THE Market Clerk is bound to carry out the provisions of the By-law relating to the weight of butter. He weighed several prints that were displayed for sale in the market to-day. THERE was a very large attendance at the market to-day. Vegetables were displayed in larger quantities than heretofore. The quality of vegetables is improving rapidly. "Yesterday afternoon as a child was playing with a dog on Douse's Wharf, *it* fell backwards into the water. A laboring man who happened to witness the accident, at once ran to the rescue and got the child ashore very little the worse of its ducking."—*Patriot.*

WAS it the wharf, or the dog, or the child that fell into the water? or did the wharf fall backwards into the water, taking the child and the dog along with it? or did the dog fall into the water and take the child and the wharf along? or did the child fall in and take the wharf and the dog in its fall? And having got the child safely ashore, won't the *Patriot* tell us what became of the dog and the wharf? Did the laboring man coldly abandon *them* to their fate?

THE *Advertiser's* correspondent at Murray Harbor states: The lobster business here is in full blast. Both factories—Murray Harbor and Cape Sharp—are in good working order, and are getting a good share of lobsters. Nine boats are actively at work at the Beach factory, and they bring in from nine to twelve thousand lobsters a day. At Cape Sharp there are five boats, and they do an extensive work also. Between both places about 100 hands are engaged—men and women—and have at this date 75,000 cans ready to ship. More than once over 4,000 cans in one day have been put up at the Beach, and have gone as high as 20,000 in a week. At the other factory about 2,500 have been their highest, but there they have but five boats fishing. In all there are about 2,500 traps, but only 1,700 in the water between both places. It may safely be said that King's County is far ahead in this business at present. These two factories are among the best in the Dominion, and both have been erected since the other was burnt, all but one wing of the Cape Sharp factory. Mr. McFayden is hopeful as to the future, and expects to branch off in other places if he succeeds well this summer. He also does a large store and other fish business, and has a large custom on both sides of the harbor.

THE CAMPAIGN.

Facts for the Electors.

In the coming elections it is of the greatest importance that every elector should be well informed on matters connected with the Administration of the past five years. With this object in view, a series of political tracts are being issued from the GAZETTE office at Montreal, which are carefully prepared, moderate in tone, and the statements and charges contained in them are verified in all cases by reference to official documents and blue books submitted to Parliament. No greater service can be done to any constituency than a general circulation of the facts contained in these papers, and the publishers have wisely placed them at a price that brings them within the reach of every Conservative Association, and every constituency. We advise our leading politicians in every school section to send for a hundred of these tracts and distribute them carefully where they will be read. It is the best way to convey a clear and concise view of the political situation, and must result in bringing about an intelligent verdict in the coming elections. There are many politicians who are unable to spare time from their business to take an active part in the canvass but such men can well afford to spend a dollar in circulating information among their neighbors.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint are the direct cause of seventy-five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect Sample bottles, 10 cents. Try it.
