France Renews Threat To Quit Common Mar.

PARIS (AP) — France has threatened again to quit the European Common Market unless the six agree on a joint agricultural policy to round out the economic community for industry.

The French made similar threats a year ago in haggling about policy on farm production but Wednesday's warning was more explicit and was attributed to President Charles de Gaulle himself.

A government spokesman announced the possibility of France's withdrawal following a cabinet meeting. Avoiding any specific deadline, he said:

"The president of the republic, the premier and the entire government stressed once again that France will cease to participate in the European Economic Community if the agricultural market is not organized."

Such a step would be a grave blow to French industry, which has benefited greatly from the gradual abolition of trade barriers among the members — France, West Germany, Italy, Belgium, The Netherlands and Luxembourg But it also would be a serious setback to industries in the other five countries which have likewise profited in trade.

The threat might be only a bargaining device aimed at current negotiations. But the fact de Gaulle's prestige was thrown on the scales gave it much more weight.

The cabinet acted on hearing a report from Agriculture Minister Edgard Pisani on the deadlock in negotiations at Brussels among the farm ministers of the six countries.

Pisani and the other ministers have been seeking to establish a common policy on sugar and on grain prices, especially wheat. Pisani told the cabinet he encountered opposition from certain other partners who were seeking to protect their own local interests.

The government spokesman recalled the Common Market treaty provides for an eventual joint farm policy. He said this is necessary before the Common Market can begin tariff reductions with the United States in the Kennedy Round talks.

Wilson Gov't Will Stand By Commitments

LONDON (AP)—Prime Minister Harold Wilson's new government has advised its allies Britain will stand by its international commitments.

In swift moves to allay any possible doubts about the Labor government's loyalties, Foreign Secretary Patrick Gordon Walker sent off messages which emphasized:

Britain will go on giving the fullest support to the Central Treaty Organization which, with U.S. backing, links Turkey, Pakistan, Iran and Britain.

Britain will continue its "policy of full support for the aims" of the eight - nation Southeast Asia Treaty Organization the United States and France are among SEATO's members.

Britain regards the work of the seven-nation European Free Trade Association as important. EFTA was set up as a counter-group to the European Common Market. Its members swap industrial tariff concessions.

Wilson and leading members of his administration have at various times criticized some aspects of the CENTO and SEATO alliances. They see neither as fully meeting the changed needs of the Middle and Far Eastern situations.

But Labor government leaders evidently have decided to put first things first with their eyes fixed on Wilson's expected summit meeting with the president of the United States before the end of the year.

IN MEMORIAM

STEELE — In loving memory of our dear mother, Mrs. Howard Steele, who passed away October 23, 1957 and our dear father who died suddenly September 18, 1964.

Your gentle faces and patient smiles
With sadness we recall
You had a kind word for each us
And died beloved by all.
We miss you now, our hearts are sore,
As time goes by we miss you more,
Your loving smiles, your gentle faces,
No one can fill your vacant places.
Always remembered and sadly missed by their family.

CURRAN — In fond and loving memory of a dear husband and father, Parnell Curran, who passed away on October 23, 1957.

Loved and respected wherever he went.
Always thoughtful, loving and kind,
A beautiful memory he left behind.
Sadly missed and always remembered by his loving wife, family and grandchildren.

Eight-Cent Stamp Due For Air Mail

OTTAWA (CP)—An eight-cent airmail stamp—the first of its denomination since 1946 — will be issued Nov. 18, Postmaster-General Nicholson has announced.

It is intended to replace the seven - cent airmail stamp, made obsolete by a recent increase in airmail rates to the United States. The stamp also can be used for parcel post and for first class letters weighing between one and two ounces for delivery within Canada.

The new stamp is blue and identical in design to the seven-cent airmail stamp. It shows an inter-city jet aircraft taking off from a modern Canadian airport terminal.
