

Current Notes.

Though the Czar is in misery he does not love company. The 217 native papers of India are trying to form a press association. Money is the great enigma of the age. Everybody is compelled to give it up. The first street railway in the world ran from Canal to Jackson street, in New Orleans, in 1845. Mahogany, ebony, rosewood and cedar are used as fuel by the poorest in some parts of Mexico. In the profession of journalism the man with a poverty of ideas will soon have some idea of poverty. The New Orleans Picayune estimates a profit of about \$400,000,000 for the Americans who built the railroads of Mexico. "Can a man marry on \$7 a week?" asks an exchange. Ay, marry he can; but he won't, unless he's a fool or a knave. One peculiarity of the wild-geese is that if its mate dies it never takes another. In this respect a goose should be a synonym for common sense. Four pounds of gold, worth about \$1,000, were collected from the soot adhering to the inner linings of the chimney of the Royal Mint in Berlin. It will surprise some to hear that Pennsylvania has 80,589 persons employed in getting about 30,000,000 tons of coal annually from her 339 anthracite mines. People living in railroad towns in a circuit of 30 miles of Rochester, do their shopping and marketing in the city by telephone, and the trains deliver the goods. A British oculist, writing for a London medical journal, says that as culture of intellect increased the human eye grows smaller, and gazelle-eyed Syrians and ox-eyed Junos vanish from s'cely. The cherry tree which Mr. Gladstone felled in a snow storm during the Easter recess has been presented to the Burslem Liberal Club, whose members purpose holding a bazaar in September next, and intend to have a number of articles made of the wood from the tree. John Hall, a potted-meat manufacturer in London, Eng., has been arrested for having five pieces of donkey flesh for sale on his premises. Twenty-six tin cans filled with partly boiled flesh of the same description were also found there. John was sentenced to a month's imprisonment. A fashion journal says the latest freak is to fasten a fichu of rare lace with a quantity of small animals in diamonds, such as tiny frogs, crabs, flies, pawns and spiders. It gives the rest of the company a truly delightful sensation—that is, if it is all imaginative—to look at the collection. The Great French Remedy, Dr. LeDuc's Periodical Pills.

For the cure of Leucorrhoea or White's Excessive of painful Menstruation, Green Sickness, Falling of the Womb, Catarrh of the Uterus or Vagina, Hysteria, Pain in the Back, or Piles, or for the purpose of invigorating and giving tone to the Generative Organs, two pills should be taken twice daily, or in very enfeebled conditions, one pill three times a day. To effect cures in chronic cases it will be necessary to continue the use of the remedy for some months. A reasonable trial will create sufficient confidence in the remedy to insure its being taken until a permanent cure is effected. STARR'S KIDNEY PAD CO., 31 King Street, West Toronto, All Druggists.
