

Good Society.

Many parents who have sons and daughters growing up are anxious for them to get into good society.

Parents, your daughter is in good society when she is with girls who are sweet and pure and true-hearted; who are not vain or frivolous; who think of something besides dress, or flirting, or marriage; between whom and their parents there is confidence; who are useful as well as ornamental in the house; who cultivate their minds, and train their hands to skilful workmanship.

The same rule holds for boys as well as for girls. You would have those enter into good society. Do not imagine that you have accomplished it when you have got them with a set of boys whose parents are wealthier than you, who dress better than your boy can afford, and who pride themselves upon their social position.

There is nothing sadder than to see either young men or women priding themselves upon the society which they enjoy, when verily it is a Dead Sea apple that will choke them with its dust, when they need some generous juicy fruit to cool their lips and stay the hunger of their souls.

Procrastination.

Procrastination signifies putting off or neglecting present duties for another time, or a "more convenient season," and is styled "the thief of time."

It is a habit that creeps almost imperceptibly upon us and is such an easy thing to practice, that all are tempted to yield.

"Count that day lost Whose low descending sun Views from the head, No worthy action done."

Ambition is not a vice of little people. Man, while he loves, is never quite deprived.

Life has always action; it is our own fault if it ever be dull.

Cautious age suspects the flattering form, and only credits what experience tells.

Good is never more effectually performed than when it is produced by slow degrees.

Afflictions are the rough touches and hard rubs that we get to polish us for use and for shining.

Life is asleep. Old men have slept the longest; they only begin to awaken when it is time to die.

Each departing friend is a magnet that attracts us to the next world, and the old man lives amongst graves.

MARK BUTCHER. May 21, 1878.-pat ar n era her pres 1m.

The Greatest Medical Discovery since the Creation of Man, or since the Commencement of the Christian Era.

There never has been a time when the healing of so many different diseases has been caused by outward application as the present. It is an undisputed fact that over half of the entire population of the globe resort to the use of ordinary plasters.

DR. MELVIN'S CAPSICUM POROUS PLASTERS are acknowledged by all who have used them, to act quicker than any other plaster they ever before tried, and that one of these plasters will do more real service than a hundred of the ordinary kind.

Physicians in all ages have thoroughly tested and well know the effect of Capsicum; and it has always been more or less used as a medical agent for an outward application; but it is only of very recent date that its advantages in a porous plaster have been discovered. Being, however, convinced of the wonderful cures effected by DR. MELVIN'S CAPSICUM POROUS PLASTERS, and their superiority over all other plasters, they now actually prescribe them, in their practice, for such diseases as rheumatism, pain in the side and back, and all such cases as have required the use of plasters and liniments, and they have failed, and you want a certain cure, ask your druggist for DR. MELVIN'S CAPSICUM POROUS PLASTER. You can hardly believe your own convictions of its wonderful effects. Although powerful and quick in its action, you can rely on its safety for the most delicate person to wear, as it is free from lead and other poisonous material commonly used in the manufacture of ordinary plasters. One trial is a sufficient guarantee of its merits, and one plaster will sell hundreds to your friends.

Ask your druggist for DR. MELVIN'S CAPSICUM POROUS PLASTER, and take no other; or, on receipt of 25 cents for one, \$1 for five, or \$3 for a dozen, they will be mailed, post paid, to any address in the United States or Canada.
