GREAT BOOM!

Away Ahead!

IT IS A FIRST-RATE PLACE TO BE, and as we undoubtedly possess the ability to keep ahead, we can afford to lend a helping hand to our numerous struggling competitors. As we have attained to the proud position we now enjoy as leaders in our art, through years of toil and hard work, we would say to our competitors, DON'T BE DISCOURAGED. Step by step, if you persevere, perchance may find you approaching our present standard. BUT REMEMBER! you will not find us there. Perfecti'n is our Standard, and nothing short of that will satisfy our ambition to present a faultless garment upon a faultless gentleman.

To supplement our own natural skill, we employ artists who acknowledge no superiors in the Dominion of Canada. Thus equipped with superior heads and unequalled hands, and Goods of the finest quality, we feel safe in saying that we are prepared to fill the bill every time.

GOFF BROS.

Charlottetown, Nov. 20, 1888—eod & wky

Ask For Ayer's

Sarsaparilla, and be sure you get it, when you want the best blood-purifier. With its forty years of unexampled success in the cure of Blood Diseases, you can make no mistake in preferring Ayer's

Sarsaparilla to any other. The fore-runner of modern blood medicines, Ayer's Sarsaparilla is still the most popular, being in greater demand than all others combined.

"Ayer's Sarsaparilla is selling faster than ever before. I never hesitate to recommend it."—George W. Whitman, Druggist, Albany, Ind.
"I am safe in saying that my sales of Ayer's Sarsaparilla far exceed those of any other, and it gives thorough satisfaction."—L. H. Bush, Des Moines, Iowa.
"Ayer's Sarsaparilla and Ayer's Pills are the best selling medicines in my store. I can recommend them conscientiously."—C. Bickhaus, Pharmacist, Roseland, Ill.
"We have sold Ayer's Sarsaparilla here for over thirty years and always recommend it when asked to name the best blood-purifier."—W. T. McLean, Druggist, Augusta, Ohio.
"I have sold your medicines for the last seventeen years, and always keep them in stock, as they are staples. 'There is nothing so good for the youthful blood' as Ayer's Sarsaparilla."—E. L. Parker, Fox Lake, Wis.
"Ayer's Sarsaparilla gives the best satisfaction of any medicine I have in stock."—I recommend it, or, as the Doctors say, 'I prescribe it over the counter.' It never fails to meet the cases for which I recommend it, even where the doctors' prescriptions have been of no avail."—C. F. Calhoun, Monmouth, Kansas.

Ayer's Sarsaparilla,
PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Price \$1; six bottles, \$5. Worth \$5 a bottle.

Local and Other Items.

NO MAILS THIS EVENING.

ON RETURN.

—The Stanley will arrive on return from Picton to-morrow forenoon, bringing the mails.

FOR PICTON.

—The steamer Stanley, with a large cargo and mails and passengers, sailed for Picton this morning.

POLICE COURT.

—Joseph Valley was fined \$2 or 8 for drunkenness, and an assault case was disposed of for 5 cents and costs.

LEFT BEHIND.

—The weather this morning not being propitious, the Stanley did not tow the Northern Light to Picton as intended.

A fact that all men with gray and many shaded whiskers should know: that Buckingham's Dye always colors an even brown or black at will.

THE STANLEY.

—The new winter steamer Stanley was visited and thoroughly inspected by a large number of persons yesterday. All appeared to be well pleased with what they saw.

ACCOMMODATION.

—During the present week the Bazar at the Diamond Bookstore will remain open each evening until 10 o'clock in order to give purchasers an opportunity of inspecting the excellent stock.

ON THEIR WEDDING TOUR.

—She—"Why do you look so unhappy, George? Don't you know we are one now?" He—"Yes, I've heard that before, but when it comes to paying the weekly board bill, the landlord don't seem to think so."

IMPORTING HOUSES.

—It is said that owing to the high price of lumber and other building material in Los Angeles, Cal., several houses have been made in Chicago and imported by rail. Six such buildings were recently received in one week.

Nearly all colds are slight, at first, but their tendency is to so lower the system that the sufferer becomes a ready victim to any prevalent disease. The use of Ayer's Cherry Pectoral, in the beginning of a cold, would guard against the danger.

ISLAND HOUSES.

—Mr. T. B. Calhoun, of Calhoun's Mills, near Memramook, N. B., shipped fifteen splendid horses in the Stanley this morning. We understand, also, that several very nice animals form a portion of the cargo of the St. Lawrence.

BOTH WERE SATISFIED.

—An inquisitive resident of Madison, Indiana, thrust his fingers into a horse's mouth to see how many teeth he had. The horse closed his teeth to see how many fingers the man had. The curiosity of each was fully satisfied.

NEWS OF THE STANLEY.

—The steamer William, Captain Macdonald, arrived from Glouce Bay with a cargo of slack coal for R. McMillan, about ten o'clock this morning. The Captain reports passing the Stanley about midway between here and Point Prim—clear of ice.

NEW CHURCH.

—The consecration in Philadelphia recently of a church for the deaf—the only church for the deaf in America, and the only place of worship in the world managed entirely by deaf mutes—marks a still further advance in a work of philanthropy to which the people of America have so largely contributed. The rapid increase in benevolent agencies is a cheering sign to all who have faith that the world is growing better.

A FICKLE PEDESTRIAN.

—Geo. Cartwright, the English pedestrian, who was a contestant in the recent walk at Madison Square Garden, New York, was to have been married to a young Saratoga lady on Wednesday last. He did not materialize at the appointed time, and a subsequent investigation revealed the fact that he has a wife and family in England. A brother of the jilted bride was looking for the Englishman with a gun, and on Saturday he took a steamer for home to escape the angry relatives.

COLD.

—During the recent cold snap a good joke was perpetrated on one of our civil service officials. Entering a well-known bookstore he announced the fact of the weather being "awfully cold," and enquired for the record—per thermometer. The proprietor could not give a positive reply, but handed the official a thermometer which lacked the necessary mercury, requesting him to stand outside the door and ascertain for himself.

After waiting about half an hour for the blooming mercury to drop he discovered the joke and returned the instrument in a rather sulkily manner.

XMAS TREE.

—On the evenings of the 19th and 20th of December, the Sisters of the Congregation de Notre Dame, Souris, intend having a Xmas Tree entertainment in the Convent to which the public will be cordially welcome. The Souris Convent is looked upon as one of the finest institutions of learning for young ladies in the Lower Provinces. Its teachers are painstaking and enthusiastic in their noble calling. We bespeak for them therefore on the occasion of their coming Xmas Tree, the generous support of parents and others interested in the education and moral training of the youth of King's County.

CHICAGO'S TEACHERS.

—The city of Chicago, it is said, employs 1,600 teachers, of whom only 70 are males. The women teachers generally begin as cadets or monitors, and receive for assistance in the same room with a regular teacher 75 cents a day. After some experience of this kind they get appointments for absent or sick teachers at \$1.50 per day. Those who display aptitude are appointed on the regular staff at \$400 per annum. This salary is increased by efficiency and experience in six years to \$750. A woman who becomes a principal of a grammar school will receive at least \$1,100. The highest salary paid a lady principal is \$2,175 per annum.

CENTENNIAL.

—Rev. John Read preached an excellent sermon last evening, it being the centennial anniversary of the death of Charles Wesley, who, with his brother John, instituted Methodism in England over a century ago. The text, "The sweet singer of Israel," was used in showing the effect of hymnology in church services from the earliest ages. After alluding to Moses, David, Isaiah, Ezekiel and others in the Old and those in the New Testament, he bestowed high eulogy on the

founders of this branch of the Christian Church, and after the recital of various hymns from the collection, ended a splendid discourse by stating that the compositions of the Wesleys would live until the end of time.

HIGH LICENSE.

—From an exchange we learn that high license and the reduction of the number of saloons appear to have worked well in Philadelphia. There are now 1300 places where liquor is sold in that city, which claims to have nearly a million inhabitants. This reduction from the 6,000 or more that existed prior to June, 1887, is said to have been beneficial in many ways. There are less arrests and commitments to prison than under the old law, and a more general observance of the laws. These facts have impressed themselves upon the minds of the judges, and if they can keep the number of saloons within 1,000, they will do it the coming year.

A DAY'S SHOPPING.

—Husband—More money! Why, my dear, I gave you \$100 this morning for shopping. What did you get? Wife—Oh, lots of things. We were absolutely suffering for—a pair of socks for you; they were 25 cents. A necktie for you; that was twice that; it isn't the right color, and I don't suppose you will wear it; but it was such a bargain. And then I got you two new collars for a quarter, and a pair of nice warm gloves for you—only 30 cents, just think! And a pair of socks for the baby, they were \$2; and a dear little necktie for little Dick, that was \$1.50; and a rattle for the baby, that was 40 cents; and such a cute, cunning little hood for the cherub, only \$7; and a winter cap for you, for stormy weather, you know, that was 80 cents; and that was all, except a winter wrap for me, that was \$87.

Personal.

Hon. Senator Howland and wife, and William Welsh, M. P., and wife, were passengers in the Stanley en route to Ottawa, this morning.

Alexander McMillan, for forty years editor of the New York Commercial Bulletin, and a well known newspaper man, died recently, aged 63. His death is traceable to exposure in the blizzard of last March.

There is a report in the American papers that Mrs. Folson, mother of Mrs. Cleveland, is to be married to Mr. Merrit, United States Consul at Chemnitz, France. Mrs. Folson emphatically denies the report.

George W. Childs, of Philadelphia, possesses the original manuscript of Dickens' "Our Mutual Friend." It is the only manuscript of Dickens, with the exception of a few short stories, outside of the South Kensington Museum. Mr. Childs has refused \$5,000 for it.

Mrs. O. C. Converse, of Waterbury, Conn., now nearly 80 years of age, is remarkably proud of the fact that years ago, when a school teacher in the West, she had two pupils who became famous. In South Bend, Ind., she taught little Penny Harrison his letters. One fall in Ohio a sudden cold snap froze a canal near her school-house, and some boys were caught and held there several weeks. A boy who drove for one of the boats came to her school. He was 14 years old and the boys called him Jim Garfield.

Caution to Wholesalers.

The legal and commercial exchange of Canada, having offices in Montreal, Toronto, Hamilton, and London, England, have issued the following circular to subscribers: "Reports from our agents throughout the Province of Quebec warn us of fears prevalent that there may soon be a good many failures among retail dry goods, clothing and furs. The weather has been so inclement for some months past that stocks have been almost unsaleable and settlements difficult. We are advised that many of these merchants are privately obtaining indulgences from their chief creditors for the universal reasons given above, that the weather has been bad. We would therefore respectfully suggest that extreme caution be exercised in dispensing credit, and only after full and thorough inquiry into the position of each buyer.

The Indians Around Duck Lake.

Mr. Roe, Indian agent at Duck Lake, Man., who played a prominent part in the Northwest rebellion, and was confined in Batoche eight weeks by Riel and his Metis followers, is now visiting friends in Ontario. Being asked as to the condition of the Indians in the Northwest he said: "The rising generation are becoming splendid farmers, and although I have 1,500 Crees under me, yet I never had a bit of trouble. The old bucks will not work to any great degree. They never had, and I'm sure never will. Gabriel Dumont, Riel's lieutenant in the late uprising, is west of my reservation and spends most of his time amongst the Sioux and Blackfeet. Big Bear, with his small tribe of Stonies, had to go into the United States, and I believe he is stationed near the frontier. The majority of the Northwest Indians are good, loyal subjects. The Metis, at least a small part of them, cannot forget their late chief, Riel, but as for another outbreak occurring, that never will happen.

One of the reasons why Scott's Emulsion has such a large sale is, because it is the best. Dr. W. H. Cameron, Halifax, N. S., says:—"I have prescribed Scott's Emulsion of Cod Liver Oil, with Hypophosphites for the past two years, and found it more agreeable to the stomach and have better results from its use than any other preparation of the kind I have ever used." Sold by all druggists; 50c and \$1.00.

St. Petersburg is the only capital of Europe in which the population is steadily diminishing. During the last seven years the inhabitants of that city have decreased by 85,000.

No remedy for blood disorders can equal Ayer's Sarsaparilla. Though concentrated and powerful, this medicine is perfectly safe and may be taken by children as well as adults. Physicians recommend it in preference to any other. Price \$1. Worth \$5 a bottle.
