A RARE CHANCE Any person desirous of securing a valuable building lot in a pleasant and central part of the city would do well to call upon Mr. P. P. Gillis, whose advertisement appears elsewhere in to-day's paper The lot he offers for sale is that on Great George Street upon which the stable now stands He also offers to sell the balance of his stable outfit.

WE are doing the business all right, but want to increase it very much during the year, and in order to do so will show you on Saturday our entire stock of boys' and children's clothing at your own prices, so that each customer may be an advertisement for us.—Prowse Bros. mar4 1i

ESTEY'S Emulsion of Cod Liver Oil is pleasant to take as milk. The peculiar manner in which it is made renders it acceptable to the most sensitive stomach. For coughs, colds, consumption, delicate children, whooping cough and all wasting diseases there is no remedy to equal it. ml dw 1m

THE STANLEY.—After the arrival of the Stanley at Georgetown she will make one more trip to take off freight now at George town, when she will lay up to have her boilers cleaned.

Telephonic advices from Little Sands are to the effect that at 8 o'clock this morning the Stanley was still in the same position as yesterday—in between Wood Islands and Caribou—with very heavy ice coming up from the eastward. A heavy fog having since arisen she cannot now be seen, but probably has not made any move.

THE TURF.—The time for making nominations for the futurity stakes offered by Mr. McSweeney, of the Hotel Brunswick, Moncton, closed on Tuesday. Some 35 entries had been received up to the previous evening, and a number of others, mailed from distant points, are expected This assures the success of the meeting. The stakes are for trotting foals of 1888, 1889, 1890, 1891, and open to colts owned in the Maritime Provinces on or before January 1st, 1891.

The growth of the trotting turf is astounding. For instance, out of the little prairie city of Independence, Ia., C. W. Williams offers $100 000 in premiums and stakes for next August; Columbus, Tenn., hangs up $100,000; Grand Rapids, $100,000, and many other places of less note from $20 000 to $40,000.

POLICE COURT.—This morning John Ring was arraigned on a charge of being drunk and sleeping in a stable on the Duncan House premises, corner of Water and Prince Streets. Ring pleaded guilty to the charge, saying that he slept in the stable left because he was cold and had no other place to go to. He asked His Honor to send him to jail for two months, which would ensure him warm quarters till May, by which time the weather would be warmer. His Honor complied with the request. Ring has only been out of jail a few days.

John Drake, butcher, appeared to answer the charge of operating a slaughter house within the city limits without having first obtained a license from the Board of Health Mr. F. L Haszard appeared as Counsel for Drake Mr. Haszard contended that there should be no conviction because the by-law under which he prosecution was instituted is *ultra vires* He cited an English authority in support of his contention As the point involved is of importance to a large class of citizens the case was adjourned one week to enable His Honor to look into the law on he subject.

An assault case between two young men was disposed of for the nominal fine of five cents, the complainant declining to prosecute.

Now that la grippe is ravaging the country, it behooves us to keep in a condition to defy it, and for this purpose there is nothing better than Everybody's Pills. 25 cents invested in this popular family medicine now may save that many dollars later.

PIANOS.—The demand for the "Williams Piano" on the Island has greatly increased this year, Willis & Co., having already nearly disposed of their large importation of last fall. ANOTHER FIRE.—Widow Alex. Chaisson's dwelling house, Rollo Bay, was burned to ashes on the night of Wednesday last. Mrs. Chaisson kept the post office. She lost everything, furniture, clothing and winter supplies, escaping with her children just in time to save their lives. Much sympathy is felt for her in her present circumstances. We understand that the charitably disposed of the neighborhood have already taken steps to make good in part at least, the heavy loss she has sustained. There was no insurance.

A CANADIAN REPRESENTATIVE WANTED.—A Belgian Consul-General, Mr VanBruysel, has written the Minister of Railways, urging the appointment of a Canadian commissioner to attend an international convention of railway men to be held at St. Petersburg in June next. Similar meetings have been held in Brussels in 1885 in Milan in 1887 and in Paris in 1889 The programme includes a discussion of technical and economical questions involved in all branches of railway business. Canada's railway interests have attained such magnitude within the past few years and her great continental line has achieved such a world wide reputation that the invitation is well worth considering.

THE ROAD CASE.—This afternoon, H. V. Palmer, Esq., J. P., gave judgment in the prosecution preferred by Supervisor McMillan against a Government overseer (McMurrer) for neglecting to summon the inhabitants in his precinct to break the roads He held the charge proven, and fined the defendant five dollars. Another charge against the same overseer for neglecting to furnish returns to his supervisor within the time prescribed by the Public Roads Act, 1879, was disposed of for a fine of $2, the magistrate stating that inasmuch as the defendant had, after the commencement of the prosecution, furnished returns, the punishment should not be exemplary.
