

Cabinet Ministers A Rarity In Ottawa Next Few Weeks

OTTAWA (CP) — Cabinet ministers will be a rarity in Ottawa during the next five or six weeks. They started moving out of the Capital on vacation last Thursday following prorogation of the longest parliamentary session in modern history. From now until the end of the summer season most of them will be in Ottawa for only short periods.

All but one of the 20-member cabinet are out of town resting after the gruelling 140-day session. The only cabinet representative on duty today is Mines Minister Prud'homme, who is also acting prime minister.

However, three of his colleagues are near at hand. External Affairs Minister Pearson and Justice Minister Garson are holidaying for a few days in the Gatineau, Que., hills and Revenue Minister McCann is at his home in Renfrew.

PARTY LEADERS AWAY

Prime Minister St. Laurent left Thursday for his summer home at St. Patrick, Que., but plans to return for a cabinet meeting Aug. 15 or 16. About 10 other members of the cabinet also will be in Ottawa for the meeting.

Hon. George Drew, Progressive Conservative leader, left Friday to

join his wife in Ontario's Georgian Bay area. They plan to remain away for about two weeks visiting friends.

CCF leader Goldwell is in Saskatchewan for that province's jubilee celebrations and is expected to return by Aug. 15. Social Credit leader Low left Friday on a motor trip to southern California and Alberta. He will not be back here until September.

Two ministers are taking advantage of the summer to make special visits to various sections of the country.

Transport Minister Marler is planning to inspect airports across the country in August. Northern Affairs Minister Lesage will tour national parks in the Maritimes this month and later may make a trip to the eastern Arctic.

TWO IN EUROPE

Two cabinet ministers now are out of the country. Labor Minister Grey is expected to return Aug. 15 from an overseas trip during which he attended the International Labor Organization convention in Geneva and visited Israel.

Fisheries Minister Sinclair is on his way from Moscow to Vladivostok, normally a forbidden city to foreigners. He plans to inspect Soviet fisheries in the city following his attendance in Moscow at the July convention of the international whaling commission.

Meanwhile, Mr. Drew and George Hees, president of the Progressive Conservative Association and member of Parliament for Toronto Broadview, are planning late summer and early fall speaking tours.

Mr. Drew is expected to make a coast-to-coast speaking tour in the fall. Dates for the tour will be arranged after the Progressive Conservative leader's vacation.

Mr. Hees plans to spend about 10 weeks on the road starting about the middle of next month. He plans to visit all provinces except British Columbia, where the provincial party association has been at loggerheads with the national body for more than a year. However, he hopes to visit B.C. before the start of the next session.

Meaning, Mr. Drew and George Hees, president of the Progressive Conservative Association and member of Parliament for Toronto Broadview, are planning late summer and early fall speaking tours.

Mr. Drew is expected to make a coast-to-coast speaking tour in the fall. Dates for the tour will be arranged after the Progressive Conservative leader's vacation.

Mr. Hees plans to spend about 10 weeks on the road starting about the middle of next month. He plans to visit all provinces except British Columbia, where the provincial party association has been at loggerheads with the national body for more than a year. However, he hopes to visit B.C. before the start of the next session.

16-Year-Old Air Feat Is Duplicated

SALAIS, France. (AP) — Pilot Jean de la Bruyere of Edmonton hopped across the English channel and back again Sunday in a replica of the little monoplane Louis Bleriot used to make the first Channel crossing by air 46 years ago.

In flying there and back, de la Bruyere went Frenchman Bleriot one better. Bleriot's plane crashed in England. De la Bruyere made the round trip of little more than 40 miles in an hour and 40 minutes.

Last Thursday Jean Salis of France re-enacted Bleriot's feat in another plane.

Plan Lights In Park This Week

If work progresses as planned Victoria Park Roadway will be illuminated by Wednesday night, according to C. H. Elmer, chairman of the Light Committee, which the Light Committee notes that the thirty zexagon shaped cedar poles are now in position with the underground cable laid.

The poles, which are quite attractive, have been imported from New Brunswick and are all hand-hewn. "Steel posts placed over the salt water spray would soon deteriorate," said Coun. MacDonald. Each standard will carry two lights with an illumination of 250 candle power each and are placed 30 feet apart. It is the intention of the Light Committee to keep the park lighted from early Spring to Fall or so long as citizens are inclined to walk in the area.

Youngest To Swim Lake Ontario

swim Lake Ontario, crossing the 32 miles from Youngstown, N.Y., to Toronto in 20 hours, 56 minutes.

In that swim on Sunday she was under the guidance of John (Pop) Burwell, veteran water pilot.

Thousands of persons atop the 400-foot-high white cliffs of Dover witnessed the dramatic end of Marilyn's struggle with the cold, green straits that divide England and France.

A tricky current caught her several miles straight out from Dover when she was heading for the closest land, the pier jetties at the entrance to Dover harbor. The current swept her right by the harbor and it took her until dusk before she could fight her way to the shore.

With the last hours' struggle went all hope of beating the record for a woman of 12 hours 42 minutes set by Brenda Fisher of Grimsby, England, in an international swimming race in 1951. The American swimmer, Florence Chadwick, holds the record for the crossing with a time of 13 hours 20 minutes. Miss Chadwick took part in the attempt on Lake Ontario last summer but failed to complete the swim.

Marilyn, the second Canadian to make the swim, quickly won the hearts of the crowd when they realized she was the youngest ever to make the crossing. Philip Mickman of England swam the channel in 1949 at the age of 18.

In 1951 Mrs. Winnie Roach gleuzler of St. Thomas, Ont., became the first Canadian to complete the test.

A flotilla of a dozen boats accompanied Marilyn. In the yacht were her mother and father, Mr. and Mrs. Sydney Bell and her 12-year-old sister, Karen, of Toronto.

Several large vessels altered their course to give her clear water but stayed close enough for passengers to see something of the finish.

Marilyn's swim was sponsored by \$15,000 for the feat, but the money had been promised whether or not she managed to finish. The Telegram said Marilyn and three companions will also get a trip to Rome and Paris.

Boston Reports 16 New Polio Cases

BOSTON. (AP) — Sixteen new polio cases were reported Sunday in Boston, raising the city's 1955 total to 22 and the state's unofficial figure over the 480 mark.

John H. Cauley, Boston health commissioner, said that 85 of the city's cases already have been discharged from hospitals.

In Memoriam

In loving memory of our dear nephew and grandson, Albert Gerald Woodington, who died in an accident at Charlottetown on July 31, 1954.

Asleep in God's beautiful garden. Sheltered from sorrow and pain. Some day when life's journey is over We shall meet our dear ones again.

Lovingly remembered by Grand-ma Woodington, and Aunts Dorothy and Winnie.

In sad and loving memory of our dear son Anthony Martin, who died August 1, 1942.

Another year has passed. Since we had to part. God called him, it was His will. But in our hearts he liveth still.

A happy home once we enjoyed. How sweet the memory still. But death has left a loneliness. The world can never fill.

Life has never been the same. There is such a vacant place. In memory you are near. Bringing many silent tears.

Some day we hope to meet him. That day I know not when. God gave us fate we know. In Heaven we will meet again.

Lovingly remembered by father and mother, Mr. and Mrs. Andrew Martin.

English Schoolboys To Camp In Nfld.

ST. JOHN'S, Nfld. (CP) — A group of 63 English schoolboys arrived in Gander early Sunday to begin a two-month camping expedition in Newfoundland.

The boys, members of the British Schools Exploring Society, arrived by air from London and later Sunday moved to nearby Long Pond where they will set up camp. While in Newfoundland, the boys will study ornithology, entomology, botany, photography, and experiment with short-wave radio.

The San Francisco earthquake of April 8, 1906, brought down the heart of the city in ruin and flames

SALAD WEEK PRESENTATION TO PREMIER

In a Salad Week Presentation Matheson with a basket of fruit Wilma Hyde of Meadow Brook Garden Club presents Premier are, left to right: Premier A.W. Agriculture. —Barter's Film Lab.

Salad Week Being Observed

"Salad Week" which is sponsored by the Canadian Horticultural Society opened Friday, July 29th with members of the Salad Week Committee presenting baskets of salad fruits and vegetables to His Honour the Lieutenant Governor and Mrs. Prowse, Premier A. W. Matheson and Mayor J. D. Stewart.

Every year a week in late July and early August is designated as Salad Week, when our fresh fruits and vegetables are at their peak in quantity and quality. Producers, wholesalers, and retailers of fresh fruits and vegetables unite this time to bring before the consumer the value of fresh fruits and vegetables as at their peak of dairy, and livestock farms and the fishing industry in salads. Restaurants and Hotels feature salads in their menus and home-makers are urged to serve salads more frequently to their families. Canadians do not eat salads as frequently as people in several other countries and visitors are often disappointed in the lack of variety they find in fresh crisp salads.

The Canadian Horticultural Society hopes to introduce salads to more people every year during "Salad Week." We are blessed with an abundance of fine products, let us use them at their finest and best, served raw in salads for maximum nutritive value.

Fire Closes Mine Area

NEW GLASGOW, (CP) — Thirty men are without jobs for an indefinite period as a result of a fire found deep in the McGregor mine at Stellarton, N.S. Friday night.

The area has been sealed off but miners cannot re-enter the pit until tests show the air is clear of gas.

The fire broke out in the Cassidy shaft, the only producing section of the mine which turns out 200 tons a day.

Earlier this year several sections of the shaft were closed down when water from an underground pond, broke through into the workings.

Pumps that were slowly clearing the water now have been shut because of the fire.

Report Police To Free Four Druggers

GRAND BANK, Nfld. (CP) — An RCMP patrol boat Sunday was reported headed for nearby Burin to free four fishing druggers picked by striking fish handlers.

The druggers were trapped in the port with full cargoes of fish when fish handlers at Fishery Products' \$1,000,000 fresh fish plant went on strike Wednesday.

About 300 handlers are cased by the strike which has forced other druggers to take their catches to company plants at Ramea for unloading.

The strikers refused to allow the druggers already at Burin to leave despite the fact their cargoes are rotting.

GLIDER PILOTS COMPETE

BRANTFORD, Ont. (CP) — Twenty glider pilots from eastern Canada and neighboring states of the United States will gather at the Brant-Norfolk Aero Club here this weekend to open a week-long competition for distance, endurance and height records. The Sporting Association of Canada is sponsoring the meet for the first section. A week later, a similar meet will be held at Regina for the western section.

School Unit No. 1

TENDERS — JANITORS

Tenders will be received by the undersigned up until noon, August 10, 1955, for the position as Janitors in the various schools of the Division. Details may be obtained at the Unit Office.

Lowest or any Tender not necessarily accepted.

GORDON M. RICE, Secretary, School Unit No. 1, Phone 4896 Office Parkdale School.

Vacationing In P. E. Island After Maritimes Tour

Visiting the Maritime provinces for the first time since his appointment to the post, the Deputy Minister of Fisheries, George R. Clark, has completed a 10-day informal tour of the area. During this time he visited many of the fishing centres of Nova Scotia, New Brunswick and Prince Edward Island.

Mr. Clark was accompanied by Mr. E. Baker, Chief Supervisor of Fisheries for the Maritime Area, on the tour which was made to acquaint himself with conditions in the Maritimes, and to meet members of the Department of Fisheries and the Fisheries Research Board, and to inspect the facilities of the two organizations. Fisheries patrol vessels were also inspected.

At the completion of the tour Mr. Clark rejoined his family for a vacation on Prince Edward Island. Early in August he will make a similar tour of Newfoundland.

Chris Chataway Breaks Three-Mile World Record

LONDON (AP) — Chris Chataway, 24-year-old English middle distance runner, clipped an amazing 3.2 seconds off the three-mile world record Saturday in a track and field meet at White City Stadium between England and West Germany.

The red-haired athlete, who helped pace Roger Bannister to the first four-minute mile and more recently ran the distance in under four minutes himself, covered the three miles in 13:22.2 before a crowd of 25,000 to regain the record from Russia's Vladimir Kuc.

Conditions were fine. There was only a slight wind and there seems to be no obstacle to ratification of the mark by the International Amateur Athletic Federation.

Kuc had set the old mark of 13:26.4 last October in Prague, 10 days after Chataway broke the previous record by beating him in 13:27.2.

PLANS WERE SECRET

Chataway ran according to plan Saturday although he had not disclosed publicly beforehand that he was planning a try on the record.

Announcements of world record attempts are "out of fashion these days," he explained.

He received the co-operation of teammate Derek Ibbotson in the record run.

The chunky Chataway jumped into the lead at the start—rare for him. Ibbotson pounded at his heels and they started alternating the lead at the start of each lap. That lasted until 2 1/2 miles had been run. By then Germany's Herbert Schade had fallen 15 yards behind and his teammate Walter Konrad was lagging well out of the race.

With two laps to go, it was Chataway out on his own. He accelerated and did the key second last lap in 63.6 seconds and the final 40 yards in 61 for a sparkling 02:04.6 final half-mile.

Chataway revealed that he had planned an attack on the record in a letter to Ibbotson.

BUILT OF ALUMINUM

The largest aluminum hangar in the world is at Hatfield, England, has a 200-foot span.

Camp Chaplains For RCAF Cadets

The spiritual welfare of the Royal Canadian Air Cadets attending summer camp at Aldershot, Nova Scotia, is one of the many factors considered in planning their summer activities. The camp staff are two Protestant and two Roman Catholic padres whose function is to provide personal counsel and religious instruction to the 600 Army Cadets from the four Maritime Provinces. The four camp chaplains are Capt. E. V. Perrier, Lantz, N.S.; Capt. D. C. MacMahon, Sheet Harbor, N.S.; Capt. F. L. Cass, Charlottetown, P.E.I.; and Capt. D.F.L. Trivett, Westmount, N.S.

The work of the chaplains in a Cadet camp is three-fold. They hold regular Protestant and Roman Catholic Sunday services for the cadets who all go on Church parade as part of the training program. All the cadets also receive at least one hour of religious instruction a week. Finally, and perhaps most important of all from the point of view of the morale of the camp, the padres have personal interviews with any of the lads who request it.

Chris Chataway Breaks Three-Mile World Record

LONDON (AP) — Chris Chataway, 24-year-old English middle distance runner, clipped an amazing 3.2 seconds off the three-mile world record Saturday in a track and field meet at White City Stadium between England and West Germany.

The red-haired athlete, who helped pace Roger Bannister to the first four-minute mile and more recently ran the distance in under four minutes himself, covered the three miles in 13:22.2 before a crowd of 25,000 to regain the record from Russia's Vladimir Kuc.

Conditions were fine. There was only a slight wind and there seems to be no obstacle to ratification of the mark by the International Amateur Athletic Federation.

Kuc had set the old mark of 13:26.4 last October in Prague, 10 days after Chataway broke the previous record by beating him in 13:27.2.

ALTERNATE LEAD

"We decided to run the race in alternate laps, first with one in the lead and then the other," he said. "It was, of course, a tactical way of beating the German opposition and Ibbotson responded magnificently. In fact without him I could never have won."

"Generally I do not like leading because it gives one a psychological disadvantage. Ibbotson and I agreed that we should go all out with two laps to go and let the best man win."

Ibbotson was second in 13:42.2 although he fell a few yards from the finish.

Here are the progressive lap times: Quarter mile, 67 seconds; half mile, 02:13.8; three quarters, 03:20.0; mile, 04:26.0; 1 1/4 miles, 05:33.8; 1 1/2 miles, 06:41.8; 1 3/4 miles, 07:50.0; two miles, 08:59.6; 2 1/4 miles, 10:07.6; 2 1/2 miles, 11:18.6; 2 3/4 miles, 12:22.2; three miles, 13:22.2.

BUILT OF ALUMINUM

Channel Swimmers Since 1950

By THE CANADIAN PRESS

Swimmers who have swum the English channel during the last five years:

1950 Hassan Abd-El Rehim, Egypt, Gris Nez to Dover, 10 hours, 50 mins.

1951 Roger Le Morvan, France, Gris Nez to Dover, 11 hours, three mins. Mareeh Hassan Hamad, Egypt, Gris Nez to Dover, 12 hours, five mins.

1952 Florence Chadwick, U.S., Gris Nez to Dover, 12 hours, 23 mins. W. S. Rockett, Great Britain, Gris Nez to Dover, 14 hours, 17 mins.

1953 W. E. Barrie, Great Britain, Gris Nez to Dover, 14 hours, 45 mins. Eileen Fenton, Great Britain, Gris Nez to Dover, 16 hours, 17 mins.

1954 Antonio Albertondo, Argentine, Gris Nez to Dover, 16 hours, 18 mins.

1955 Jenny Kammergaard, Denmark, Gris Nez to Dover, 16 hours, 27 mins.

1956 Abdel Latif Abu Helf, Egypt, 15 hours, 42 mins. Phil Rising, Great Britain, 15 hours, 56 mins. W. N. Barrie, Great Britain, 19 hours, two mins. Hassan Hammad, 12 hours, 12 mins.

1957 Florence Chadwick, U.S., 16 hours, 22 mins. Roger Morvan, France, 12 hours, 12 mins.

1958 Brenda Fisher, Great Britain, 12 hours, 43 mins. Winnie Roach Leuszler, Canada, 13 hours, 25 mins.

1959 V. Birkett, Great Britain, Gris Nez to Dover, 15 hours, 36 mins. Abdel Abdul, Egypt, Gris Nez to Dover, 16 hours, 20 mins. Kathleen May, Great Britain, Gris Nez to Dover, 16 hours, 55 mins. Mohammed Bakr Bisreng, Egypt, Gris Nez to Dover, 18 hours, 12 mins. P. Mickman, Great Britain, St. Margaret's bay to Gris Nez, 18 hours, 44 mins. Philip Rising, Great Britain, Dover to Calais, 18 hours, 38 mins. Said El Arabi, Egypt, Dover to Gris Nez, 17 hours, 42 mins.

1960 Abdel Latif Abu Helf, Egypt, Dover to Gris Nez, 12 hours, 45 mins. (Record time not ratified for technical reasons.) Florence Chadwick, United States, St. Margaret's bay to St. Paul, 14 hours, 42 mins. (Record for England-France.) Daman Piza Boltram, Mexico, Gris Nez to St. Margaret's bay, 15 hours, 23 minutes. Toufik Bleik, Lebanon, Gris Nez to St. Margaret's bay, 16 hours, five mins.

1961 Baptiste Pereira, Portugal, Gris Nez to St. Margaret's bay, 12 hours, 25 mins. M. Hamman, Egypt, Gris Nez to St. Margaret's bay, 12 hours, 49 mins. Brenda Fisher, Great Britain, Gris Nez to St. Margaret's bay, 14 hours, 36 mins. Jazon Zirgonas, Greece, Gris Nez to St. Margaret's bay, 16 hours, 23 mins. Murat Guler, Turkey, Gris Nez to St. Margaret's bay, 16 hours, 50 mins. Antonio Albertondo, Argentine, Gris Nez to Dover, 16 hours, 53 mins. Margaret Feather, Great Britain, Gris Nez to St. Margaret's bay, 17 hours, five mins. Mohamed El Soussi, Syria, Gris Nez to St. Margaret's bay, 17 hours, 55 mins.

Program Planned For Centennial Aquatic Day

Plans are now being finalized for the Centennial aquatic day to be held on Saturday afternoon, August 6, at the swimming area off Fort Edward in Victoria Park.

The afternoon program will consist of an invitation swimming meet and water safety demonstration. An added feature will be the parade of boats, a demonstration of aquaplaning and water skiing and motor boat racing through the co-operation of the Charlottetown Yacht Club.

It is also hoped that John Sweeney and his daughter of Halifax and formerly of Charlottetown will be on hand to demonstrate the underwater swimming equipment with which he has had wide experience.

The Recce Band will also be on hand to play concert music during the afternoon program.

Teams participating in the swimming meet are coming from H. M. C. S. Stadacona, H. M. C. S. Cornwallis, U.S.S. Johnnie Hutchins and the R.C.A.F. Station at Greenwood, N.S. The team from the U.S.S. Johnnie Hutchins will be from the American warship of the same name which will be visiting Charlottetown over the weekend of August 5 to 8. The committee organizing the program are also exploring the possibility of getting Island teams to participate.

Any local swimmers interested in participating in swimming events should contact the Lifeguard at the Victoria Park swimming area or leave their name and address together with the events in which they would like to participate at the Charlottetown Red Cross Headquarters.

The swimming events will consist of:

100 yds. freestyle, butterfly, back stroke and breast stroke events at 50 and 100 yards together with a 300 yard medley relay and a 400 yard free style relay. It also hoped to have a diving demonstration from a one-meter diving board.

A special feature of the program will be the swimming and water safety demonstration to be put on by members of the team from H. M. C. S. Stadacona and H.M.C.S. Cornwallis. This demonstration has been a feature part of many swimming events in Nova Scotia and New Brunswick.

Curves Come Back In Paris Fashion Scene

PARIS. (AP)—Curves have come back to Paris fashions, thanks to a woman's preference.

In the Genevieve Fath collection, hips, waist and bust are all well fitted and right back where they belong.

How women look when sitting down is the chief concern of Mrs. Fath this season.

"The bosom comes in for constant emphasis," is how she put it, because women are so often seated at dinner or night club tables.

The bosom is emphasized all right, but always discreetly and with good taste. Neither stuffed nor flattened, it is ornamented with drapery and small details. For late afternoon and dinner-time onwards there are wide-open necklines, barring the view in a big square or low V.

FREE FOR ATTACKS OF COUGHING, WHEEZING, BRONCHITIS & ASTHMA

AGGRAVATED BY CIGARETTE SMOKE, AUTO GASES, DUST, SMOG AND DAMP WEATHER

Modern civilization is making it increasingly difficult for all of us to get good, fresh, pure air into our lungs.

Cigarette smoking, automobile gases, dust, smog and damp changeable weather are irritating to the bronchial tubes and aggravate recurring attacks of simple Bronchitis and Asthma, which result in distressing symptoms such as these:—coughing and sneezing trying to get rid of thick, sticky phlegm, wheezing and difficult breathing which interferes with sleep and destroys energy.

Free Help For Thousands

If you or any of your family suffer from these aggravating, coughing, wheezing, difficult breathing symptoms which may be the forerunner or due to recurring attacks of simple Bronchitis or Bronchial Asthma, you as thousands of others are likely to find quick help from the following action of

Scientifically compounded Azmo-Tab.

During the past 20 years thousands of sufferers have learned to depend on Azmo-Tab. In fact, millions of Azmo-Tab have been used by sufferers in just the last few years thus proving safety and success.

Scientifically compounded Azmo-Tab are tasteless and easily taken at meals
