On Friday night John A. and Angus Campbell of Black Pond, Loc 46, killed a large bear that had been pestering the neighborhood for some time back. He had killed a sheep on Thursday night. The next night the two Campbell's, with a gun apiece, placed themselves up a tree in the woods. About 10 o'clock along came a bear for his evening meal, but instead of getting a gun he got shot, and his dead body was taken to Souris next day and sold to Mr. Allan Boisner.

H. M. S. CANADA arrived at Georgetown from Souris on Saturday evening. It will be remembered that the other night the Canada collided with the barque Peers of the coast of Anticosti. Report says that the lookout on the barque saw the steamer, but the steamer's lookout did not see the barque in time to prevent the collision. The latter was considerably damaged, and was towed into Caspe by the Canada. The Canada was also injured, her forward compartments filling with water immediately after the accident.

REV. MR. O'MEARA, who some time since resigned his charge as Rector of St. Paul's, and is now about to leave the Island, preached a farewell sermon yesterday, Sunday evening, in St. Paul's Church, to an attentive congregation. His text was the 24th verse of the 20th chapter of the Acts of the Apostles. "But none of these things move me, neither count I my life dear to myself, so that I might finish my course with joy, and the ministry which I have received of the Lord Jesus to testify the gospel of the grace of God." From this text the reverend gentleman preached a powerful and very affecting discourse. In reviewing his ministry, first as Curate and latterly as Rector of St. Paul's Church, he spoke of the unmovable kindness and truly Christian spirit, manifested towards him by Dr. Fitzgerald, who always received him as a brother in the Lord. He also expressed his gratefulness to the officers and members of the church for the many tangible evidences they had given of their truly Christian spirit towards him.

REV. JOB SHENTON delivered a powerful and earnest sermon in the Prince Street Methodist Church last evening. He selected as his text Deuteronomy 25th, 18th, "How he met thee by the way and smote thee the hindmost of thee," and Joshua 10th, 19th, "And stay ye not, but pursue after your enemies, and smite the hindmost of them." In eloquent and impassioned language he urged his hearers to "Come to the front" in Christian life and example and be always ready to speak a kindly word to the erring and show by their lives that the spirit of love was within them. He deprecated the possibility of the Methodist Church in Charlottetown falling to the hindmost and that God would require, as in ancient times, to resort to the smiting process. A passing allusion was made to the recent sudden death of George W. Miller, who was referred to as one of the most active and godly men of the Church—his happy and victorious death should be an incentive to good living. "How many opportunities," said the preacher, "have been lost." Opportunities for doing and getting good, opportunities to save souls from going down to destruction, opportunities to fit us for an inheritance with the saints in light. A brilliant peroration followed, in which the brevity of the Christian warfare and the eternity of the victory joy was dwelt upon. Let us get forward with the Holy Spirit.

RIOTING IN FERMOY.

The League Meetings.

FERMOY, Sept. 26.

Dr. Tanner, Irish Nationalist member of Parliament, in response to the demand of the court, made a speech to-day from the balcony of the hotel. He denounced the action of the police at Mitchellstown, and the treatment of editor O'Brien. The police charged the crowd, who returned the charge with stones. Many policemen received severe injuries. The police used their batons, injuring 14 persons, nearly all of whom were conveyed to the hospital.

DUBLIN, Sept. 26.

Several League meetings in Clare to-day were dispersed by the police without resistance.

Children and Shells.

QUEBEC, Sept. 24.

Yesterday four little children belonging to P. Gaudin living, close to the camping grounds where the Dominion Artillery Association held its annual competition a few weeks ago went out to pick up pieces of exploded shells. While engaged in this they came across a large shell which had undoubtedly not exploded. They at once set to work to dissect the fuse, and applied a lighted match to it, the result being that the shell exploded, killing three of the children instantly and injuring the fourth so seriously that its life is despaired of. The mother has been unconscious ever since hearing of the accident, and her recovery is doubtful.

Killed on the Track.

MONCTON, N. B., Sept. 24.

This morning, a little before five o'clock, Isaac Clark discovered at Church Street railway crossing the horribly mangled remains of a woman. It was apparent from the disposition of the remains that the woman had been killed by the incoming morning express, and the body run over again and still further mutilated by the outgoing express. The remains were at length identified as those of Eliza Bailey, a woman well known about town. It is believed she laid on the track and fell asleep.

Weather Bulletin.

TORONTO, Sept. 26—10 a. m.

Fishery Notes.

Last week's fishing was rather unsuccessful. Only a few barrels of mackerel were caught by seine. Fishermen say that seining is over for this season. With the hook and line however, some of the largest and best mackerel ever caught on this coast have been taken within the last few days. All agree that there is any quantity of mackerel but they are hard to catch.

About thirty sail came into Souris harbor for shelter on Saturday. Among the number there were only two American seiners. It is said that there are only a very few of the latter now in the Bay. Cruisers Acadia, Critic and Advance were there among the fleet. H. M. S. Canada also gave the port of Souris a call the same day.

Schooner Samuel Drake caught sixteen barrels mackerel Friday off East Point with hook and line. While the fish were biting fast, a school suddenly showed up. The crew sprang into the boat, set the seine, but missed the mackerel. The cook, the only one left on board, kept on fishing, and by the time his companions had got on board again had caught over a barrel of No. 1's.

The Loraine, Capt. Tierney, Souris, caught 18 barrels mackerel with the hook and line last week off East Point.

The Harriet Torry, Capt. Lord, Souris, was very near making a big haul the other day. Her seine was set around an immense school, but unfortunately, just when the prize seemed won, the seine caught on something at the bottom and got torn, and only seventeen barrels were captured.

Nearly every vessel in the Bay got a few barrels mackerel within the last few days with hook and line. What the fish lack in quantity is made up in quality. Men who have been fishing in the Bay for the last thirty years say they never saw such beauties. One boater caught off the Point measured 18 inches in length, 14 inches across the back, and the fat on the front was three-quarters of an inch thick.

Black Nelson trotted a mile on Thursday afternoon at Fredericton in 2.44, first half in 1.20. On a good mile track this horse can put up a mile in 2.35.

Harry Wilkes is rapidly approaching racing form. On Tuesday morning last he trotted a quarter in 394 seconds on the new half-mile track at Fredericton.

At Naragansett Park, Providence, R. I., on the 22nd inst., J. E. Barnaby sent his double team, Captain and Ernest Maltravers, a fast mile to beat 2.33, for a cup valued at \$100, offered by the Society for the Encouragement of Domestic Industry. The wagon with Barnaby weighed over 400 pounds. Time, 2.26, the best mile for double team ever made on Naragansett track.

HIS GRACE ARCHBISHOP O'BRIEN, is translating into French for the B. thurst Courier the beautiful story of the Virgin Martyr Saint Agnes.

The Halifax Herald reports that two men belonging to H. M. S. Bellerophon are under arrest upon a charge of theft, and will be tried by court martial.

TAMARAC

Albermar R. E. Elbeck, Kingston, Ont., says: "Tamarac Elixir" is the best medicine on earth for Coughs and Colds. In my own case it produced rapid and gratifying results. I caught a severe cold which it seemed impossible to break up, but continually became more thoroughly seated. Finally a hacking cough set in which troubled me day and night, causing soreness of the Lungs. Hearing your "Tamarac" highly recommended, I procured a bottle. The first dose eased the cough, and one bottle completely cured me. It is a splendid preparation, pleasant to the taste, and should be kept in every house.
