During a visit to her aunts, Mrs. Plus Byrne, Watertown, Mass., she was surprised at a miscellaneous shower at which she received many valuable gifts. A linen shower was given at the home of another aunt, Mrs. William Chloesse, Tighe, while at the home of Mrs. Alfred Gillis of Alberton, Doris was showered with greenbacks. S'side Youths Appear In Court

Six Summerside youths, 16-17 years of age, pleaded guilty in police court on Saturday morning to creating a disturbance by shouting and impeding progress of pedestrian and motor traffic in Summerside on Friday evening. Their cases were adjourned until August 28. About nine other youths involved were under the age of 16 and will be dealt with in juvenile court. This action follows recent complaints of citizens in regard to groups of teen age boys who assemble in various numbers on sidewalks and in doorways, blocking traffic and using profane and insulting language among themselves and to persons passing by. In a long talk to the boys, Magistrate E. H. Strong, Q.C., made it clear that rowdy actions on Summerside streets by groups of youths will not be tolerated. He said that groups such as these often encourage one another in a lawless manner, leading to unlawful offences, without realizing the seriousness of the acts they commit in respect to the rights and privileges of every citizen in the town. Explaining that by creating a disturbance and making a nuisance of themselves they could be given a sentence of three months in jail plus a one hundred dollar fine. He pointed out the aftermath of events that follow a conviction in court which prevent or affect their prospects of admission to the civil service, armed forces, civilian occupations or entry to any other country. He said the town has provided excellent parks and playgrounds in which the excess energy of youth can be expended in sports and games and he appealed to the boys to conduct themselves in an orderly and respectable manner on the streets of the town.
