Returned to Charlottetown

A youth from Charlottetown was picked up by Summerside police about 11:30 Thursday night and was returned to Charlottetown yesterday by E. C. M. P. He is believed to be the party who escaped from a car the previous night when checked by a policeman when he endeavored to fill his gas tank at a filling station. It was later found that the car had been stolen in Charlottetown.—S.

CARS IN COLLISION

Two cars were in collision on the main highway near St. Eleanors about eight o'clock yesterday morning. As far as can be ascertained nobody was injured sufficiently to require medical treatment. A Plymouth car was almost a complete wreck but a Morris was not so badly injured.—S.

S'side Y's Men's Club Meeting

The regular weekly meeting of the Summerside Y's Men's Club was held last evening at Coyle's Restaurant with the president, Dr. H. E. Clark in the chair.
A. S. Hopkins reported that 900 old recordings had been donated to the club by Mr. Robert Grasley, manager of radio station CJRW, and these have been sorted and packaged in lots of 20 and will be sold to raise money for the club.
For the entertainment of the evening, a mock trial was held in which four members of the club were charged with misrepresenting and disgracing the club in that they perjured themselves to be beaten in curling by a rink from the Kinsmen Club. The four George Clarke, Lloyd Gorrell, Kenneth Callbeck and Ralph MacFarlane, were found guilty by the presiding judge, Fred Bingham. The defendant attorney, R. S. Hinton, immediately appealed the case. The appeal will be heard at a later date. The prosecuting attorney was Clarence Mercer.
Mr. Chester MacDonald was a guest at the meeting.—S.

Expecting Early Call For Tenders For Wharf Project

"As soon as the estimate is approved by Parliament tenders will be called for the reconstruction of the Summerside Marine Wharf and the erection of an additional frost proof warehouse," stated Mr. J. Watson MacNaught, M.P. in Summerside last evening. He expected that approval would likely be received by May and the project would take approximately 18 months to complete.
Mr. MacNaught arrived in his constituency on Thursday evening and proceeded immediately to Alberton to visit his father, Mr. Robert C. MacNaught of Coleman, who is a patient in the Western Hospital. He came to Summerside yesterday and will be in his office today. Mr. MacNaught expects to leave on return to Ottawa on Sunday.—S

RENTAL CONTROL

rental controls in a period of an emergency but the poor man is in more of an emergency than during a war as the costs of living have greatly increased while the wage earners' income has not.
Asked by Hon. Mr. Matheson why he was so late in bringing the bill before the House, Mr. MacKinnon said he knew that no one except a Minister of the Crown could introduce a legislation calling for expenditure of public money and he heard a report that the Opposition were planning to introduce such a bill.
He had representation from several people pointing out the inadequacy of the rental setup. Certain landlords had built apartments since the controls were imposed and did not come under the Act. Other landlords whose rents were frozen at a low rate had men with good salaries in their apartments.
He found it strange that he never heard a word from the people most interested in the question, he stated. He learned from the Premier that the only approach he had had about rents was from the Catholic Women's League and he began to doubt the necessity of going ahead with the bill.
He asked the City Magistrate what he thought about the problem, he stated, and while the Magistrate would not commit himself he pointed out there was a necessity for rental control. But yesterday both he and the Mayor had asked that the bill be put through.
"By all sincerity I started out to remedy a situation which I thought might want aid," Mr. MacKinnon said.
Hon. Mr. Matheson said he thought the rush to put the bill through was due to the officials from Charlottetown coming in at the last minute and asking him to put the bill on. It should have been read a month ago, he stated. As a member of the Government he had not been approached by anyone.
"If those are as interested as they say they are, all right. I know some charge too much, but the situation got so intolerable under the controls of the Wartime Prices and Trade Board that it was impossible to sell a place. There are two sides to the question. There are tough landlords and tenants just as bad. He blamed the difficulties on the Dominion Government. Controls are needed in wartime, he stated, but not in peace time.
He proposed to let things go as they stood and let the City do what they could. "The imposing of rental controls is a headache of the worse sort," he added. "The wartime controls should have been taken off two years ago.
Premier Jones told the members that they would have to pass the bill right away as the Lieutenant-Governor was waiting at the door.
The bill was given a second reading with the clause dealing with the Lieutenant-Governor-in-Council making a grant of assistance deleted. The bill was passed just before His Honour entered to give his assent to the bills and prorogue the session.

must sell their aims and objectives to the world. They must take "active" measures together to promote general understanding of their common aims and appreciation of their joint efforts as the essential foundation for our work together over what may be a long hard pull" lasting a generation.
Mr. Claxton spoke after being presented with an award by the American Arbitration Association for his services in promoting friendship between Canada and the U.S.
He predicted that "this business we are on of building up our strength to resist aggression will probably succeed" but the measure of its success "will be the continuation of the strain."

Junior Farmers and Junior Club News

The Emerald Sewing Club Girls won a debate over the Johnston's River Club at Emerald Hall, March 29, on the subject "Resolved that Country life offers more advantages to young people than City life."
The Emerald Club led by Mary Deighan with the able support of Sylvia Ford and Margaret Trainor, presented the advantages of city life in an able and concise manner and showed excellent training which is a credit to their teacher, Miss Tena McCloskey, and other instructors.
The judges, Miss Maylea Boswell and Messrs. Aeneas McAtee and Morris Deacon, gave an unanimous decision in favour of the Emerald Club but stated they had very few points over that obtained by Johnston's River Club. The judges also stated that they were very pleased to see such a large crowd present. It is very encouraging to the young debaters.
The Johnston's River Club was represented by Tommy Beagan, Mary McKenna and Earl Trainor. They all presented their points very well but they did not show quite as much training and finish.
While the judges were arriving at their decision a short program was presented. Miss Muriel Ann Sinnott and Miss Tena McCloskey sang, "Whispering Hope" and were strongly endorsed. Rose Mary Cash and Helen Borge gave an excellent step dance, and Miss Thelma MacPhee and Miss Anita MacPhee pleased the crowd with two western numbers. After the National Anthem an excellent lunch was served to the debaters and visitors and the evening closed with dancing.
This Debating Competition sponsored by the Junior Farmers Organization of Prince Edward Island has 14 clubs competing. The Emerald girls have now won the right to meet the Children of Mary Society of Vernon River in the Queen's County finals. Prizes will be given in each county and the winner for the province will be awarded with the Simmons and MacFarlane Trophy.

FRESH RED

troops were rushed into central front positions as replacements, field reports said.
Once again a massive Red buildup appeared definitely underway. Allied commanders anticipated a spring drive sometime during the first three weeks of April from as many as 270,000 Chinese of the Third Field Army.
Red aircraft also were more venturesome Friday. Up to 48 Russian-built Mig jets crossed south of the Manchurian border to attack American jets. One Mig was shot down in flames by F1-L1 Omer Levesque of Montreal, R. C. A. F. ace. Two more were damaged but escaped. No American planes were lost. Levesque is on loan to the U. S. Air Force.
(On the western front, Canadian troops were last reported at a point just seven miles south of the 38th parallel after chalking up another gain of 2-12 miles, Canadian Press correspondent Bill Boss reported.
(Wednesday, the Canadians advanced about 1 1/2 miles.
(Boss said the Princess Patricia's Canadian Light Infantry trudged unopposed to mountains between their kick-off-point Wednesday and Mount Myonji, a 4,500-foot peak just south of the parallel.)

(Reuters News Agency quoted front-line observers as saying the air battles over bridges on the Yalu River confirmed persistent rumors that a massive Chinese counter-attack was imminent. The bridge system is the key link between the Chinese front-line forces in Korea and their hundreds of thousands of reserves in Manchuria.)

The theft took place when the ship was about half way across to Borden from Tormentine. He forced open a window of the locked car to obtain the margarine while the driver was in the dining room. Sentence was deferred till Tuesday.
The defendant in the case of theft from the C.N.R. property, Borden, material to the value of \$80.00 was found guilty and sentenced to two months in jail.—S.

Red Sentenced For Insulting Pope

CHIETI, Italy, March 30 —(AP)—Communist deputy Laura Diaz was convicted tonight of insulting Pope Pius by saying his hands "are dripping with blood." A three-judge court gave her a suspended sentence of eight months in jail.
A Communist Party belle who was once a society girl of Leghorn (Livorno), Miss Diaz is the first member of Italy's Parliament ever brought to trial on charges of "offences against the Pope."
She testified she had never said the Pope's hands were bloody but had said he did nothing to prevent bloodshed in Greece, Spain and Palestine.
The prosecution charged she insulted the Pope in a speech at Ortona June 13, 1948, two months after Italy's Roman Catholic Christian Democrats trounced the Communist-led Popular Front in a general election.

Deficit Shown In Activities Of Crown Corp.

A deficit of \$84,378.15 in operation of the Newfoundland shipping service for the fiscal year ending March 31, 1950 is shown in the auditor's statement of the activities of the Prince Edward Island Industrial Corporation, tabled in the Legislature this week.
Cold storage operations realized a surplus of \$10,382.53, leaving an overall deficit of \$23,995.60 for the Corporation, which is a Crown company operating under the Provincial Department of Industry and Natural Resources.
The statement notes that a claim against the M.V. "Blue Peter II" has been included in revenue and is carried as an asset. Collection of this amount, however, is uncertain.
An amount of \$25,000 was received from the Dominion Government for providing cold storage facilities over a period of ten years. One-tenth has been included in revenue for the period under review.
"The Corporation, while Government owned, is operating like any other commercial organization," says the report; "and it is suggested that the records should be kept on the same basis. It is, therefore, recommended that the books be set up on the accrual basis, and in this way accounts receivable will be under control at all times, revenue will be recorded as earned and the liabilities will be recorded as soon as they are contacted.
Jan. 25 and March 14 totalled 25,000. This did not jibe with U. S. casualties reported to next of kin through March 23. Since the start of the Korean war, reported U. S. casualties were 57,000.
