DOMINION PARLIAMENT.

HOUSE OF COMMONS.

Perry on the Rampage

OTTAWA, July 14. In the House of Commons yesterday Sir Hector Langevin said that Parliament will be asked for a grant to erect a statue of Sir John Macdonald on Parliament Hill. Mr. Perry brought up the case of Muttart and Sanders, railway employes who, he said, had been dismissed from the P. E. Island railway for political reasons. Mr. Perry also charged that a hundred dollars had been paid to the railway by Conservative voters under a promise that it would be refunded, and he believed it had. Men had also, he said, been compelled to make affidavits that they had voted for the Conservative candidates before they were given employment on the railway. Hon. Mr. Bowell replied that he had enquired of Mr. Schreiber, who knew nothing of Perry's charges—but would investigate them. The debate occupied all the afternoon, and took a wide range—the Grits coming out second best, as usual. The House occupied the evening session in discussing the sawdust and river question.

LONDON, July 14. Spurgeon is worse. PARIS, July 14. President Carnot was fired at in Paris yesterday by a lunatic, but was unhurt.

WASHINGTON, July 14.

The reports about Secretary Blaine's ill health are unfounded.

ST. GEORGE'S BAY, Nfld., July 11.—Sir

Baldwin Walker's proclamation closing 60 British lobster factories along the west coast of Newfoundland, is practically an edict of starvation to hundreds of people. These sixty factories are closed down by the British warships at the demand of the French Naval officers without any regard to their interference or otherwise with French factories. The French admiral does not claim that a single one of these factories interfere with his people, but says they are in violation of the modus vivendi, and must therefore close down without any regard to the effect upon the helpless people of the coast. The French officer cynically remarks that the fate of the people is purely a question for the British authorities to settle in conjunction with the demagogic politicians of St. John's, who have caused all this trouble.

Fishery Bulletin.

(Fisheries Intelligence Bureau Report.)

HALIFAX, July 14.—Codfishery fair at English Bay; poor at Fox Bay; poor at Perce, Que., but fair at Newport and Paspebiac. The bank fishermen of Caraquet returned yesterday and report good appearance of both fish and bait, but owing to unfavorable weather the daily catch only averaged about two quintals per boat. At Point Escuminac the fishery is fair. On the coast of Cape Breton the fishery in most of the places is poor, but reported fair at L'Ardoise and good at St. Peter's. Fair fishery reported at Canso, but poor along the coast to Lunenburg, where it is fair, poor from there to Cape Fleet, where it has been good for some time. Mackerel reported plentiful off Missonette and Caraquet Islands. Good hooking on the north coast of P. E. I., from Miminagash north to Tignish, but few were taken to-day in the vicinity of Alberton. No catches of any note on the coast of Cape Breton or Nova Scotia. The average catch at Lunenburg is fair, but only poor at Pubnico and St. John's Island. The herring fishery is reported about the same yesterday, no point of interest being noted.

FOR OVER FIFTY YEARS Mrs. Winsloe's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces a natural, quiet sleep by relieving the pain, and the little cherub awakes child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winsloe's Soothing Syrup," and take no other kind. mar23 eod & wky 1yr

Firemen's Meeting.

A largely attended meeting of the members of the Fire Department was held in the large Engine Room, City Building, last evening, to make arrangements for a Moonlight Excursion, as a preliminary step towards a Firemen's Tournament to be held in Charlottetown next summer. The meeting was called to order by appointing Robert Russell as Chairman, and George M. Moore, Secretary. After the Chairman had stated the object of the meeting, it was moved by Chief Engineer Large, seconded by John A. Griffith, that a committee of three—to consist of the Captain and two men from each Company—comprise the Committee, each Company to nominate its own men, which was carried unanimously. The following are the names of the committee:—

- Silsby—Capt. King, Robert Russell, John McKenna. Rollo—Capt. Wonnacott, Jeremiah Mahar, Wm. Murphy. Salvage Corps—Capt. Dawson, H. D. Johnson, R. S. Farquharson. Hook and Ladder—Capt. Hartz, D. Finlayson, West Quigley. Tremont—Capt. Pickard, Robt. Woods, R. White.

After the discussion of some minor details with regard to the Excursion, the meeting adjourned. At a subsequent meeting of the Committee, Chief Engineer Large was elected Chairman, Daniel Finlayson, Secretary, and J. B. Dawson, Treasurer. The Committee decided to hold the Moonlight Excursion on Wednesday evening, July 22. The greatest enthusiasm prevailed among the members, and all expressed themselves in favor of making this the most attractive Excursion ever held in this city. Our firemen are always ready and willing to give their services whenever called upon, and we trust that their efforts to bring credit to themselves and the city, in regard to the Tournament, will be appreciated.

THE STATEMENT BELIEVED.—We have published at different times that we could furnish a piece of crockery or glassware to every man, woman and child on P. E. If there is another person who yet doubts our statement we wish him or her to call and look through our stock (without charge) and we believe they will be quite satisfied that our statement is correct.—W.
