ABSTINENCE

Abstinence — Brings Comfort: And here the word comfort may include prosperity and general happiness. It does not require much insight to see the misery and unhappiness caused by strong drink.

lars spent when some workmen get their pay cheque?)

Abstinence — Benefits Commerce:

Commerce means TRADE. Everybody likes plenty of business, for the more business a man has the more money there is in use, and the greater profit is secured. If all the people of the United Kingdom were ABSTAINERS at least 1,000,000 pounds more would be spent in useful trading.

Abstinence — Blesses Childhood:

And not only children but all classes. The great blessing it brings to children is that it enables them

to grow up innocent of an acquired taste for strong DRINK.

(Prevention is better than cure.) "It is much easier to INFORM than to REFORM."

ALCOHOL

Alcohol — Blocks Christianity:

All the various churches, with their ministers, Sunday Schools, Bible Classes, Institutes, etc., are trying to combat evil. They are fighting against all kinds of wrongdoing, and every GOOD man and woman is doing the same. There is one great evil that blocks progress, and that is the evil of strong drink.

Alcohol — Blemishes Chastity:

To be chaste is to be pure in THOUGHT and WORD, and

DEED. It ought to be our great ambition to be pure. Nothing will so help to render us impure as Strong Drink. It inflames the passions, excites anger, and overturns our judgment.

"Guard well thy thoughts for thoughts are heard in Heaven," and remember "As a man thinketh in his heart, so is he."

Alcohol — Blights Character:

Once lost, no money can ever purchase back our good character. It is of more value to us than great riches, and we should jealously guard it against any allurements and enticements. Let us remember the great fact that strong drink undermines character, and renders men both untruthful and unreliable. The great lesson to learn is to "ABSTAIN FROM ALL STRONG DRINK." NEVER TAKE THE FIRST GLASS!

Survey shows... **MORE PEOPLE PREFER B-A GASOLINE THAN EVER BEFORE**

A recent survey by an independent research panel showed that more people than ever before prefer B-A. The rise and fall in gasoline preference by Canadians, between 1949 and 1951 is shown on the chart. B-A leads all other oil companies for increased preference and popularity.

All the laboratory tests in the world, and all the claims made for a product are meaningless until the public has made the one real test—actual use of the product. And in the case of B-A 88 and 98 gasolines, the motoring public have given their approval. In 1949 and again in 1951 the simple question "Which gasoline do you prefer?" was asked of thousands of motorists by an independent panel. B-A showed a gain of nearly twice its nearest competitor in public preference. If you haven't tried B-A 88 or 98 gasoline lately, get a tankful and find out for yourself why more people than ever before prefer B-A. You'll find that economy and power are the two main reasons!
