NO. 14.

Hewson, McDougall & Seaman

BEG leave to acknowledge thanks to the public generally for the very liberal patronage extended to them since commencing business, and intimate that they have on hand a large and select stock of material for the manufacture of Sleighs, etc. They have recently received photos of all the latest prize sleighs of the Ottawa Exhibition. Parties requiring new sleighs would do well to call at their factory and examine before ordering elsewhere.

They keep on hand and make to order Top Buggies, Phaetons, the famous Dexter Spring Wagons, and carriages of every description. Repairing of all kinds done with neatness and despatch, and warranted to give satisfaction to those who favor them with a call, at prices to suit the times.

N. B.—Parties having their Sleighs repaired and painted would do well to leave them at once in order to have them in time for the first snow.

Wagons stored at moderate charges. Parties having their wagons repaired and painted in the spring will have them stored free of charge for the winter.

THE DAILY EXAMINER.

DECEMBER 6, 1879.

SIR A. T. GALT is in Ottawa, and is a guest
at Government House.

A CHICAGO man has discovered a process
for making water burn. What next?

IT is reported that an English regiment is
coming out with the Princess Louise, and will
be stationed at Ottawa.

TO-NIGHT.—Don't forget the public temper-
ance meeting this evening, in Division Room,
Queen Street.

THE members of the New Brunswick and
P. E. Island Governments at Ottawa were
entertained at Rideau Hall on the evening of
the 3rd inst.

HER Royal Highness the Princess Louise,
it is said, has been enjoying a round of festi-
vities at Sandringham, which place she left
November 17th.

ST. JOSEPH'S TOTAL ABSTINENCE SOCIETY
meets to-morrow evening to discuss the pro-
posed establishment of a Catholic Library and
Reading Room.

THE members of St. Patrick's T. A. & B.
Society are requested, by the Spiritual
Director, to meet (in regalia) at St. Patrick's
Hall, to-morrow (Sunday) morning, at half-
past nine o'clock.

THE Newfoundlanders version of Sunday
troubles with American fishermen pursuing
their calling in an illegal manner has reached
Washington. We may be sure it is not a
version fitted to sustain the Washington
claim for more than \$100,000 damages.

A FATAL accident occurred at Welland,
Ont., Dec. 3rd, by which Hiram Muniser, a
young and promising farmer was killed. It
appears he was chopping a tree, and one of
the limbs, in falling, struck him on the head
killing him almost instantly.

A MAN in St. John, N. B., bought two bar-
rels potatoes, which were all rotten before he
had them a week. They were called "Early
Rose" and "Blue Nose" but he changed their
names to "Goldsmith Maid" and "Dexter,"
because they were such fast rotters.—Wheel-
ing Leader.

MR. LABOUCHERE'S case with the Beefsteak
Club is likely to be added to the list of English
causes celebres. His appeal to the Master of
the Rolls has been successful. The grounds
of it were that the club members could take
no official cognizance of newspaper articles;
that two-thirds of those actually present must
have voted against him, and that fourteen
days—not thirteen—should have been given.

A GANG OF ROWDIES BROKEN UP BY THE
MONTREAL POLICE.—A dangerous gang of
young rowdies, the foundation of which is
apparently a True Blue Lodge, has been
broken up by the police. The operations of
this gang and its effects were made known in
letters to two women in jail which were in-
tercepted by the police. The leader, Thomas
Harvie, a lad of 16 years, was to day sen-
tenced to two months in jail for assault.

A "Young Liberal Club" has been formed
at Halifax. They meet at "Hope Hall." The
Halifax Herald has the following:—

HOPEFUL EPICURAM.

The young Grits met! their rallying cry
"hope all!"
Taught by their Mentor—in cold shades—to
grope for
Some future lease of power! They lease
Hope Hall!
But a new "Treasury haul"—they cannot
hope for.

TO WHOM IT MAY CONCERN.—Animals
should be treated kindly, because—1. They
are created for the use of man by the Power
that created man himself. 2. The humane
and kind treatment of all animals under our
control is one of the greatest sources of plea-
sure and happiness. It is much more profit-
able, pecuniarily, to take good care of and
deal kindly with every creature God has given
us. 4. Cruel treatment of animals is a sin
and a transgression, which will surely be pun-
ished sooner or later.

CONSIDERABLE anxiety has evidently pre-
vailed in England during a few days past in
reference to the Queen's health. It was re-
ported that she was suffering from a severe
bilious attack. Being in her sixty-first year,
any attack of illness of a serious kind is re-
garded with all the more apprehension on that
account. It is quite certain that the English
people do not desire an early change of sov-
ereigns. They have experienced a sense of re-
lief, no doubt, on learning that the Queen's
illness has been of a trifling kind.

SIR LEONARD TILLEY will leave Ottawa
about the 9th inst., for New Brunswick, stay-
ing over a day or two at Quebec to visit the
manufacturing establishments of the Ancient
Capital. He will remain about three days at
St. John, where he will examine a number
of those factories which other engagements
did not permit of his seeing on his previous
visits. He will also spend a day in Frederic-
ton. We notice by our Fredericton corre-
spondent's telegram of last evening that the
good people of that city are moving in the
direction of giving Sir Leonard a reception on
his arrival among them, and we have no
doubt he will be very cordially received. His
St. John constituents will also greet him
heartily, as is fit and proper in the case of one
of the foremost men of the Dominion, holding
the most important portfolio in the strongest
and ablest Government Canada has ever had.

CANADIAN.

Toronto, Dec. 4.

The Globe this morning contains the fol-
lowing special cablegram dated London,
Dec. 3d:

"The Times contains an editorial an-
nouncement of Sir Alexander Galt's ap-
pointment as Canadian Minister resident in
England, and points out the various ways
in which a Canadian Minister at London
will be useful to the mother country and
Canada apart from political considerations.
The Times entirely approves of the appoint-
ment on public grounds, and welcomes Sir
Alexander Galt personally."

EUROPEAN.

London, Dec. 4.

Thomas Bayley Potter, member of Par-
liament for Rochdale, who recently visited
the United States, on his reappearance in
London has been warmly greeted by his
friends. The people of the United States,
he thinks, differ in some important points
from our own. The men do not, he says,
make fortunes there in order to found land-
ed families and the consequence is that
possessors of large fortunes more often de-
voted them to public welfare. The mass of
the people are more sober and therefore
able to work more continuously, if not
harder, than our people. Mr. Potter not
appear sanguine as to an immediate ad-
vance by the United States in the direction
of free trade, but he seems convinced that
the policy of free trade will ultimately pre-
vail in the States, if only because they are
such large exporters of produce. Mr. Potter
speaks enthusiastically of the progress and
prospects of the United States and of the
solidity of Republican institutions in that
country.

The Bank of England has brought out a
New Zealand colonial loan for £25,000,000,
5 per cents at 97½ per cent.

A number of Her Majesty's ships on the
west coast of Africa will shortly be increas-
ed in consequence of prevailing war there.

FRANCE.

Paris, Dec. 4.

After the debate on the Floquet Brissou
interpellations, and explanations by M.
Waddington and M. Ferry, the deputies,
in the evening, passed an order of the day
favorable to the Government, to the effect
that the Chamber having heard the explana-
tions, and trust to the vigor with which
the Government will remove all reactionary
officials, passes to the order of the day. The
Right abstained from voting.

The French Government has directed the
Governor of Senegal, West Africa, to send
an expedition to explore the region between
the Upper Senegal and the Niger rivers,
and report on the feasibility of constructing
a railway there.

Heavy snow is falling here and all over
the country. Railway traffic is partly
suspended in some districts. At Cherbourg,
a terrific storm is blowing off the coast, and
some disasters to shipping are reported.

RUSSIA.

London, Dec. 4.

The correspondent of the Times, at Berlin,
discussing the recent attempt on the Czar,
says: There can be no doubt we have here
a repetition of that crime which has lately
become too frequent in Russia, and it is
equally certain to what party the perpetra-
tors belong. Committed but a day or so
after the Czar, in leniency, had commuted
the sentence of death passed on the Nihilist
Mirsky, the outrage of Monday night
cannot but imbue the Government
with a repentant spirit, and intensify its
resolve to show no pity to those incapable
of compassion.

St. Petersburg, Dec. 4.

It is reported that arrests have been made
in Moscow among the railway employes.

Berlin, Dec. 4.

The ostensible cause of the suspension of
the publication of the St. Petersburg Golos
for five months was an objectionable article
in its feuilleton, but it is believed the real
reason was the hostile and defiant tone of
Golos towards foreign powers, especially
Germany.

AFGHANISTAN.

Cabul, Dec. 4.

A Daily News despatch says the Govern-
or of Maidon has been killed by Afghan
regulars and bushmen. The Governors of
Kohistan and Lagar Valley have been
menaced with the same fate.

CHILI.

Naparis, Dec. 4.

A telegram has been received here which
confirms the previous report of the disaster
to Chilean forces at the mouth of the Lea
River, after a stubborn fight; 1,500
Chilians surrendered to the allies with all
their cannon and ammunition. The Chilean
commander was killed.

SOUTH AMERICA.

Buenos Ayres, Dec. 4.

The allied Peruvians and Bolivians were
defeated at Tarapaca, Peru, by the Chil-
ians, who have taken possession of the
town. The Chilean squadron has blockaded
Arica. The loss is heavy on both sides.
