustee of the Wesleyan Church in Charlottetown—to record our high appreciation of your past efforts in building up and extending the Kingdom of Christ.

For Mrs. Longworth and yourself, we shall cherish the highest regard, and pray that you may be spared for still greater usefulness before being transferred to the Home above.

CH'TOWN, Nov. 16, 1881.

Great Liberal-Conservative Convention at Toronto.

OVER ONE THOUSAND DELEGATES IN ATTENDANCE.—GREAT SPEECH BY SIR JOHN A. MACDONALD.

TORONTO, Nov. 22.—The great Provincial Convention of Liberal-Conservatives met in Shaftesbury Hall this afternoon. Over 1000 delegates were in attendance. Mr. James Turner, of Hamilton, was called to the chair, and on the platform among others were: Sir John Macdonald, Sir Alexander Campbell, Hon. D. L. Macpherson, Hon. Mackenzie Bowell, Hon. Jno. Carling, and Hon. Mr. Aikens.

who was looking extremely well, was called upon. On rising he was received with thunders of applause. He contended that the Government had faithfully carried out the promises made at the last general election, and pointed with pride to the prosperous condition of the country under the National Policy.

A GRAND BANQUET will be tendered to Sir John in the Horticultural Gardens Pavilion, at which over 1000 persons are expected to be present. Sir Leonard Tilley and Lady Tilley arrived here to-night. The former did not attend the Convention, but will to-morrow.

SIR,—Early last summer a paragraph appeared in your journal, relative to the burning of the property of Jas. G. McLeod of this place, in which words, somewhat like the following, were used:—"suspicion points strongly to a fiend in human shape, who repeatedly threatened to commit the deed," etc.

THE Cape Ann "Advertiser" reports that during 1881 four vessels have been lost in the Bank fishery, two with crews, numbering 25 men, one each in herring, shore and mackerel fisheries. The seven vessels were valued at \$29,000; insurances \$29,493. Eighteen men have been washed overboard or lost in dorics making a total loss of 43. The annual loss of life in Gloucester fisheries has fallen below 46 twice only since 1866.

Much complaint is being made in Salt Lake city of the extravagance of Brigham Young's successor, President John Taylor. He is expending about seventy-five thousand dollars in furniture for his palace, while his poor dupes dress shabbily and live poorly.

Personal.

THE Empress Eugenie is said to be writing her memoirs. JOHN WALTER, of the London Times thinks that before the close of the next century the United States will have a population of 200,000,000.

THE Princess Beatrice's birthday book is published. It consists of twelve tastefully arranged groups of garlands, suitable to the months they represent, with a quotation from the poets. The illustrations are her Royal Highness's own designs. It is greatly praised.

Lady nursed in pomp and pleasure. Whence learned you that heroic measure, asks, "How did the Princess learn to draw so truly and so well?"

THE ex-Empress Eugenie is adding eighteen rooms to her new residence at Farnborough. There is to be a room fitted up exactly the same as the one occupied by him at Clarendon Place. The idea seems to have been taken from the dressing-room of the Prince Consort at Balmoral, which remains the same as when he was alive. His hat and gloves are on the table, and an effigy of him is also on the table.
