**McLEOD & McKENZIE,**  
STAR MERCHANT TAILORS,  
The Original and Peerless Artists of Our Day.

THE ABOVE HAS BEEN A SETTLED FACT FOR YEARS, and to keep before the public what is so well known to every good dresser in this Province, may seem superfluous. But as a good dinner tends to give a quietus to the disturbing influences within the inner man, so a thorough knowledge of our capabilities will give a quietus to anyone who may have had the good fortune of being dressed by us. The sun rises and sets, and it appears to the ordinary judgment that the sun revolves around the earth instead of the earth revolving around the sun; so we, through the immense strides we have taken in our art, would appear to the uneducated to be moving around our many friends, instead of they moving around us; like the sun imparts its warm rays to revive drooping nature, so we are the benefactors of our people, by aiming high and attaining to a STYLE and FINISH in our garments, which cannot but commend us as the MERCHANT TAILORING PHILANTHROPISTS of our day.  
Are you anxious to test the foregoing? Come in, then, and see our line of Goods, which are superior, in every sense of the word, and we will fit you out with a Suit which will doubtless draw the loving remark from your best girl that she has "the best dressed young man in town." Call early, if you must have it before 1st July.

### Local and Other Items.

**NAME CHANGED.**—The name of the Davies School, Summerside, has been changed to the Summerside High School.

**CONVENTION.**—The Y. M. C. A. convention of the Maritime Provinces will be held at Moncton, commencing on August 16th.

**MACKEREL FISHING.**—The *Agriculturist* reports that mackerel are being taken by hook and line at Miramichish and along the Western coast.

**ATTENTION.**—If you desire a fine head of hair of a natural hue and free from dandruff, Hal's Hair Renewer is the best and safest preparation to accomplish it.

**FREIGHT FOR MONTAGUE.**—The schooner J. & S., now at Pownal Wharf, will accept freight for Montague or Georgetown up to Tuesday evening the 25th inst. Apply to Horace Hazard.

**POISONED.**—A Montreal family named Blaine has been poisoned by eating smoked herring. At latest accounts several members of the family were out of danger, but the recovery of the mother and eldest daughter was doubtful.

**DROWNED AT SEA.**—Captain Williams, of Halifax, was lost overboard from the brigantine Sarah Oxner, while on the passage from New York to Liverpool. He belonged to England, and was married to a Miss Dunne, of Halifax.

**SAVED.**—A fine family of children were all afflicted with scrofula. Two died early; the rest would soon have followed, but for the timely and persevering use of Ayer's Sarsaparilla, which built them up into a healthy and vigorous manhood.

**CONSECRATION.**—We learn from the *Agriculturist* that an interesting religious ceremony—the consecration of the parish of the Sacred Heart—will take place at Palmer Road on the 29th inst., the feast of St. Peter and Paul. Rev. A. E. Burke, of Allerton, will preach the sermon de circonstance.

**HARD TIMES.**—An idea of the hardness of the times in Persia may be gathered from the fact that men who had a dozen wives have had to reduce the number to three or four. The exchange from which we glean the foregoing information, does not say what became of the cast-off wives.

**SOME STATISTICS.**—It is no longer from mining but from agriculture that California gathers wealth. The estimated value of her fruit crop in 1889 is \$24,500,000; that of her wheat crop, \$52,000,000. From barley she is expected to derive a gross return of \$5,500,000, and from wine, \$4,000,000.

**MORE CATTLE.**—The *Agriculturist* says: Messrs. Avard and Drummond shipped twenty-two head of cattle on Saturday morning, to Mr. John McDonald, St. John. They were a fine lot, and fed principally by the McCallums and McFarlanes, of Bedeque. Mr. D. Keeffe shipped eleven the same day to St. John.

**LIFTING THE CITY DEBT.**—Says the *St. John Telegraph*: Chamberlain Sandill has paid off \$24,000 of the city debt since May 1st. He has redeemed \$300 street, \$12,000 old city debt, and \$20,000 of market value bonds, all out of the accumulations of the sinking fund. The interest saving in the present year, over that of last year, is \$1,440. During this year about \$100,000 city debt must be met, most of which will be paid out of the sinking fund.

**PLACING THE DAMAGES.**—A very funny case was recently tried in the justice's court in Jasper, Ga., for damages to a hog by reason of the loss of one of the hog's feet in a collision with a train. In a three hour's legal fight the defendant's counsel contended that the rule of assessing damages was the loss in weight of the hog by reason of being run over, which in this case was one foot, weighing half a pound, which at ten cents a pound would be five cents damages. The plaintiff's counsel insisted that the rule for assessing damages was the value of the hog when hurt, with the cost of nursing and medical treatment, together with such damages as the enlightened minds of the jury thought proper for the mental pain and anguish of the hog. The jury gave the plaintiff \$5.

**SHE LOST THE CASE.**—The case of Catherine Davison vs. Stephen A. Herriot, an action for \$1000 damages for breach of promise of marriage, has just been decided at Amherst in favor of the defendant. The plaintiff was about 50 years of age—several years the senior of the defendant. She said she had been in defendant's services as housekeeper almost continuously from April 1882 to 1886, during which time she nursed him in his sickness, darned his socks, kept the buttons sewed on his shirts, milked the cows, and kept his house in order—all for \$5 a month. In 1886 she alleges, the defendant promised to marry her, the wedding being set down for the following June. The defendant denied that he ever promised to marry her. A number of neighbors gave evidence of admissions on the part of plaintiff that there was nothing between herself and the defendant.

**FROM BOSTON.**—The steamer Worcester, Captain Nickerson, arrived here shortly after nine o'clock this morning. She had the usual general cargo and the following passengers: Sydney Gunn, Captain David Hall and wife, Mr. C. A. Ryder, Mr. S. B. Ryder, Miss Louisa Sanderson, Mrs. Ross and 2 children, Mrs. McLanis and 2 children, Mr. Alex. Forbes, Richard Smerdon, Mrs. Smerdon, Miss Agnes McLeane, Mrs. McNevin, Miss J. Buchanan, Miss Agnes Buchanan, Miss Buchanan, Mrs. A. Bearisto, Miss J. Robblee, Mrs. C. L. Todd, Miss Louisa Galory, Miss Galory, Miss Galory, Mr. James McAdam, Mrs. Cress, Miss Sarah Bruce, Miss M. McLean, Miss Kate Bruce, Miss Kate McCormack, Miss Sharkey, Miss Gerie Connor, Miss McLaughlin, Mrs. Munroe, Miss Campbell, Miss Maggie Buchanan, Miss C. McPhee, Miss A. Farrell and Mr. D. McLeod—41.

### Conference Sayings and Doings.

(Special Correspondence of The Examiner.)

**THURSDAY, June 20.**  
After devotional exercises, and reading of the minutes, numerous communications to the Conference were read by the Secretary and received. Among these was a request from the W. M. S., to the effect that a delegate from that society be permitted to address the Conference in the interests of that society of women. It was decided that a time be fixed for the reception of such a delegate.

Rev. S. H. Hartley, A. B., pastor of the A. M. E. Church in St. John, was invited to take a seat within the bounds of the Conference. The remaining lay delegates having arrived, also took their seats within the bounds of the open Conference.

An unusually large number of probationers and candidates for the ministry are on the lists. Among them were Hedley Balderston, A. B., of P. E. Island, for whom the President desired sanction of the Conference that he might be taken out into the work as a hired local preacher during the year.

A memorial was read from the Shediac Quarterly Board, praying that that mission be relieved of Dover and Lutz Mountain. The resolution was referred to the memorial committee. The Shediac people hope the Mountain may be cast into Dover, and that a second minister stationed in Moncton relieve Shediac of the responsibility of attending to these places geographically foreign to it.

Rev. Dr. Pickard brought the matter of the Supernumerary Fund before Conference. He reported a small falling off in some of the districts, and urged upon the Conference the necessity of pressing the resolution passed last year and appearing in the minutes, that the members of our church be responsible for at least ten cents each towards the Supernumerary Fund, and that our ministers hold themselves responsible for the collection of that amount upon the different circuits. It was resolved that a committee of five be appointed to seek information concerning the condition of the above fund, and to meet with the general committee of the Maritime Conferences in this behalf. A lengthy discussion took place concerning the investment of this fund, and means for its augmentation.

Rev. B. Chappell, M. A., received leave of absence to travel one year in Japan in reference to entering educational missionary in that field.

It was resolved that the General Conference Special Committee be requested to take such steps as it sees fit to provide for the payment of expenses recently incurred in the case that has been carried on and recently decided in the Supreme Court.

It was resolved that the report of the Missionary Committee be discussed tomorrow morning.

The afternoon was mainly devoted to routine business, receiving reports of work done, and committees appointed in various districts.

It was resolved that the minutes of Conference be printed and sold for 10 cents per copy. The educational meeting was held in Centenary Church last night. A fine audience. The President took the chair at 7.30. Report showed a large increase in many circuits. Eloquent speeches were delivered by the following gentlemen: Revs. R. S. Crisp, G. Campbell, T. Marshall, J. R. Inch, Esq., LL. D., President of Mount Allison University, and H. A. McKeown, Esq., A. B.

Bishop Foster, M. E. Church, U. S., is to deliver a lecture on Wednesday night next upon "The Spiritual Forces of the Universe."

**FRIDAY, June 21.**  
The third day of conference opened more brightly still than preceding days. Nature is doing her best to welcome the visiting delegates.

The session this morning began with the usual devotional exercises.

The President—Rev. H. P. Cowperthwaite, A. M.—is growing in favor in his graceful discharge of the responsible office he holds.

The report of the Sabbath School Committee was presented by Rev. J. C. Berrie, and adopted.

A resolution of thanks was carried, to be passed to Senator Lewin in acknowledgment of a gift of a parsonage in Fairville, St. John.

It was resolved that the report of the Union Relief Fund be allowed to lie upon the table.

The report of the Nominating Committee was submitted by Rev. B. Wilson, D. Sc. It is the work of this committee to nominate for adoption by the Conference the names of members of Conference who are to compose the various committees for the year.

At eleven o'clock the report of the Missionary Committee was called for.

This had been looked forward to as an event in the Conference, and a large number of visitors were present, among them many ladies. The officers of the W. M. S. were invited to take seats upon the platform.

livered during the session, for eloquence, fervor and power. The increase reported from the Women's Society last year showed the fine increase of \$800.

Mrs. Lowry, Secretary of the W. M. S. of the E. New York M. E. Conference, addressed the Conference briefly upon the work of that Society, describing its organization and success and the consecration of its members in a very interesting manner.

A ministerial session of Conference is called for this afternoon. The question at issue is nothing in it pertaining to privacy. The only reason why its discussion will be limited to a close session lies in the fact that the resolution at issue was laid upon the table at the close of the first conference session, and, therefore, by a technicality, must be discussed in the ministerial conference. The matter has already leaked pretty freely forth, and was referred to in last evening's *Globe*, under the caption "The Government and the Conference." Our readers will remember the action of the Government of New Brunswick in which Mr. Lester Peters was removed from the office of Police Magistrate, and Mr. Ritchie appointed in his room.

At that time, the St. John Preachers' meeting, an irresponsible body, adopted and forwarded a resolution to Frederick protesting against the removal of Mr. Peters, who is a Protestant, of the Episcopal Church. Mr. Ritchie is a Roman Catholic. The resolution presented to the Conference embodies a censure of the action of the Preachers' meeting, upon the ground that the question was one of party politics, no question of morality being at issue, and that to meddle at all thereon was not, according to it, traditional policy of the Methodist church, which has ever refrained from taking, as a body, a side upon civil or political questions, which do not effect morals. The action proposed purports to relieve the Church of the responsibility of the action taken as stated above by pastors of churches in St. John. However, no intelligent person ever supposed that any such responsibility was upon the Church, but that the St. John preachers' meeting had simply acted as individuals composing a voluntary association according to their own private political views. The resolution of Dr. Sprague, as against said action, probably has another issue, viz., to relieve the government of Mr. Blair from the onus of opposition that might arise upon the part of such Methodist electors who may be disposed to retaliate against the silent neglect with which the government received said communication from the preachers' meeting.

A somewhat stormy and lengthened discussion is anticipated, as Dr. Sprague supported his resolution by an address worded strongly and sarcastically.

**The Cronin Murder.**  
BURKE'S CONNECTION WITH THE CRIME—SAID TO BE A LOAFER AND A DEAD BEAT AND A PROMINENT CLAN-NA-GAEL MAN.

The story of how Burke's connection with the Cronin murder was first suspected is given as follows: A year or two ago there died in Chicago a prominent Clan-na-Gael man and adherent of Alexander Sullivan named Crean. A subscription was raised to erect a monument over Crean's grave, and in due time it was unveiled. The bone and sinew of the Sullivan faction was represented at the ceremony, and those present were photographed in a group.

A fortnight or more ago Pat McGarry, whom Cronin's friends sent to Toronto to run down Long's lying despatches, suggested to the authorities that the men believed to have been present at the unveiling and have been photographed. One of the group photographs was shown to the Carlsons, and they were told to examine it under a magnifying glass. They did so, and identified the portrait of Burke as that of "Frank Williams" who had rented their cottage. Salesman Hatfield identified the portrait as that of "Simonds," the man to whom he had sold the furniture, and subsequently found in the Carlson cottage, and Trockmorton, who rented to "Simonds" the flat at 117 Clark Street, to which the furniture was first moved, also identified the portrait as that of his tenant.

For some mysterious reason Burke, who was then here, was not arrested. Probably the police were too busy putting up the Moroney job on the reporters. Burke was shadowed and became suspicious. He left Chicago without the knowledge of the police and went to Winnipeg.

A man who knows Burke says that he is twenty-eight years old, and was born in Co. Mayo, Ireland. He has been in America three years, and has some relatives in Chicago. He is a loafer and a deadbeat, but an ardent Clan-na-Gael man. Through the influence of John F. Beggs, the senior guardian of the notorious Camp No. 20, he obtained a position in the sewer department. He was discharged four months ago. Since then he has been living on his relatives. He disappeared from Chicago on the evening of the day Dr. Cronin was buried.

**Personal.**

We regret to learn from the *Agriculturist* that owing to ill health, Mr. H. J. Cunningham, of Misouche, has been forced to give up for the present his theological studies at Rome. He returned to the Island Thursday evening. He hopes to sufficiently recruit to be able to resume his studies in a short time.
