

A Justice's First Charge.

He said:—"Gentlemen of the jury, charging a jury is a new business to me, as this is my first case. You have heard all the evidence, as well as myself; you have also heard what the learned counsel have said. If you believe what the council for the plaintiff has told you your verdict will be for the plaintiff; but if, on the other hand, you believe what the defendant's counsel has told you, then you will give a verdict for the defendant. But if you are like me, and don't believe what either of them have said, then I'll be blown if I know what you will do. Constable, take charge of the jury."—Medical and Surgical Reporter.

Lots of Beaux.

She was young, she was green, she was very new in Washington. At a recent swell affair she had gone with the crowd into the refreshment-room. Presently an elegant looking waiter, for all the world like a foreign ambassador, bowed politely before her and murmured: "Is there any one waiting on you, miss?" "Sir? sir?" she stammered, in startled embarrassment. "Pardonnez moi. Is there any one waiting on you?" "Oh!" she said blushing brightly. "No sir, not in Washington. But when I'm at home I've got more beaux than any other girl in town."

A Philadelphia paper says that the churches of that city pay less for music than do any others in the principal cities of the United States. It is estimated that nearly \$200,000 is expended annually upon the choirs of the 662 churches of Philadelphia, which would show a cost for each choir of about \$300 a year. The paper asserts, however, that the majority of the choirs do not cost even that amount, and that the cases are very rare where organists are paid \$1,000 or over, and solo singers more than \$500 or \$600.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and he little shrub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. [Feb 4 sod wky]

To the Farmers of Prince Edward Island:

THE Subscriber begs to announce to the Farmers of P. E. Island that he is prepared to supply them with a new and greatly improved WHEEL HARROW, which he warrants to be superior to any implement of the kind in the Dominion of Canada. The great advantage of this Harrow over anything else of its kind, consists in the axles being completely protected from the dust and earth, thereby greatly lessening the wear and lightening the draft. The Harrow has been pronounced by the best judges to be the best yet introduced to the farmers of this Province. Patented 1st August, 1885. Has already been awarded first prize at our Local Exhibition. For further particulars apply to D. McKenzie, Agent, Charlottetown, or to W. A. MARTIN, Milton, Lot 61, Patentee.
