STATE OF THE REVENUE—LARGE INCREASE.

We are at liberty to make the following statement of the Receipts at the Treasury from the 1st February, 1857, to the 31st July, 1857, as compared with the corresponding period of the year 1856:—

Table with 2 columns: Year, Amount. 1857: £18,025 1 5; 1856: £13,583 17 0. Increase: £4,441 4 5.

The revenue for two of the Out-ports is not included in the above return.

A STANDING LIE REFUTED.

WHEN the Islander fabricates a small charge against a political opponent, and finds that it can be published some twenty or thirty weeks in succession without contradiction, there is no doubt that it will stick to the lie for ever after, if the party belied does not choose to contradict and expose it.

THE STEAMER WESTMORLAND.

THE Tory party, headed by the Islander, their organ, have taken a fancy for decrying the new steamer Westmorland, and by dark allusions to the unfortunate Fairy Queen, have sought to awaken public distrust in this admirable and fast-sailing vessel.

PUBLIC OPINION IN KING'S COUNTY.

DURING the past week we have had a long and agreeable tour through a large section of King's County—attending in the course of our rambles no fewer than seven public meetings in the Second Electoral District.

THE CROPS.—Wheat—Our anticipation of the destruction of this grain has been fatally realized. In so far as we can learn, it rules from an estimate of half a crop on some farms down to a total loss on others, the whole not averaging so much as a quarter crop.

Barley has also been attacked by the wheat-midge, which in one respect resembles the people of this Island. It prefers wheat, but if it cannot be got, it will, in hard times, take barley.

Outs, where they did not fail in the Spring, will, we think, be a full average.

Potatoes cannot yet (3d August) be said to be diseased, but from their early flowering, and the exhibition of black leaves, disease is anticipated by most persons in the Townships.

Turnips are complained of as unsatisfactory, as we suppose they always will, unless manure can be very heavily applied.

The steamer "Westmorland" arrived here last Tuesday evening from Pictou. She takes her place immediately as the Mail Steamer between Pictou, Charlottetown, Bedouque and Shediac.

TERRIFIC GALE AT THE NORTH, AND FEARFUL LOSS OF LIFE.

We have been favoured with the following extract of a letter written for publication in the Miramichi Gleaner by James Blackhall, Esq., of Caraquet, dated Saturday, July 25th, but which was received too late for insertion in the last number of that paper.

DREADEFUL GALE AND LOSS OF LIFE.—On Monday and Tuesday last, all the Fishing Boats left Caraquet, Shipigan, and other places in the Bay of Chaleur and head of the Gulf, and proceeded chiefly to the Orphan and Bradeille Banks.

Several were capsized in entering, and the crews drowned in the very entrance of the harbours. The whole coast from Miscou Island to Tracaday was strewn with the wrecks, the dead and the wounded. Late last evening one of my neighbours returned from Pokemouche, where he had interred his brother, who was capsized in Shippagan Gully;

The Honorable Robert Gordon, M. D., went through this settlement on his way to the Lazarett in Tracaday on Tuesday, intending to return on Thursday. He is not yet come, and I expect he remains there to administer assistance to the wounded that have been picked up.

THE SKIN. Is formed with thousands of pores in every inch of surface whose office it is to carry off the impurities of the blood—the acknowledged cause of all diseases of mankind—when the skin is dry and parched, when it is covered with eruptions—when it is cold and clammy—when there is inward fever or inflammation—it is impossible for the skin under these circumstances to perform its proper functions and to carry off the impurities from the body as designed by our Creator.

Morse's Indian Root Pills remove these obstructions, and produce free and healthy blood, remove the eruptions from the skin, and cause it to brighten with the flush of youth and beauty. Beauty so much admired and loved. Beauty without paints and cosmetics—but beauty produced by health and happiness.

GENTLEMEN,—I beg to return thanks for the support you so kindly offered me for the late Election, and at the same time to assure you that it was not from any fear of the result I withdrew from the contest, but from a variety of motives, the greatest of which was to satisfy the desire of the friends of both the political candidates, that they might have a fair trial of the numerical strength each party possessed.

I have the honor to be, gentlemen, yours very truly, Ch. Town, Aug. 10, 1857. WILLIAM MURPHY.
