

### DOWN THE BACK STRETCH

The racing season is now really under way in the Maritimes and with the advent of hot weather we can expect to see many good performances. At Sydney last Friday night the four-year-old pacer Resourceful (Major) that was brought here two years ago by Heber Sweeney, won Race No. 3 and No. 7, showing his heels to a Shining Hour, the pacer we referred to last week as a mighty promising three-year-old — also to Judy Richards and several others. Resourceful is now owned by Harry Hirsch, Sydney. Roy Shelburne (Campbell) that has passed through quite a number of hands, was the winner of the first and fifth races heading Traffic Grattan, Lee Budlong, Skipper's Pride and several others. Roy's best time was 2:20 2/5. Ohio Hal (Cadegan) a favorite with many when he campaigned here two seasons ago, won the first heat of the Junior Free For All in 2:14, with The Wilkin (Ratchford) winning the second dash in 2:13 1/5. Jerry Lee Wood second. Arionway (W. Lewis) won Race No. 4 Classified Trot with Jack Clyde second, lowering his record to 2:21 2/5. The 8th race with the same trotters was won by Peterkin Aubrey (Pettigrew) in 2:19. Many liked this horse when he raced here last year and predicted a much faster record for him than his 2:17 2/5. It will be noted that George Calbeck's former pacer Jack Clyde, is now on the trot.

The outstanding performance at Truro Raceway last Saturday night was the winning of the No. 4 and No. 8 races by the Maritime bred Seven Up Direct 2:10 3/5. With Lloyd Walker at the helm he won the first heat in 2:12 1/5 from Heber Sweeney's Hedgewood Chief 2:06 3/5, Victory Dale 2:05 2/5 and Single Streak 2:10. The 8th race he won in 2:15 3/5 with Victory Dale second, Hedgewood Chief third, Single Streak fourth. One who was there told us that Seven Up seemed to be buggy riding and could turn on whenever asked and pull away from his field. His sire set up the track pacing record of 2:07 1/2 at Montague, August 6, 1934.

The pacer Freddy Scott by Simcoe Harvester, dam Plucky Scott 2:06 recently sold by James O'Brien, Elmsdale, to Dr. J. A. Donohoe, took a record of 2:21 in winning the first race. He was driven by Ray O'Brien, and Alice T. Clegg, winner of the 7th race, lowered her record from 2:17 2/5 to 2:16 1/5. She is owned by B. A. Taylor, Aylesford, N.S. and was driven by Johnny Conroy.

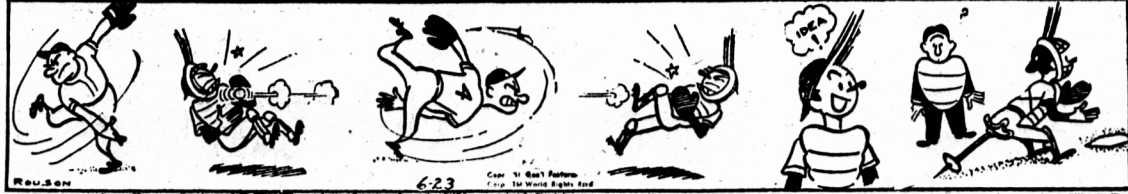

George McInyre's courage in putting on an \$1,800 race program

the first of the season, was appreciated by the large number of people who saw wonderful racing at his track Wednesday afternoon. The sun was out in all its splendor and the day was really perfect for racing. The Free For All with its four fast steppers was really spectacular, although no fast time was made. Each driver thought he had a little more speed on top than his neighbor and was looking for the final brush to the wire. In the first heat it looked like Josedale Clipper (MacGregor) who had set the pace until the last few strides when A. G. Scott (Letcher) and Argot Pointer (Stead) came on to win first and second with Mannister Direct (Bowness) a few feet back. Someone remarked a blanket could almost cover the four of them. The second heat was another close finish with A. G. Scott having just a bit too much foot for Argot Pointer, with Mannister Direct and Josedale Clipper very close up. The third heat they left everything until the final quarter and then they really flew with Argot Pointer winning by a head from A. G. Scott and Josedale Clipper and Mannister Direct dead-heat in a photo finish. The official last quarter was given as 31 seconds but the last end of it must have been away better than a two-minute clip.

The five-year-old pacer Silk Hal (MacGregor) purchased at Saratoga last fall by Roy Bevan, set a sizzling pace in the first heat of the No. 1 Classified, with the half foot for Argot Pointer, with Mannister Direct and Josedale Clipper finished in 2:12 1/5 — the fastest heat of the day. The second heat Silk Hal was the winner in 2:12 3/5 with Silk Hal second, Filbert also won the third heat with Silk Hal drawn. In the No. 2 Classified Harold Stead's Calumet Onward used his speed to advantage, stepping last quarters twice in 32 2/5 to head off his opposition. The 2:30 class with a very large number of entries, was raced in elimination heats and was notable for the first appearance of the nine-year-old Mary Mork as a trotter. She raced as a two-year-old in the stable of Ben White in 1944 and won placings but very little money. Later she was sold to Dr. K. J. Thomas, Maine, and placed in the hands of William McGibbon, who turned her over to the pace. Since then she has raced on the pace and has won over \$4,000 at that gait. Last year she was campaigned mostly through the State of Maine, winning several stakes. She showed a tendency to trot so it was decided by her trainer and co-owner, Earle Semple, to change her to

### Sport Echoes From Prince County

Gordie Kelly, proprietor of Victory Cleaners, and a well-known hockey player, who has made "most valuable player" awards in Summerside hockey, is now offering awards somewhat similar to the hockey awards. It was not considered feasible to offer "most valuable player" awards in baseball, however, as it was thought that in a great number of cases a pitcher would merit the award. A system had to be worked out, therefore, so that all players might have a chance to take home the bacon. In the first game there will be a "batting" award. Walks, sacrifice hits and "hit by pitchers" will count one point, singles two points, and extra bases, and runs batted in, one extra point for each.

The next game there will be a "fielding" award. The player making the most spectacular defensive play will gain the award. A player making two "picture" plays will, of course, get the nod ahead of a player who manages only one. A "base-running" award will be the next feature. The player who makes the best showing on the bases gets the award from Victory Cleaners.

Any time, however, that a pitcher allows no more than two hits in seven innings of play, he gets the pitcher's award, and the award scheduled for that game will be cancelled. The prize will be a stipulated amount of free work done for the player by Victory Cleaners. The kind of ability required for awards will be arranged so that all teams may get a chance at all types of awards.

A midget-aged catcher named Peter Green was behind the plate for Holman's in their game with C. & B. Wednesday evening and Pete did a yeoman-like job in there. This kid is just about sure to be a first-class backstop if he continues to improve.

Gordie MacKay is now on the top of the batting heap in the Summerside Town League. MacKay is batting .300 on six hits in

### Racing Under Lights Scheduled Here Tonight

The old cry "They're off" will be heard locally tonight for the first time when the harness racing season opens at the Exhibition track with a full card of nine dashes.

### Holman's In 8-3 Win Over C. And B. Last Night

Holman's baseball team reversed Wednesday's decision, defeating the Curran & Briggs Juniors by the score of 8 to 3 at the Recreation Grounds last night. For three innings the game was a close pitching duel between Joe Bernard and Alan Stewart. Holman's broke into the scoring a single tally in the fourth but the Curranites countered with three scores in their half of the inning. Holman's knocked Stewart from the mound in the fifth and the Intermediates continued to lambast Simmons who relieved him. They scored three runs in the fifth and four in the seventh. Coke Grady pitched the final inning for the team coached by "Chick" Whitten, the imported coach. A really fine double play was pulled off by Holman's in the second inning. With one out and two men on bases Tanton Landry came in fast to

gather in L. Schurman's hopper and relay it to first. "Dutch" Underwood got the ball back home in a lightning fast pivot play in time to get Stewart at the plate. Gord MacKay made a nice one-handed stab of Coke Grady's drive to right in the third. Gord MacKay and "Dutch" Underwood tied for the Victory Cleaner award, scoring six points each. MacKay had a triple, a run batted in and an international walk and Underwood hit two singles and two RBIs.

We love to watch baseball games, and we're a fool over listening to band concerts, especially the high caliber of band music heard in Summerside these last few weeks. Must these two stellar attractions be offered up on the same night? Can't the persons concerned get together in an effort to have these two forms of entertainment staggered as to dates so that we can enjoy both? Not only we, of course, but hundreds of others are both baseball and band music fans.

### BASEBALL MEETING

Reorganization meeting of the King's County Baseball League will be held at the Legion Hall, Cardigan, Tuesday at 8:00 P.M. Teams wishing to join please send representatives.

### SNAP SHOT FINISHING

Rolls of film developed and printed and sent out the same day. Prints double size at no extra cost. Any 8 exposure roll 35c. Reprints 4c each or 10 for 35c. Mail Film Service, Charlottetown.

The quarterly meeting of the Queens County Branch Game Association was held on Thursday night of this week in the Vocational School, Charlottetown. The small attendance was more than offset by the lively discussion that took place in respect to the latest interpretation regarding 'Enclosed Property'.

It was preponderately a farmers' or farmer hunter, meeting as they comprised the bulk of the members present. It was evident that there are two schools of thought among farmer hunters as to the advisability, or otherwise, of making enclosed property a sanctuary as decreed under The Game Act, 1951. It was truly a hot session and a lot of steam was blown off, nevertheless the members who attended were in a better mood at the close of the session than they were at the beginning.

After the meeting was declared adjourned a wrothy battle royal was staged between two factions of farmer hunters. However all's well that ends well. Timmy, my German Shorthair, who followed me and slipped in at the first opportunity, can be quite the burly customer if he figures his master is getting into a tight corner. I noticed him ambling around at the start of the meeting taking a sniff at this one and then sidling over and taking the temperature of some other guy.

Dogs have an uncanny sense of smelling out trouble. They say that a man who is losing his temper and contemplating violence emits a bodily odor typical of his feelings. Evidently Timmy decided the loud talk was some form of pleasant diversion and curled up at my feet and went to sleep. I had to wake him up when the meeting adjourned. The only way to get those controversial questions ironed out is to meet and discuss the problem man fashion. It was decided to hold another game meeting at Pownal in the near future when the 'posting' question will again be discussed. It was pointed out at the Thursday night meeting that when a farmer or landowner makes application to have his property declared Enclosed he would have the meaning of the request made clear. Enclosing one's property is purely a voluntary action. There is nothing compulsory about it excepting that once a landowner places his property under the protection of the Game Act in respect to hunting and fishing he is expected to abide by the rules laid down under the Section of the Act governing same. If, at the end of any one season, he decides to revert his property to its former status he is free to do so.

The complete prize list for the Queens County Branch Crow shooting contest was announced at the meeting. In the senior competition the list is as follows: 1st prize, \$50.00; 2nd, hunting coat, cap, vest, 12 duck decoys and a box of shells; 3rd, pair of hip rubber boots and two boxes of shells; 4th, 4 boxes of shells; 5th, bamboo casting rod; 6th, 2 boxes of shells; 7th, 8th, 9th and 10th, 1 box of shells each.

In the junior competition the first prize is \$15.00; 2nd, a shooting coat; 3rd, \$5.00. A junior competitor has the privilege of qual-

### Stars-Falcons Play Sunday

The East End Stars will be after their first win Sunday afternoon when they clash with the Northwest Falcons in a regular league game at Memorial Field. Last time the teams met the Falcons came out on the long end of a 1-0 score behind the pitching of Gump Gillis. The Stars have appeared three times, losing out by one run twice and by two runs once. Game time is 2:30.

### Kinkora Defeats Kensington 16-1

Kinkora baseball team beat the Kensington nine at Kinkora last night by the lopsided score of 16 to 1. Kinkora blasted 22 hits in six innings, while Kensington were only able to get two.
