BUSINESS STUDENTS JOIN TOGETHER NOW!!

The professors in the business department have submitted a detailed and fact filled list of proposals to the president which also included an outline of a few of the stronger reasons why the

business department should become a faculty. It is now time for the students to join together and approach the president to show their support for the professors and help in the fight for faculty

status. There have been a number of students approaching the society wishing to begin to express their views to the proper people and within the next week or so we will try to gather this group together to meet with the president.

SUDDEN DEATH AT UPEI

Leonard Allain, a newly-hired Research Assistant at the University of Prince Edward Island, was found dead in his room Tuesday evening. The 27 year-old man began work at the University this week, and had just moved into Blanchard Hall Residence on Monday.

He was the son of Mr. and Mrs. Dennis Allain of Buctouche, New Brunswick. He was a graduate of the Universite de Moncton from

which he received his Master's Degree.

An autopsy will be performed to determine the cause of death.

UPEI President DR. Peter Meincke said, "I've been in touch with the young man's parents and expressed our deepest sympathies. Mr. Allain came to us highly recommended and we regret we did not have the opportunity to get to know him."
