A DOUBLE FUNERAL.—The remains of the young girls, Edith Russell and Alice Denniston, accidentally drowned at Welsford, N. B., were interred at St. John on Thursday.

QUERY.—A correspondent asks if there is any specified rate for using figures in denoting the month. Should the month or day of month be placed first. Much confusion is often occasioned on account of both systems being adopted. Can any one give an answer.

SHOULD BE EXILED.—The quantity of cats at present in our city far exceeds the demand. Night is made hideous on account of their concert and pantomimes—the monotony of which is terrible. We call for a cessation of open air performances or a change of programme.

BUSH FIRES.—Greater care should be observed in starting bush fires. A number were observable yesterday, two of the most dangerous being in the vicinity of Glenfinnan near Fort Augustus. The farmers in that section were fearful lest their crops and buildings should be swept away, and preparations were made to prevent such disaster if possible.

CONFIRMED.—The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers the California Fig Syrup Company.

FROM BOSTON.—The steamer Carroll arrived here from Boston on Saturday evening last with a full cargo of flour, etc., and the following passengers: Rita Nickerson, Maggie Shadow, M. L. Louis, Miss C. L. Lacey, S. Seller, Miss Seller, Jas. McNabb, R. McDonald, Miss Miller, J. E. Wevas, Mrs. Mahoney, Miss Mahoney, Mrs. Mahoney, Robt. Keen, S. Keenan, Mary Butler, Miss Flannigan, Mary Currie, W. G. Henderson, D. Flannigan, Hugh McDonald, G. Cook, Mrs. G. Cook, Miss Cook.

CHANGE OF DATE.—The committee for the church at Kikora have decided to hold their tea party at Cape Traverse on Monday, the 8th of August instead of Tuesday, the 9th of August. By this change the business men of Charlottetown will be enabled to take it in. Excursion boats will be provided for those who wish to see the barge. Hon. Senator Howland will give a speech on the tunnel question. Special trains will be at the disposal of the public from Souris to Tignish at very low rates.

MAKES FRESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat. In fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c, and \$1 at Charlottetown drug stores.

A POPULAR STEAMER.—The Pioneer remarks that no more pleasant trip can be enjoyed than one across to Point du Chene by the SS Northumberland. This steamer is a magnificent vessel and affords excellent accommodation for the comfort of the passengers who pass daily each way between the Island and the mainland. Not only is the accommodation for the comfort of the passengers first-class but the table set in the dining room on board is an excellent one, and the attention of the waiters kind and inviting in the extreme. The officers, too, are anxious to do their utmost for the welfare of travellers, and the kindly care of Capt. R. Cameron is seen in many acts of attention. That this steamer is popular with the travelling public abundance of evidence testifies to.

ST. PETERSBURG, July 15.—Owing to reports that doctors were causing cholera patients to be buried alive, the lower classes of Sarafol rose in revolt on the 10th inst., and wrecked and plundered the police station, cholera hospital and residences of chief of police and physicians. BERMUDA, July 15.—Bermudians have responded liberally to the appeal for assistance for the St. John's sufferers. Money and clothing were sent by the Alpha, which left to-day. MONTREAL, July 15.—Almost \$30,000 have been subscribed here for the St. John's fire sufferers. A despatch was received to-day from J. J. Cole, president of the St. John's relief committee, stating that pecuniary aid was most needed. The citizens' committee of Montreal do not wish to send the money down as there is a possibility of its being applied to purposes other than are contemplated by the committee. Another objection is that this money may be used to erect shanties on the property where the people lived and that the landlords will charge the poor cottagers rent on these shanties.
