

Miners Score 4 Goals In Four Minutes To Edge Ch'town Islanders 4-3

GLACE BAY, N. S. (CP) — Four goals in four minutes of the second period gave Glace Bay Miners the edge they needed Tuesday to defeat Charlottetown Islanders 4-3 in a regular contest of the Maritime Major Hockey League.

Islanders, having a rough time this season with the Miners, scored the only goal of the first period and two in the third as they tried to get back in the game.

The power-packed second period, however, was the margin. And for Miners it was the story of one line, Fyles-Brown-Rochford.

Tom Fyles fired the first goal of the period, with an assist going to Brown. Then Brown turned in the hat trick with three successive goals in a little over three minutes. Kervin Rochford assisted on all three and Fyles and George Whyte had one assist each.

Buck Whitlock, the old smoothie, opened the scoring in the first period at the 4:40 mark to send Islanders into the lead. In the third, Bucko Trainor and Paul Sandon scored to end Islanders' effort.

He played Tuesday that Clements was heading for Sudbury Wolves of the same league. Earlier in the season both Sudbury and Sault Ste. Marie, Ont. Greyhounds claimed Clements. The dispute led the NOHA to rule the player a free agent.

Urges More Interest In Amateur Sport

MONTREAL, (CP) — Jim Worrall of Toronto, president of the Amateur Athletic Association of Canada, Wednesday officially opened the AAUC 60th jubilee annual meeting, outlining past achievements and urging more interest in amateur sport.

Delegates representing all provinces west of the Maritimes are on hand for the four-day convention, which will include meetings of the British Empire and Commonwealth Games Association of Canada and the Canadian Olympic Association.

Preparation for the 1954 British Empire Games, including selection of places and dates for trials to determine the make-up of Canada's team, is one of the most important matters to be dealt with. The games will be held in Vancouver July 30 to Aug. 7.

Successful Year Selection of outstanding Canadian athletes and presentation of trophies are also on the agenda. In his address, Worrall said: "While the past year has not been distinguished by the excitement of large-scale international competition, it had, nevertheless, been a year of considerable progress and achievement."

"This achievement reflects a new and welcome trend in the sports outlook in Canada. Agencies outside the AAUC are beginning to recognize the need for cooperation if amateur sport in Canada is going to achieve its proper place in the national community."

The new hockey players that the Islanders may have needed to turn so many of these close defeats into victories may arrive in town today in time for the big game with the Halifax Atlantics tonight. Definite word on whether or not the two new players LeBlanc and LaChance will be here for the game will not be known until this evening. They were supposed to leave Montreal yesterday. If they did they will be here before game time for they have been instructed to fly from Montreal if they feel that they can not make it by car.

The Islanders have taken every precaution to see that the players arrive on time. They wired the purchase money to the Mont Joli Club yesterday and then got in contact with defenseman Bill LeBlanc. The big blueline cop is driving down in his car and taking LeBlanc to leave Mont Joli immediately. If necessary he will leave his car in Moncton and pick it up at a later date.

If LaChance and LeBlanc arrive the Islanders will have three new faces in their lineup. Guy Gignac, the 21 year old left winger will also be making his first appearance before the home town crowd. The three players should make quite a difference in the Islanders' performance. As all rated pretty highly, LaChance and Gignac are forwards and will add scoring punch to the attack while LeBlanc can be counted upon to keep his side of the defense clear of any free-wheeling forwards.

The capabilities of LeBlanc are pretty well known while those of Gerry LeChance can not be judged until after his first appearance here. Up until last year LeBlanc was an outstanding defenseman unless he has slipped a lot since then he should be one of the best in the League. LeChance's record will have to speak for itself. He led his League in scoring for the past two seasons. The young centremen played against a lot of good hockey players in that League so he should be good in this circuit. However time will tell. It is to be hoped that we shall have an opportunity to judge the players tonight.

The Islanders haven't too impressive a record in the won and lost column yet with the exception of two games against Glace Bay. The scores have been very close. Most times only one goal has separated the Islanders from a tie or probably a win. They only need three or four new players to talk to the remainder of the clubs in the circuit and from now on they may be in a position to start talking.

Hub Beaudry, the Islanders centre ice star for the past three seasons, is having a good year with the Sudbury Wolves. Beaudry is playing on a line with Frank King and picking up his share of points. Hub was offered a chance to turn pro with Providence this year but declined the offer. He went with the Providence camp but told the Providence officials he would sit out the season if he could not play with the Sudbury Wolves.

The Charlottetown Abbies' ace forward, big Joe Coyle is a patient in the Charlottetown Hospital suffering from infection in his leg. Coyle, along with several of the other players on the Abergweit team, suffered bad leg bruises last Saturday in the game against the Saint John Mariners. He went to hospital yesterday and it is not known at the moment if he will be able to play in Sunday's crucial sudden-death game against the Glace Bay Caledonias for the Maritime senior rugby championship.

Islanders Buy New Hockey Players; Three Newcomers Should Be In Lineup For Halifax Game Tonight

The Charlottetown Islanders have purchased two hockey players from the Mont Joli club in Quebec and both players are almost certain to be in the lineup tonight when the Islanders cross sticks with the Halifax Atlantics at the Forum.

The players are defenseman Bill LeBlanc and a forward by the name of LeChance. They were ordered to leave Mont Joli yesterday by car and should be here this evening.

The Islanders along with the Boosters Club made the outright purchase of the two players. LeBlanc is a colorful, hard hitting defenseman while LaChance is a high scoring centre.

Coach "Bucko" Trainor was in a telephone conversation with LeBlanc yesterday. He instructed LeBlanc and LaChance to leave immediately by car and drive as far as Moncton. If necessary the players will fly from Moncton in order to reach here before game time.

Islanders Club President Frank MacDonald, in making the announcement of the purchase of the players, stated that strings were out for other players and that the Islanders would soon be back at their familiar spot among the league leaders.

The 23 year old LeBlanc is highly rated in hockey circles. He led his league in scoring for the past two seasons and is a boy who can put the puck in the net. Paul Sandon, who knows him personally,

claims that LeChance will be quite an addition to the club. Hockey fans will also be getting their first glimpses of Guy Gignac tonight. Gignac arrived here from Quebec City Wednesday and after an impressive work-out played with the Islanders in Glace Bay last night.

The rugged LeBlanc is reported to be the blueline better who will make the fans forget big Phil Vitale. He hits hard and often and won't hesitate to mix his checks with an assortment of right crosses and left hooks.

He knows his way around hockey circles having played with the Quebec Aces when they won the Alexander Trophy. Those who saw him play recommend him highly. He is bound to be a crowd pleaser.

The Atlantics may have one or two new forwards of their own tonight. There were reports out a Halifax yesterday that the Atlantics were being strengthened immediately on the forward line. But even if they haven't added any players the Atlantics are still a fast skating, powerful club who always give a pleasing performance.

Club officials want a good turnout of fans tonight. In addition to seeing a good game of hockey the fans will be helping the hockey club at a time when help is sorely needed.

The attendance at recent games has been disappointingly small with the result that the Islanders have been losing money. If hoc-

Blackburn On Injured List

Defensesman Larry Blackburn (above) injured his kidney last night in the game against Glace Bay and will not be able to play tonight, it was learned this morning from coach "Bucko" Trainor.

Larry decided to enter the Glace Bay hospital and remained overnight for observation. It is expected that he will be home Friday. He had been playing great hockey for the Islanders until the time of his injury, said Trainor.

Trainor was impressed with the play of newcomer Guy Gignac. "He is a good skater, stickhandles and passes well," said the Islanders coach. "The fans will like him."

Tonight Trainor plans to team Gus Gustavson with Bill LeBlanc on one defense with himself and Don MacLaughlin on the other. He will announce his forward lineup this afternoon.

"Bucko" was well pleased with the manner in which the boys played against Glace Bay last night. "They were really flying. With a break or two we would have won the game," he stated.

Spacious Quarters And New Facilities Provided For City Curling Club

The Charlottetown Curling Club has been equipped with spacious lounge rooms complete with all modern conveniences and comforts along with a new heating system and new quarters for the men and women as the result of an almost complete renovation of the building's interior during the summer months.

The extensive renovating job, carried out under the direction of the executive particularly the ways and means committee under the chairmanship of Elmer MacDonald assisted by Dr. J. C. Gallant has given the interior of the Club an entirely new look and will provide members with nearly the last word in the way of comfort and relaxation.

The renovations have been completed and everything is in readiness for the club opening which will take place around December 1. The re-decorating work has been done in a fine as well as the Club quarters. The whole interior of the rink has been painted with aluminum, a new lighting system has been installed and new scoreboards have been purchased to give the rink a bright and attractive appearance.

In the main part of the curling building new and separate quarters have been provided for the men and women. The ladies will occupy the ground floor while the

men have been allocated quarters on the second floor. The Club room on the second floor has been entirely re-decorated. It has been re-painted and papered and has been given a new hardwood floor.

A lounge room leading off from the Club room has been constructed and it has been equipped with new furniture, a new piano and a new radio.

Adjoining the lounge room is a combination trophy and card room, also on the second floor, and behind the card room is the ladies kitchen.

The ladies rooms down stairs have been fully equipped with new furniture, rugs and drapes. The oak floors made any repair work unnecessary.

An oil furnace was installed in the basement replacing the coal burning furnace of past years. Flood lights have been installed on the outside of the building for the parking lot and an intercom system has been put into operation throughout the building.

A new stairs has also been built between the first and second floors and the stairs has been constructed. The ice-making operations as in other years will be handled by Leo Victor of Georgetown.

The Club President is W. R. MacNeill. Other members of the energetic executive are J. J. Morris, R. A. Parker, Dr. J. C. Gallant, Elmer MacDonald, A. A. Bagnall, H. R. Bevan and J. S. Turner.

Jimmy Carter Retains Title With 5th Round Knockout Over Savoie

By JACK HAND MONTREAL, (AP) — Sturdy Jimmy Carter wrecked another "home town boy" challenger for his lightweight title Wednesday night when he knocked out Montreal's Armand Savoie in 59 seconds of the fifth round with one whistling right to the jaw.

Dropped flat on his back from the force of Carter's payoff wallop, the 23-year-old Savoie gamely tried to beat the count. He was able to scramble to his hands and knees as referee Tom Sullivan counted 9 and 10.

Both fighters were cut around the left eye in the fourth round when Carter started to press his attack after letting Savoie take the lead in the early rounds.

Bombing to the body with both hands, the 29-year-old champ from New York set up the knockout. As he lunged to the attack with the crushing right hand, Savoie's shiny title dream was ended.

It was the third successful defence this year for Carter, a 3 to 1 favorite, who also stopped Tommy Collins and George Araujo earlier.

The same three judges who gave Savoie a non-title split decision over the champion last February officiated again. They weren't needed. Carter carried his own judges in his right fist.

A crowd estimated at 10,000 turned out at the Montreal Forum for the city's first championship bout since 1931. There was no radio or television of the scrap for which Carter got a \$25,000 guarantee and Savoie 12 1/2 per cent of the house. Carter weighed 133 1/2, the lightest since he originally won the title from Ike Williams in 1951. Savoie scaled 134 pounds.

Promoter Raoul Godbout announced a paid crowd of 9,133, a gross gate of \$53,719 and a net of \$46,855. It was \$895 short of the Montreal indoor record.
