

# MICHAEL'S GROCERY COMPLETES MODERNIZATION PROGRAM

We Extend To

## MICHAEL'S GROCERY

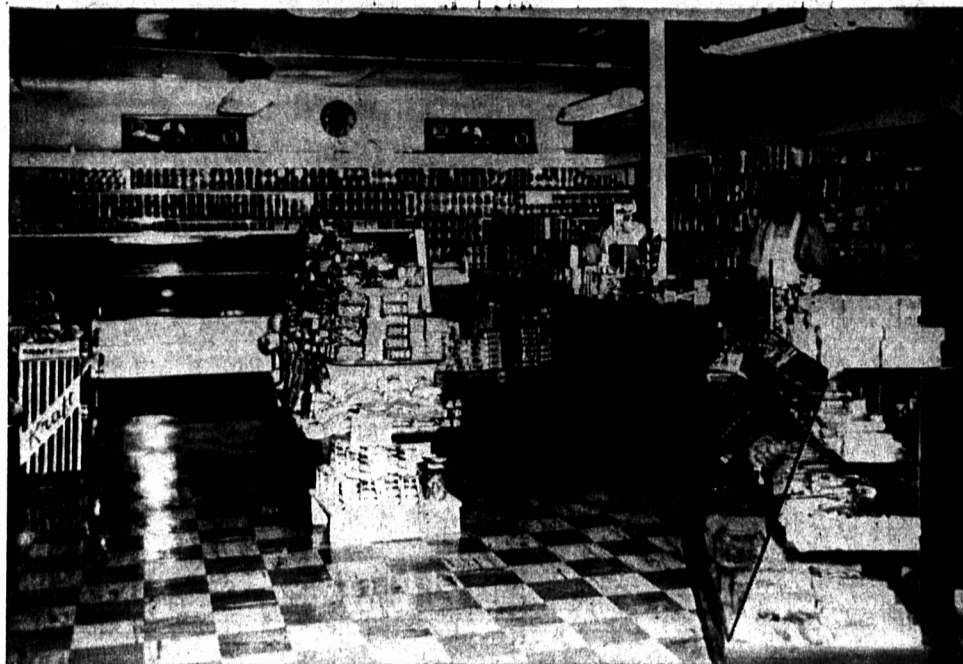

of LONGWORTH AVENUE

Our Happy Congratulations and Best Wishes for continued success in their modern and up-to-date store.

The new shelving and equipment is convincing proof of the progressive spirit of the energetic proprietor, Michael Michael.

DeBLOIS BROS., LTD.

## Interior View of Michael's Grocery

Michael's Grocery, 8 Longworth Avenue, has recently undergone a modernization program which has completely transformed the store. Today it is modern and up-to-date in every respect reflecting credit on its proprietor and those associated with him.

From walls to ceiling it has been completely changed and an atmosphere of progressiveness pervades the establishment. The store contents are well and orderly displayed and everything arranged to assist the busy shopper.

The store is equipped with portable shelving throughout and fluorescent lighting of the most modern design provides soft and effective lighting which adds to the display of goods and products. New tiled flooring lends smartly to the appearance giving a feeling

of spaciousness and at the same time accentuates cleanliness in the well run store.

A large Hussman Hygienic Refrigerator and display counter add much to the attractive interior and provide customers with the assurance of fresh high quality products.

Mr. Michael Michael, better known as "Mike" to his friends, has been associated in the grocery trade for some 20 years. He first entered business with his father on Weymouth Street before branching out on his own.

Mr. Michael will be receiving many fine compliments and congratulations on the splendid improvements instituted.
