BAY FORTUNE

The teacher, Mrs. Marjorie lead and pupils of Edgington school are to be congratulated in the splendid concert they presented Saturday evening, Dec. 6. Mr. and Mrs. Keith MacKenzie were visitors at the home of Mrs. Laura MacKenzie on Christmas day. Mr. and Mrs. George Peilon and family, Rolio Bay West, were recent visitors of Mr. and Mrs. Claude MacKenzie. Among those who attended the Pentecost service in St. Ann's United Church on Christmas eve, were Mr. and Mrs. Claude MacKenzie, Mrs. George Peilon, Miss Linda Dingwall, The United Church Women Aid the December 26th service at the home of Mrs. Mildred Row.

Ocean Fisheries Limited Has Plan For Expansion

By FRANK SULLIVAN HALIFAX (CP)—Ocean Fisheries Limited, largest fisheries company in Canada, has announced plans for expansion along the Atlantic coast, says its president, C. J. Morrow. The company is planning to build a new processing plant at Lunenburg, N.S., and building of the three new trawlers. EMPLOYERS 2,600. Ocean Fisheries played an important part in the economy of the region. It employs directly about 1,300 in the Atlantic provinces and another 500 elsewhere. The company also buys the catch of several hundred independent fishermen. Sales and revenue of Ocean Fisheries Limited for the fiscal year ended Aug. 31 were the highest in the company's history. Mr. Morrow said in his annual report. The total figure of \$27,736,000 represented an increase of \$2,472,000 over the previous year. Part of the increased revenue is attributed to the seven-month operation of a shrimp plant at Tampa, Fla., acquired by the company last year. However, the annual report showed earnings after taxes of \$68,300, a decrease of \$36,089 from last year. Mr. Morrow said earnings for the 1963 fiscal year were "adversely affected" by poorer average catches by the company's trawler fleet. It was hoped the new trawlers would bring up the overall catch. He said federal subsidies to boatbuilders also benefited the company in that it "allows us to buy trawlers in Canada

rather than elsewhere else." Additional spending money this year would be put into "other" fishing and machinery," with eventual increased profits the desired result. Expansion of the Lunenburg plant and addition of the new trawlers is a \$10 million spending more than \$7,000,000, Mr. Morrow said. United States Corporation set up to assist industry, is financing the new plant. The company also plans a \$600,000 expansion of its 40-Falholm Fisheries Limited plant at Rockland, Me., one of its four subsidiaries in the United States. Others are at Boston, New York and Tampa, Fla. There are six Canadian subsidiaries. The new trawlers are being built at Halifax Shipyard Limited, a subsidiary of Inverclyde Steel and Coal Corporation, and will bring the company-owned fleet to 20. Completion of the new plant at Lunenburg, tentatively scheduled for June, 1964, will be "a big step forward for the fishing industry of North America," Mr. Morrow said. The general outlook for 1964 he described as "reasonably optimistic for trawlers in Canada

OTTAWA PICTURED THROUGH TOURIST EYES

By RONALD LEBEL OTTAWA (CP)—The national capital is the oldest fashioned city without any nightclubs and with plenty of filthy, bumpy streets. "Our children enjoyed the Mounties but were surprised they were all in uniform," said a tourist from New York. "I found your city dirty. Don't you ever sweep your streets?" asked a tourist from Thornhill, Ont. "There were some left-handed tributes," said a tourist from New York. "We hope Ottawa stays old-fashioned," said a letter from Seattle. The changing of the guard ceremony, performed every summer morning on Parliament Hill by a company of the Canadian Guards and the Grenadier Guards, was watched by thousands, scored a universal hit. A Washington, D.C. visitor suggested the ceremony be held indoors when it rains. A favorite suggestion was that the most beautiful woman in the city be crowned the most universal complaint: Tourists can't find the tourist bureau.

RIPLEY'S BELIEVE IT OR NOT

MR. AND MRS. JOHN J. ZAVISHOCK of Alaska Station, Alaska, CELEBRATED THEIR 50th WEDDING ANNIVERSARY AT A PARTY ATTENDED BY 6 OF THEIR CHILDREN. EACH OF WHOM ALSO CELEBRATING HIS OR HER OWN WEDDING ANNIVERSARY (Oct. 1914). NATHAN'S "MUSIC" ON THEIR ARMS. MONEY AND OTHER SMALL ARTICLES BEHIND THEM. WRAPPED AROUND THEIR BELTS. THE EGG CHURCH in Mont on the 16th SO CALLED BECAUSE ITS CONSTRUCTION WAS FINANCED SOLELY BY CONTRIBUTIONS OF ONE OF EVERY 10 EGGS SOLD IN THE AREA.

Alberta Small Businessmen Improve Management Skills

EDMONTON (CP)—Alberta's small businessmen are taking advantage of a government program to improve their management skills. About 60 owners and operators of small firms are participating in a management training program set up by the Alberta department of industry and development, the small business branch of the federal department of trade and commerce and the federal department of labor. Eric Baker, program organizer, said the chief aim of the program is to assist businessmen in Alberta's smaller communities to improve their skills and keep them informed about developments in industry. Courses include management accounting, retailing, marketing for service businesses and small manufacturers, bookkeeping, purchasing, small plant management and staffing. PLAN EXTENSION The program, which started this fall, is operating in such places as Medicine Hat, Jasper, and Taber, and with plans for extension to all small and medium-sized communities in the province by next fall. It will not be offered in Calgary or Edmonton, Alberta's two largest cities, where most university and vocational schools offer similar instruction. Mr. Baker said similar programs have been conducted in the United States and several European countries with considerable success. The first step in forming a training program is to obtain sponsorship of a local group, in most cases the chamber of commerce. The sponsors select

Ceylon Makes Language Switch

(COLOMBO, Ceylon (AP)—After 165 years, English has ceased to be the government language of this former British colony. It was replaced by the Sinhalese and Tamil languages spoken by 8,000,000 of Ceylon's 10,000,000 inhabitants. The language switch was one of three changes effected Wednesday with Buddhist rites and traditional ceremonies. The others will be more painful to Western interests. Sales of W. A. R. owned petroleum kerosene ceased. All over the island, the Shell, Esso and other signs were replaced by signs of the state-owned petroleum corporation. Only Soviet and the Arab Republic petrol kerosene will be sold. Another change was nationalization of general insurance by the state-owned insurance corporation, formed a year ago. This takeover affects 31 insurance firms of which 41 are foreign-owned, mainly British, Canadian and Indian. They now will be limited to marine insurance.

CONTRACT BRIDGE

By B. JAY BECKER

Below are seven common bidding sequences. Where the question mark indicates whether you consider partner's last bid forcing, compelling you 100 per cent to bid again or non-forcing (permitting you to pass) if partner's last bid merely urges you to bid again, without compelling you to, treat such a bid as non-forcing.

DAILY CRYPTOQUOTE — Here's how to work it

One letter simply stands for another. In this simple A is used for the three I, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
