Edison, F. Hopkinson Smith, H. B. Hoynes, Alphonse Danlet, Camille Flammarion, Edward Everett Hale, Professor Graham Bell and many others, have furnished material for especially prepared interviews, which will appear fully illustrated in this magazine.

NATURAL HISTORY AND ADVENTURE.—There will be several articles written by Raymond B. Plathway, who has been called by Mr. W. T. Stead the best interviewer in England, from material furnished him by Carl Hagenback, of Hamburg, the great animal importer and trainer. These articles deal with the Capture of Wild Beasts, the Training of Wild Beasts, the Transportation of Wild Beasts, the Adventures and Escapes of Carl Hagenback. The series will be illustrated by an English artist of great skill in drawing animals.

JOHN BURROUGHS, C. F. HOLDER, DR. C. C. ABBOTT, and other writers famous for their work in this field, will contribute to the Magazine.

Of interest to both Young and Old will be PROF. R. L. GARNER'S AFRICAN EXPEDITION TO THE GORILLAS. Arrangements have been made, in connection with a leading English review, to publish Professor Garner's letters descriptive of his present expedition to Africa. Professor Garner is noted the world over for the curious and interesting investigations he is making in the speech of monkeys. He sailed for Africa last September for the purpose of further pursuing his studies in the native haunts of the gorilla. The illustrations of these articles will be from photographs taken by Prof. Garner in Africa.

McCLURE'S MAGAZINE also contains most interesting articles under the heading, "The Edge of the Future," "Newest Knowledge," "Knowledge of Immediate Value," "Present Hour," "Stranger than Fiction," etc.

In the Valley of Death

A Marvellous Escape!

A Member of a School Board Said

A Statement Endorse! by Two Prominent Clergymen!

MR. JOSEPH ROLSTON.

Mr. Joseph Rolston, of Nison, Norfolk County, Ont., is a well-known farmer, and one of the most prominent men in that part of the county.

As a member of the local school board, he is attentive and hard-working; as a citizen, he is earnest, devoted and sincere; as a friend and neighbor he is kindly, courteous and beloved by all in the community.

For a considerable time Mr. Rolston was afflicted with dyspepsia, which became so severe that it produced nervous prostration and delirium.

The sufferer's condition was extremely alarming, and relatives and friends were fearful of results. Four skilled physicians labored honestly and faithfully to bring back health and strength, but all their efforts were vain and fruitless.

Under the guidance and direction of a merciful Providence the Dr. H. Paine's Celery Compound was suggested to Mr. Rolston, and he was persuaded to give it a trial.

Shortly after using the Compound a marvellous change was experienced; in a word, a complete cure was effected, and the use of four bottles of nature's great life-giver.

Mr. Rolston, for the benefit of suffering humanity, writes as follows:

"It gives me great pleasure to add my testimony to your preparation known as Paine's Celery Compound, which is ever increasing in popularity. It is now a year past since I had a severe attack of nervous prostration caused by chronic dyspepsia, and for a year I could not sleep at night. This condition of sleeplessness brought on delirium. I was attended by four of the best doctors of the country, and took a great quantity of medicine, but all failed to do me any good. Having been persuaded to read your book I bought I would try your Paine's Celery Compound, and after I had used four bottles the nervousness and dyspepsia left me, and I have done more work since than for years past. I now enjoy excellent health and consider myself completely cured. I have highly recommended your Paine's Celery Compound to others, and I know of several persons who are now using it."

JOSEPH ROLSTON, Nison, Ont.

I know Mr. Rolston, as I visited him during his illness, and can testify to the above.

T. R. CLARKE, Methodist Minister, Delhi, Ont.

I am one of Mr. Rolston's nearest neighbors, and have been acquainted with him for many years. I can testify to his illness, and believe the above statements to be correct.

D. WILLIAMS, Methodist Minister, Nison, Ont.

The following gentlemen, neighbors of Mr. Rolston, also vouch for his statements:—Erwin Weir, Alex. Weir, Christopher Johnson, B. C. Williams and Wm. Lind say:

A PROVINCIAL RECORD.

A Provincial Industry Takes Its Wings in the Last Three Months.

Some three months ago this journal informed its readers that a new provincial industry, that of the Hawker Medicine Company, of St. John, N. B., had been started. The first quarter's business, and that its look showed a development of trade and a record of sales that was not only gratifying but really astonishing.

Another three months has now elapsed and the company have balanced their accounts for the six months. The results show that in the last three months they have tripled the business of the first three; they have about doubled their working staff and work has been carried on in the packers room till 11 o'clock every night in order to fill orders promptly.

From all parts of New Brunswick, Nova Scotia and P. E. Island, from Newfoundland and parts of the United States, the orders have rolled in. The business is now firmly established. The experimental stage is past. Repeat orders come in constantly, showing that where once the remedies are introduced, they win permanent favors with the people, who know as soon as they have given any of them a trial, that these standard remedies are all that they claimed to be. Indeed, this last might readily be assumed without a trial, and judging solely from the character of the gentlemen who form the Hawker Medicine Co., as they are numbered among the leading citizens and most honorable and successful business men of St. John.

The Hawker Medicine Company are now patenting their remedies in Great Britain and will presently extend their operations there, as well as more extensively to the United States. About the middle of this month Thomas Rankin, who so successfully introduced the Hawker remedies in Newfoundland last spring, will start and traverse the western part of Canada, from Montreal to Vancouver in the interests of the company. With such a record as that of their first six months now closed, the Hawker Medicine Co. are evidently destined to achieve a great success. They control standard remedies, which have received the endorsement of leading physicians in Canada and the United States, as well as the fervent praise of sorely afflicted people who have by their means been restored to health.

Their place of business is at 104 Prince William Street, St. John, N. B., where they have the most extensive and elaborately fitted up premises of the kind in the Lower Provinces. William Hawker, the original inventor of the remedies, has been a druggist in St. John for 30 years, and had long proved the value of the different remedies before the present company was organized. It is with pleasure that this journal records the company's wonderful success.

THE TEST OF TIME.

William Holder, sailmaker, St. John, writes: "This is to certify that for nearly 10 years I suffered with dyspepsia, indigestion and severe bilious headaches. I lost flesh and became very weak. I was recommended to use Hawker's Tonic and Pills, and am pleased to say that they completely cured me. I gained flesh very fast, and became hearty and stronger than I had ever been, and have never suffered since, now over one year."

USE SKODA'S DISCO VERY, the great Blood and Nerve Remedy.

W. H. ROGERS, AMHERST, N. S., May 27, 1893.

THE GROSS DYSPEPSIA CURE CO.

GENTLEMEN—I am 71 years of age. I have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pain and sometimes vomiting. I have been subject to severe pains in the chest, with distress, which have been more frequent during the past three or four years. My mouth was furred up in the mornings, accompanied with bad breath. My taste was nearly growing worse.

During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement.

In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it and now I can drink cold water or milk without any inconvenience. These dizzy pains are all gone and my mouth is as sweet as a baby's. In short, your medicine has cured me and I am sure that all Dyspepsias can be cured by its use.

(Signed) W. H. ROGERS, Late Inspector of Fisheries for Nova Scotia.
