South Viet Nam And Reds Appear Sharpening Claws

By PETER SMARK SAIGON (Reuters) — The "Year of the Tiger" is approaching for South Viet Nam and Communist guerrillas in the country appear to be sharpening their claws for a desperate struggle. The guerrillas have gained a great deal of ground and have taken the initiative from the government in most parts of the country during the "Year of the Buffalo" now drawing to a close. As the "Year of the Tiger" approaches on the lunar calendar—observed by most Vietnamese, who are Confucians—the government is preparing a massive program to regain the initiative. With extensive United States assistance, military, economic and social measures are expected to be implemented early next month — the lunar New Year. Whether the "Year of the Tiger" will be good for the government of South Vietnamese President Ngo Dinh Diem and

Report Given Of Findings On Arctic Oil

EDMONTON (CP)—Abundant Arctic island oil could compete in northern European markets while abundant reserves on the mainland might find buyers as far west as Japan and New Zealand, Resources Minister Dinsdale said here. Mr. Dinsdale made public the comprehensive report on "economics of oil and gas development in northern Canada," compiled during a year's work by Alberta consultant Dr. G. David Quirk.

Canada could become a major petroleum producer if reserves large enough are found and exploited in the north. Conditions warrant larger spending on exploration to find supplies capable of supplying markets in 1960.

His U.S. advisers will depend on the thoroughness of the new program. Its aim is to improve security, political education, propaganda, hospital and school systems, marketing and agricultural assistance.

Evidence of the deepening U.S. commitment to the effort in South Viet Nam can be seen everywhere. Truckloads of United States troops armed with rifles and revolvers unloaded at the city's hotels each night. Although these troops are supposed to be used only in advisory and training capacities, practice is proving different from principle. U.S. special forces personnel, now said to number 2,500, are leading Vietnamese patrols on combat as well as training missions. American helicopter pilots are flying combat missions almost every day.

IN WORLD SOCCER CUP PLAY

Biggest Challenge Seen From Iron Curtain Clubs

By MICHAEL PRENTICE LONDON (Reuters) — Russia and other Iron Curtain countries are expected to provide the biggest challenge to Brazilian supremacy in the World Soccer Cup finals this year.

The finals will be played in Chile in May and June. The defending champion Brazilians will be more dangerous than ever in a country where they are familiar with the climate and food, but the Eastern European nations are optimistic. After two years of preliminary play, 16 teams have qualified for the final stages of the seventh World Cup.

Russia, Czechoslovakia and Hungary are rated as having the best chance to dethrone Brazil. The Brazilians first won the cup—never held by an Iron Curtain country—in Sweden four

years ago when they knocked off the Swedes 5-2 with a display which stunned the soccer world.

They have perhaps the greatest player in the world in 21-year-old Edson do Nascimento, known to international soccer fans by his nickname "Pelé." If he is in top form, Brazil may be unbeatable.

HAD SUCCESSFUL TOUR But Russia returned from a recent tour of South America full of confidence. The Soviets knocked off Argentina, Chile and Uruguay, the three South American teams rated just behind Brazil.

Trainer Gavril Kachalan said: "The climate doesn't worry us. The food was good. The fields were splendid and the crowds in Chile the best we met on the tour."

Lajos Barot, Hungarian team captain, thinks he has discovered a chink in the South Americans' armor.

"The South Americans are great individualists, but they hold on to the ball longer than necessary to demonstrate their high technical ability," Barot says. "When they fall to get an early goal they become unsettled and then anything can happen."

CECHS WELL-DRILLED Czechoslovakia, which just scraped into the finals after a playoff against Scotland, has a well-drilled team suited to the tough program in Chile.

The chances of a West European team reaching the final are not so bright.

Sweden, finalist last time, and semi-finalist France both have been eliminated. Of the remainder, none has been outstanding.

England has turned in some disappointing displays since its string of wins last year but hopes to find in Jimmy Greaves

West Nips East In Pro Bowl Tilt

By JOE LEWIS LOS ANGELES (AP) — With two seconds left, Johnny Unitas tossed a 12-yard touchdown pass to Jon Arnett Sunday to give the favored west a 31-30 come-from-behind victory over the east in the National Football League Pro Bowl.

The scoring toss provided a wild climax to one of the most hectic Pro Bowl games in history. A few minutes before, Jim Brown of Cleveland had shaken off four tacklers to ramble 70 yards for a touchdown that put the east ahead 30-24.

Minutes after Brown's run electrified the Coliseum crowd of 57,409, the big fullback was named the most valuable player of the game. But as the clock was running out, Brown fumbled on a routine running play when he was hit by a jarring tackle from the west's Bill George of Chicago.

GOES TO WORK George also recovered and with about a minute remaining, it was the west's ball on the east 41. Then Unitas went to work.

The Baltimore star passed 15 yards to rookie Mike Ditka of Chicago, then 14 yards to Colt team's Lenny Moore. With 15 seconds left, a Unitas pass for Moore fell incomplete.

As the seconds ticked away, Unitas shook off New York's Andy Robustelli, rolled to his left and threw a scoring strike to the Rams' brilliant halfback Arnett, all alone in the end zone.

Jim Martin of Detroit kicked his fourth conversion for the west and it was all over.

Y. A. Tittle of New York starred in a losing cause, tossing touchdown passes of nine and two yards for the east and engineering several other long marches.

Brown's touchdown run broke the old Pro Bowl record of 68 yards set by the Colts' Alan Ameche in 1958.

INTERCEPT PASS In the first quarter Dick Lane of Detroit intercepted a little pass and galloped 42 yards for a touchdown.

Hawks Defeat Blueshirts 4-2

CHICAGO (AP) — Chicago Black Hawks built up a 3-0 early lead and then held for a 4-2 victory over New York Rangers in a tense National Hockey League game Saturday night.

The final Chicago goal, Bobby Hull's second of the night, was scored while Ranger netminder Lorne (Gump) Worsley was off the ice in the final minute of play.

By winning the Black Hawks took sole possession of third place, a spot they had shared with Rangers.

The game was a close-checking contest throughout and neither goalie Glenn Hall of Chicago or Worsley was required to work too hard. Hall was credited with 24 stops to only 18 for Worsley.

A crowd of 14,574 attended. Defenseman Bob Turner put the Black Hawks in front at 2:30 of the first period when his shot from 40 feet out skipped over Worsley's pads. It was Turner's fourth goal of the year.

WORSLEY CAUGHT The Chicago lead went to 2-0 early in the second when Ron Murphy caught Worsley coming out of his net after a loose puck,
