VEGETABLE LIFE PILLS AND PHENIX BITTERS

THESE superlative Family Medicines have long since acquired an established reputation for direct and invariable efficacy in all the prevalent and ordinary diseases, as well as in many others of a peculiar and aggravated character. Their virtues are proved by the voluntary testimonials of the persons they have cured, and who accompany their certificates with their names and places of residence. These certificates now amount to thousands, being hundreds to each particular kind of disease. They embrace the most frightful and inveterate cases of Scrofula, Piles, Dyspepsia, Jaundice, Bilious and Liver affections, acute and chronic Rheumatism, Asthma, Bronchitis, Scrophulous as well as Mucous Consumption, habitual Costiveness, Worms, Stomach and Bowel complaints of all kinds, headache, giddiness and nervous debility, eruptive diseases, and the clouded, sallow, unhealthy appearance of the skin, arising from various causes of ill health, Fever and Ague of every variety, settled pains in the side, back, organs and limbs, humors, ulcers, food breath and inward fever, night sweats, and general weakness and loss of appetite, the mumps, swollen face and gums, affections of the bladder, kidney, spleen and pleura, and the sickness incidental to females, together with very many other maladies which cannot be here enumerated. THE FAMILY LIFE MEDICINES.

THE celebrated Life Pills and Phoenix Bitters, prepared and sold by Dr. Wm. B. Moffat, 375 Broadway, New York, may now be said to be the most respectfully established and extensively adopted family medicines in the United States. They have not only won the sanction and recommendation of all the candid and philanthropic portion of the medical profession, who have observed their invariable efficacy in general derangements of the stomach and bowels, and their astonishing effects in many varieties of acute and chronic disease, but what is far better, these medicines have recommended themselves, and fully and fairly achieved the distinguished and now certainly pre-eminent position which they now occupy in public and domestic estimation. They are proved by their works, and make no appeals to vulgar credulity. If the proprietor were disposed to make an invidious comparison between these self-established medicines and any others, he might confidently assert and challenge contradiction that there is no medicine known to the medical profession, or named in their books, concerning usefulness and remarkable cures are recorded as those which he can adduce concerning the Life Pills and Phoenix Bitters. If it be admitted that sufferers are the best judges as to whether a remedy has relieved them and restored them to health and strength, then is the evidence in behalf of these medicines decisive and irresistible. Dr. Moffat is in possession of an immense accumulation of voluntary testimonials from respectable persons and families in all parts of the Union, far and near, who give their names and residence to the unsolicited statement that they have been completely and speedily cured of the following diseases, and of many others not here enumerated, by these Life Medicines alone, when other remedies had been long employed in vain, viz: Scrofula, in its most dreadfully advanced and destructive stages, when large portions of the flesh and bones of the face had been destroyed; Piles of five, ten, twenty, thirty and even thirty-five years standing; Rheumatism, both acute and chronic, of the most hopeless character; Turgescence of the Liver, and various other liver complaints; Bilious Cholera, and every conceivable variety of bilious affections; Marasmus Tabes, or Decline, and Marasmus Phthisic, or Consumption, in more advanced stages than any on which so many clear, unquestionable and conclusive evidences of usefulness and remarkable cures are recorded as those which he can adduce concerning the Life Pills and Phoenix Bitters.
