

OUR NEWS BUDGET FOR OUR SATURDAY SUBSCRIBERS

MONDAY

SAD NEWS RECEIVED—Word has been received here yesterday of the sudden death on Feb. 16 at his home in Summerville, Mass., of Arthur Bruce Campbell, age 49 years, formerly of Alberton, P.E.I.

—HOME FROM PICTOU—Charles Deighan of Summerside, who has been playing hockey this season with the Pictou Maroons of the A. P. C. League, has arrived home to take up again his duties as C. N. R. fireman. He states that two other Summerside boys playing in Pictou, Stanley Gallant and Syl. Bernard, are having good seasons.—S.

—JUVENILES SURPRISED—Two juveniles were surprised by Summerside police yesterday afternoon in the act of ransacking the harness shop of Mr. George Bowness located just off Water Street. The shop is closed at present as Mr. Bowness is spending the winter out of the Province. Some harness, leather and tools are still in the building and apparently it had been strewn around quite a bit when the policeman came along.—S.

Mr. Walter R. Shaw, Deputy Minister of Agriculture, returned Saturday night from the annual meeting of the Horticultural Commission at Ottawa after being elected Chairman of the Council's Potato Committee for the fourth successive year.

Summing up the discussions at the meetings of the potato committee he stated that, "It was the unanimous opinion that there is a need for improvement in both table stock and seed potato grades and quality."

Throughout Canada from February 17th to March 17th, the network of National Employment Offices which covers the whole country will carry out a campaign to secure jobs for the thousands of seasonally unemployed.

As members of this chain of Employment Offices, Charlottetown and Summerside will take an active part in the campaign, with the help of various public bodies and supported by public spirited business men. An appeal will be made to all employers to do work now, which ordinarily is left until Spring. The slogan of the campaign will be "Do It Now."

DIES IN CLEVELAND—Friends here will be very sorry to hear of the death in Cleveland, Ohio, on February 16th, of Mrs. Charles Houska in her 53rd year, after an illness of only four days. Mrs. Houska visited the Island two years ago and made many friends here who will be shocked to hear of her death. She leaves to mourn her husband, one son, Norbert, her daughter-in-law and baby grand-daughter Kathy Jay Houska. Dearest sympathy is extended to the bereaved family by their many friends here.

It was learned yesterday after contacting several smelt fishermen, that the smelt run in the Montague River was and is poor so that at the present time not a single net is being laid in the river.

During the early fall when the run began the fishing looked promising but in a few days it became apparent that the run was over, and since then there had been little fishing. On the average the daily catch was between fifteen and twenty pounds, where in former years the average was about one hundred pounds. The present factory price to the fishermen is 10 cents for gilt net run, and 6 cents for bag net run, with the price varying according to other factors.

A tragic accident, taking the life of Mrs. Gordon Lewis, Parkside occurred yesterday afternoon when the half-ton truck in which she was driving with her husband sank through the ice midway across the North River.

Mr. and Mrs. Lewis were crossing from the end of Brighton Road towards York Point on their way to Cornwall, shortly after three o'clock, when they felt the ice giving way. Mr. Lewis was able to leap clear but although his wife had her door open, a lurch of the truck as it went through the ice threw her back inside. It sank before it was possible for Mr. Lewis to effect her rescue.

The death occurred at his home in Murray River on Saturday morning of Dr. B. C. Keeping (above), retired Chief Medical Officer for the Province. He was fifty-nine years of age.

In poor health for several years, Dr. Keeping retired last fall and removed from Charlottetown to Murray River. He became ill about a month ago with pneumonia but was reportedly feeling better when he collapsed suddenly Saturday morning, and died almost instantly.

The late Dr. Keeping was born in Murray Harbour, South, the son of William and Maria Keeping who had settled there coming from Newfoundland. He received his elementary education at Gurnsey Cove school, and Prince of Wales College, after which he studied medicine at McGill University.

While the average salary of a teacher in Prince Edward Island is higher than it was in 1939, the increase is not sufficient to keep pace with the cost of living, it was maintained in a brief by the P.E.I. Teachers Federation to the Provincial Government last week. The brief was submitted by a delegation comprising Miss Mabel O'Brien, president, P.E.I.T.F., Miss Estelle Bowness, chairman, publicity committee, P. A. Arsenault, president, Turkish Local, and J. F. Murphy, secretary, P.E.I.T.F.

The following is the proposed schedule of salaries submitted in

the brief:

First class, Statutory—\$750; 1st year — \$750; 2nd year — \$800; 3rd year — \$850; 4th year — \$900; 5th year — \$950; 6th year — \$1000; 7th year — \$1050; 8th year — \$1100; 9th year — \$1150; 10th year — \$1200; 11th year — \$1250; 12th year — \$1300; 13th year — \$1350; 14th year — \$1400; 15th year — \$1450; 16th year — \$1500.

Second Class, Statutory — \$650; 1st year — \$650; 2nd year — \$700; 3rd year — \$750; 4th year — \$800; 5th year — \$850; 6th year — \$900; 7th year — \$950; 8th year — \$1000.

Two juveniles were taken into custody by Summerside police on Saturday night charged with taking a half-ton truck and they may also be charged with two car thefts the previous night. The truck, a new 1951 Dodge, belonging to Mr. Willard MacDonald, Dodge dealer, had been stolen from outside the old curling rink which Mr. MacDonald is using for car storage purposes.

The theft was discovered about eight o'clock and police were immediately notified and sent out an alarm to the R.C.M.P. and the R.C.A.F. service police. About 9:30 a call was received at the police station from the guard house at the airport that the truck had arrived there and they were holding two persons. When the local police arrived at the airport they found two middle-aged boys, ages 13 and 14. No ignition key was in the truck when it was taken and the youngsters had got it going by crossing wires in the ignition system.

The same boys are alleged to have been implicated in a joy riding escapade the night before. When employees of A. Horn and Co. Ltd. came to work Saturday morning they saw that the door of a storage garage on First Street had been forced open and about the same time they noticed that two cars which should have been inside were on the parking lot adjacent.

TUESDAY

The annual meeting of the St. Dunstan's Basilica Altar Society was held in the Assembly Hall on Monday, Feb. 19, at 8 p.m. Rev. McMahon, D.D., Chaplain, was present and expressed appreciation of the good work accomplished by the members during the past year.

The following officers were elected: Past President, Mrs. James McAulay; President, Mrs. Stephen Trainor; 1st Vice President, Mrs. Paul Peters; 2nd Vice President, Mrs. Dolph Doucette; 3rd Vice President, Mrs. Jerome Gillis; Secretary, Treasurer, Mrs. Frank Sigsworth. Members of the Executive: Mrs. M. J. Conway, Mrs. J. Bradley, Mrs. B. Sherran, Mrs. J. Prall.

Sgt. L. F. McMurrer and Sigmund E. Stewart of the 5 Signal Regt. were decorated with the Canadian Efficiency Medal by Lt. Col. K. M. Johnston, C. O. 5 Signal Regiment, K. C. Signals, at an investiture held recently in the Armouries. Sgt. McMurrer joined the 6th Dist. Signals in May of '39 and enlisted in the C. A. S. F. on the 2nd December of the same year. He proceeded to Halifax and served with the 6th Dist. Signals, then transferred to 3 Cdn Div Signals when the unit was formed in July 1940. He went overseas in '41 and was posted to HQ 2 Cdn Corps Signals with whom he served in the U. K. and N. W. Europe. On his return to Canada after the cessation of hostilities he was demobilized and joined the 5th Inf Div Sigs Regt when it was formed.

The annual Y. M. C. A. Maintenance Campaign was launched last evening with a supper meeting at the Y at which the more than 100 volunteer canvassers present were cheered by the report of Mr. T. Roy Cadmore, co-chairman of the Special Names Committee who stated that this committee were already in sight of the \$3,000 mark. Total objective is \$4,500.

Mr. Cadmore congratulated you on the privilege of taking part in the campaign for the Y.M.C.A. There will be people in this town who will be disappointed if you do not call on them, stated Mr. R. S. Hosking, General Secretary of the National Council of the Y. M. C. A. of Canada, who was guest speaker at the meeting.

The meeting was presided over by Mrs. A. MacNair and M. J. Barkhouse, co-chairmen of the City drive. Both men spoke briefly and urged the canvassers to do their utmost.

Prince Edward Island highways have been closed to heavy traffic due to the extreme weather of the past few days.

Department of Highways announcement applies to trucks, tractors and trailers which exceeds five thousand pounds. The ban was effective at 6 P. M. Monday, Feb. 19.

Roads included in the weight restriction order; the highway from the Hillsboro Bridge to Mount Herbert Orphanage; from Millview Corner to Eidon, and the paved portion of the highway from Montague to Murray River.

Light restrictions such as those announced yesterday are usually applied to light pavement during the spring months. But the high temperatures in the province during the past few days resulted in the Highway Department's decision to ban heavy loads in a move to protect the highways from damage.

"Canada is destined to become for all nations of the world the living pattern of the marvels of civilization which democracies can produce, if such democracies are sincerely concerned about placing at the foundation of their political life and institutions a sincere Christian brotherhood," declared

the Rt. Rev. Magr. Ferdinand Van-dyke, D.D., LL.D., Rector of Laval University, in an inspiring address last evening at the Prince of Wales College auditorium.

Guest speaker for the 1951 Samuel Robertson Memorial Lecture at the College, Magr. Vandryke took for his subject "French Culture and Canadian Civilization."

Approximately three hundred people gathered to hear the address which marked the second annual memorial lecture, which was given under the patronage of His Honour Lieutenant Governor T. W. L. Prowse, who attended, accompanied by one of his aides, Captain J. J. Connolly, V.D., R.C.N.(R).

Dr. Frank MacKinnon, Principal of Prince of Wales, was chairman for the evening and explained the purpose of the lectures. He recalled the auspicious inauguration of the series in March of last year when the speaker was Dr. A. E. Kerr, President of Dalhousie University.

Mrs. Nelson MacDonald, Wheatley River, received the sad news on Saturday morning, December 30th that her sister Mary Ethel Moreside had passed away the previous evening in the San Francisco Hospital where she had been a patient for almost ten months.

On March 6th, 1950, she suffered a severe stroke and with her heart condition it seemed several times that the end was very near and on several occasions the doctors were amazed at the re-actors of stimulants and other treatments.

She was tenderly cared for by a cousin, Mrs. Jessie Lockner, R.N., who has been nursing in that hospital for a number of years and who gave her every attention possible and in addition to that she wrote very frequently to the members of her family advising them of her condition from time to time, which helped to ease the strain at having a loved one so critically ill and so many miles away.

The Masonic service was conducted by R. E. Kemp, P. M., of St. John's Lodge, Charlottetown. Mr. G. S. Harris, of the Department of National Health and Welfare, Halifax, represented the Department at the funeral.

The pall-bearers were Messrs. Lea Nicolle, Dr. P. A. Creelman, Leo Doucette, Milton Stewart, Ernest Clawson, and Ernest Bell.

The regular quarterly meeting of the Association of Nurses of Prince Edward Island was held at St. James' Hall yesterday, beginning at 2:30 p.m. The president, Sister Mary Stanislaus, occupied the chair. There were forty-five members present.

Many reports were read and discussed. Outstanding among the reports were those of the executive committee meetings of the Canadian Nurses' Association. In her report, Miss Muriel Archibald, Provincial secretary, registrar, brought out the fact that nurses are the only group of professions, women who are internationally organized. Thus a member of the Association of Nurses of Prince Edward Island is automatically a member of the Canadian Nurses' Association, and hence automatically a member of the International Council of Nurses.

A study of the structure and services of the Canadian Nurses' Association was begun in January 1951. The purpose of such a study is to establish sound relationship between the National Association, the Provincial Association, and the individual nurse and the public. Miss Archibald also reported that the War Memorial fund has been closed, total contributions having reached \$27,000. The Provincial Association contributed \$973 to this fund. This money is being used chiefly to buy text books for schools of nursing in war devastated countries.

Mr. H. A. Rogers, Founder of the National Association of Kinsmen Clubs was presented with the key of the city of Charlottetown as the local Kinsmen Club celebrated the 31st anniversary of the founding of that organization last evening at the Charlottetown Hotel.

A welcome to Mr. Rogers from the Mayor, Council and citizens of Charlottetown was read by Councillor D. Stewart, who extended to him the freedom of the city now and at all times. Presentation of the key of the city was made by Mr. James Fullerton, City Clerk.

As he addressed the gathering of approximately one hundred and forty members and guests, Mr. Rogers thanked the representatives of the city for their welcome, and said he realized it was in reality a tribute, not to himself, but to Kinsmen clubs throughout the Dominion.

"Although I had the idea," he said, "It is the men who took the idea and developed it into the National Organization it now is, that deserve any tributes which should be passed out."

He continued by recounting his experience in thirty-one years of work with Kinsmen clubs, and told of the many services they are rendering especially for children, throughout Canada. He mentioned especially the deaf and speechless of Newfoundland who are now taken under the wing of the Kin there.

Mr. Rogers concluded by telling the local Kinsmen: "Service to your community is your responsibility, and service to the Dominion of Canada is your duty."

Extends Welcome

Chairman for the banquet was Ike Sinclair, President of the Charlottetown Kinsmen, who welcomed representatives of their local service clubs, and expressed appreciation of the tribute paid by Mayor E. Haris MacDonald

through Councillor Stewart and Mr. Fullerton. He especially welcomed the members of the Summerside Kinsmen clubs who attended.

A toast to the ladies was humorously proposed by Kin Dr. F. A. MacMillan, and replied to by Mrs. A. W. Gaudet, President of the Kinettes.

George Ayers proposed a toast to the Association of Kinsmen since its inauguration in Feb. 1920. He told his audience that Kin clubs were now in every Province of Canada and numbered 265 groups, comprised of 10,000 members. A recording of a response by the National President, K. E. Pierce of Toronto was an innovation which met with much applause.

Founders' Hal' was welcomed by Kin A. Walthen Gaudet, District Governor for the four Atlantic Provinces. Mr. Gaudet told of the start of the Charlottetown Club in 1938, followed by the organization of the Summerside group in 1945. He reviewed the history of the association and stated the purpose of Kin was one of service to those less fortunate. Speaking of Mr. Rogers, he said, he had always found him to be a source of inspiration to all with whom he came into contact, and was directly responsible for the outstanding work done by Kinsmen Clubs in Canada.

The newly installed parking meters, although not officially in operation, are the centre of considerable interest and Chief of Police Charles W. MacArthur reported yesterday that the police have had numerous inquiries about the operation of the meters.

The meters will probably be put into operation around March 1, stated the Police Chief. Many are now dropping coins into the heads to see how they work and as yet the Chief had heard no complaints on their installation.

145 double meters and 17 singles have been installed on the uptown business sections of Queen, King, Great George and Crawford Streets. No meters have been installed around the Market Square.

A few people have been dropping washers instead of coins into the meters. Cst. Arthur Bishop, meter repair man, was taking two defective meters apart yesterday afternoon as a Guardian reporter put into operation around March 1, stated the Police Chief. Many are now dropping coins into the heads to see how they work and as yet the Chief had heard no complaints on their installation.

The funeral service for the late Dr. B. C. Keeping was held at the Murray River United Church yesterday afternoon, and was largely attended. Interment was in the Murray Harbour cemetery.

The service was conducted by Rev. H. E. D. Ashford, of Trinity United Church, Charlottetown, who gave an inspiring and comforting message. The hymns sung included "The Lord Is My Shepherd," "O God Our Help in Ages Past," and "Abide With Me."

The Masonic service was conducted by R. E. Kemp, P. M., of St. John's Lodge, Charlottetown. Mr. G. S. Harris, of the Department of National Health and Welfare, Halifax, represented the Department at the funeral.

The pall-bearers were Messrs. Lea Nicolle, Dr. P. A. Creelman, Leo Doucette, Milton Stewart, Ernest Clawson, and Ernest Bell.

The regular quarterly meeting of the Association of Nurses of Prince Edward Island was held at St. James' Hall yesterday, beginning at 2:30 p.m. The president, Sister Mary Stanislaus, occupied the chair. There were forty-five members present.

Many reports were read and discussed. Outstanding among the reports were those of the executive committee meetings of the Canadian Nurses' Association. Many are now dropping coins into the heads to see how they work and as yet the Chief had heard no complaints on their installation.

first part of the drive. He reported that his team obtained 106% of their objective on the first day.

About 80 canvassers were present at last night's meeting. Mr. Lloyd Grant of the Y-Grade Club presided during the early part of the meeting and later handed over to Mr. Milton Barkhouse, co-chairman of the campaign.

Prince Edward Island was well represented among the 400 native sons of the Maritimes who attended the recent 21st annual dinner of the Maritime Provinces Association in Edmonton, Alberta. One of the chief speakers at the function was the Rev. G. H. Villet, D. D., Principal of Alberta College, P.E.I., who is a native of Hampton, P.E.I. who spoke on "Canada's Oxy Corner."

Other speakers included Air Vice Marshal C. R. Dunlap a native of Sydney Mines, N. S., Frank Freeze, formerly of Penobscot, N. B., and now of Calgary, and Rev. Paul J. O'Reilly, vice-rector of St. Joseph's Seminary, a native son of Argentina, Newfoundland.

Among those attending the function were Hon. J. J. Bowlin, Lieutenant Governor of Alberta, who also hails from Prince Edward Island, and Hon. A. J. Cooke, Minister of Economic Affairs in the Alberta Government.

Re-elected president of the Association was Mr. Edgar E. Nobles, formerly of New Brunswick. Former Island members on the executive include Mrs. C. R. Bradshaw and Elmer Lane.

Distinquished Career

Rev. George Harrison Villett referred to above, was born at Hampton, P.E.I. and attended the public schools and Prince of Wales College. After teaching two years, he went to Alberta and graduated from the University of Alberta and St. Stephen's College.

During World War I he served with the R.A.F. as a pilot, and on his return was ordained a minister of the Methodist Church, later the United Church of Canada. He served at Iron Springs, Taber, Pincher Creek, and McDougall Church, Alberta, before going to Vancouver where for twelve years he ministered at Canadian Memorial Church.

In 1947 the Board of Governors of Alberta College appointed him Principal of that institution. In that year the United College, Vancouver, conferred on him the degree of Doctor of Divinity for outstanding leadership among the youth of British Columbia.

Dr. Villett is a member of the Board of Governors of St. Stephen's College, Calgary, and McDougall Church, He is a Rotarian, President of the Associated Temperance Forces of Alberta, and serves on many boards of various groups in Edmonton.

FRIDAY

What might easily have been a very serious fire occurred on Wednesday night at the Blooming United Church about 9 o'clock when the casketaker, Mrs. Earl Corish was painfully burned when a gasoline lamp she was lighting took fire. It caught her stockings, her hair and her coat. She dropped the lamp on the floor of the Church porch and rushed outside. The flames were quickly beaten out but not before they had inflicted a very painful burn on her hand and severe burns on her legs. Her hair was singed and she was suffering from shock. She was taken to O'Leary to the Turner Nursing Home and her painful burns dressed by Mrs. Alice Turner R.N. on instructions of Dr. L.G. Dewar of O'Leary. She was then driven to her home in Mill River Drive.

A capacity audience greeted local artists as they appeared in a variety concert last evening in the Baptist Church Hall.

The entertainments sponsored by the Men's Association, proved to be one of the best ever presented in the Baptist Hall, and in spite of the changes in the program brought about by the prevalence of flu, the audience were high in their praise of all those who contributed.

Mr. Ralph Rupert acted as the general M.C. of the evening, and introduced each artist in a manner which was much more entertaining than the original printed program. The piano duo of Mrs. Enid Davison and Mrs. Helen MacRae performed with the sureness and ease for which they are well known, and Mr. Roy Smallman's baritone solos were a highlight of the program.

The expressive violin solos of Mr. A.H. MacKensie were very well received, and numbers by 15 year-old violinist Basil Phillips met with the whole-hearted approval of the large audience. Misses Nancy MacNeven and Barbara Rupert were heard in two of their charming vocal duets, and the sweet soprano voice and personality of Maureen Blake won for her much enthusiastic applause.

Mr. N. D. MacLean was re-elected chairman of the Prince Edward Island Hospital Board of Trustees last night at a meeting of the trustees following the annual Hospital meeting. Mr. MacLean's re-election sends him into his third year as head of the trustees.

Mr. E. A. Cadmore was re-elected vice-chairman and the secretary, treasurer, Mr. Andrew J. Likely, was also re-elected.

The retiring trustees were all re-elected. They were: Dr. J. W. MacKensie and Messrs. H. L. Sear and E. A. Cadmore.

During the meeting Mr. MacLean presented the president's report and Mr. Andrew Likely read the report of the secretary treasurer.

The following reports were also presented: Senior Ladies Aid, Mrs.

Gordon Avard; Wo-He-Lo Club, Mrs. Robert Sutherland; League of Mercy, Mrs. Gordon Hutcheson. Motions of thanks were presented to the following: Trustees, Ladies Aid, Wo-He-Lo and League of Mercy clubs, Hospital supervisor, nurses, business manager, Miss Mair and Mrs. MacDonald, Department of Health and Welfare, Hospital medical staff, press and officials at Prince of Wales College.

A four year old Shorthorn sire, Braedon Greatheart, and a young Shorthorn heifer, Brae Lodge Jill 2nd., were imported into the province from Ontario this week. The sire was imported by the P. E. I. Shorthorn Breeders Association and the heifer by Mr. R. R. Bell K.C.

Several of the Shorthorn breeders who saw Braedon Greatheart are well pleased with the sire which was purchased as the result of a decision at their annual meeting last fall when they decided to buy a top notch pure bred sire in order to improve their herds. The animal cost in the vicinity of \$2,000.

Sire of Braedon Greatheart is Klaymorn Ironside. The grand sire is Claymorn Fingerprint, the animal that commanded the highest price for a sire in Canada at the time of his sale a few years ago. The new sire is a dark roan and weighs about 2,000 pounds.

Mr. Bell's heifer was purchased from Mrs. J. W. Garley who runs the Brae Lodge Farm at Inglewood, Ontario. The heifer was asked by Aberfeldy Field Marshal, a champion sire. She is carrying a calf and will be two years old in July.

Both animals were selected by Mr. William Black, a fieldman for the Canadian Shorthorn Breeders Association.

Miss Doris Anderson, of St. Peter's Bay, P.E.I., who is doing post-graduate work on nutrition at Cornell University under a Princess Alice Foundation scholarship, will speak in a symposium on "Education for Family Living in other Lands." Announcement to this effect was made at Ottawa yesterday by Senator Carline Wilson, president, at the Foundation's annual meeting.

Senator Wilson said the Foundation was desirous of boosting its membership—and hence its scholarships—and said she would like to see three scholarships awarded each year.

Senator Wilson was re-elected for a fifth term as president of the Foundation whose history dates back to 1946, shortly after the departure from Canada of Princess Alice, wife of a former Governor General.

The Foundation now gives a \$1,000 scholarship annually for post-graduate study. However, in 1950-51 it was able to offer three such scholarships—thanks to an accumulation of funds and the 1949 scholarship, returned unused.

Those elected to the Foundation executive included Mrs. T. Rinfret of Ottawa, vice president; Mrs. E. D. Hardy, Ottawa, secretary; Mrs. G. D. Finlayson, also of Ottawa, treasurer.

Members of the advisory committee include the wives of the Lieutenant Governors of the Province.

The following report of the trustees of the Prince Edward Island Hospital for the year ending Dec. 31 last was given by Mr. N. D. MacLean, chairman, at the annual meeting of the Hospital last evening.

While this is the 66th annual report of the trustees of the Prince Edward Island Hospital, it is for a period of nine months, instead of twelve months as in the past. This is due to changing the fiscal year to correspond with the calendar year. This change was agreed to at a special meeting of the Corporation held on January 17th, 1950.

The growth of the hospital over the intervening years shows the importance of the hospital to the community in caring for the sick. I am not going to give any figures years at this time, as any figures I could give now would be just for a period of nine months.

One thing I do want to stress right here is that the hospital is growing, and caring for many more patients each year. It is also growing in financial needs. When the first hospital was started there was not the demand or need—nor were they available—many of the expensive drugs and equipment needed today. Staff is also another big item in financing the hospital.

We are not in the fortunate position of some hospitals which are heavily endowed. Our endowment fund really is very small compared with what it could be. During the past few years we have had very few legacies left to us, and we trust that those who are able to leave money for charity will remember the Prince Edward Island Hospital and the good work it is doing, not only in caring for the sick who are able to pay, but also the large number of patients who are unable to pay at all. What finer memorial could a person have than money left in trust for special equipment that perhaps could not be purchased otherwise, or to help build a special department in the hospital.

The cost of building makes it extremely hard to finance any new additions. Right now we need more space for Pediatric Department—a department which needs about thirty or forty beds for children. This department should be separate from the other departments of the hospital. We also need more space for private rooms in the maternity department and a central supply department.

The new nursery, ambulance entrance and doctors' quarters has been completed. This wing gives us forty cubicles for the nursery, with lots of working space, enables the staff to keep the babies more or less isolated from one another, which is extremely important. There is also an isolation room and a preparation room for preparing formulae, etcetera. The staff has sufficient space now to work in comfort, which I am sure they appreciate.

On the first floor we have set on more beds, and convenient quarters for the doctors—not the cramped and hot dressing rooms which they had previously—and in the basement there is considerably more space for the staff.

The ambulance entrance is also a great improvement, especially in wet, dirty weather when the patients are removed from the ambulance where it is warm and dry and it is also much easier for the ambulance men to work.

BIRTHS

PURDY—At Victoria Hospital, London, Ontario, on January 30th, 1951, to Mr. and Mrs. Lloyd Purdy (nee Annie McKay) a son, Kenneth Lloyd.

CROSBY—At the Prince Edward Island Hospital on February 18th, 1951, to Mr. and Mrs. Clayton Crosby of Crapaud, a son, Weight 9 lbs. 2 ozs.

MURCHISON—At the P. E. I. Hospital, February 17th, 1951, to Mr. and Mrs. Manson Murchison, (nee Jennie MacDonald) Point Prim, a daughter, Joyce Alexandra Lorraine, 7 lbs. 9 ozs.
