NEW READING ROOM.

A large number of the members of the C. Y. M. L. Institute met in St. Andrew's Hall, on Wednesday evening last, A. G. McDougald, Esq., in the chair, for the purpose of considering the propriety of establishing a Reading Room in connection with the Institute. A Report of a Committee was read by Mr. Henry Hughes, whereby it appeared that the sum of £92 had been subscribed. The following Directors of the Reading Room were then appointed, with instructions to open a suitable and convenient Room as soon as practicable.

A. G. McDougald, Dr. Gaffney,
Henry Hughes, W. C. Broderick,
John Griffith, James Leahey,
C. W. Gorman,
John Hughes, Treasurer.

After some further discussion, it was resolved to make an effort to place the Institute on a more successful basis, and the following committee was appointed to draw up a Code of Rules and Bye-Laws, for the government of the Institute.

P. R. Bowers, Rev. Jas. Broderick,
Henry Hughes.

The Reading Room will be held in St. Dunstan's School Room, which will be properly fitted up, and the opening of which will be made public in a short time.

A meeting of the members of the above Institute will be held at St. Andrew's Hall on Wednesday evening, the 5th inst., at 8 p. m., for the purpose of transacting business in connection with the Reading Room.

NON-*PROGRESSIVE* IDEAS.

The *Progress* of to-day, April 3, says:—

"We hold our privileges as a separate Colony by a very slight tenure, and our educational system has many and very powerful enemies. Any one who has a knowledge of the nature of our town constituencies will see at a glance that the judicious distribution of comparatively very few elections would place those constituencies wholly in the hands of those who wish above all to see us united with the Dominion of Canada. An alliance between the Confederates and the advocates of Sectarian Schools is a project of long standing. If a thousand navies were, some time before the next general election, distributed in the three towns situated on the proposed line, this scheme could be successfully worked out. The result we don't care to contemplate."

The idea put forth in the above is the same as was uttered in the House of Assembly, but in not such offensive terms. We understood that the people who desire so-called sectarian schools, are the most determined opponents of Confederation. What right has any one to assume that the laborers who may come here will vote for Confederation. Besides, if they "were distributed in the three towns along the line," how could six members influence a legislature of thirty, if they were as opposed to Confederation as they now are. The *Progress* is very severe on tyranny, and sincerely so, we have no doubt, but why is he afraid of a thousand additional laborers. It is only the tyrants that should be afraid of them. Besides, if the arguments of the *Progress* are sound, then we should never have a railroad.

EXCHANGING.

Says the *Montreal Star*, "the march of intellect meets with funny obstructions sometimes. The railway was certain to stop cows from giving milk; the telegraph was to kill all the birds that perched on the wires; and now the Bay Verte Canal is stopped on account of the people in the neighborhood 'removing posts etc., on the plea that they frightned away the ducks!'"

Here the very project of building a Railroad is scaring some of the wild geese.

We acknowledge the receipt of the second No. of *Le Reveil*, a weekly paper of eight well written pages, and published by A. Becisseau, 3 Rue Notre Dame. We re commend it to our Acadien readers. It costs only $1,50 per annum. It is devoted to progress.

The *Carleton Sentinel* says, 'a Bill is now before the House of Commons at Ottawa, permitting the hanging up in the polling books the portraits of the Candidates."

This is given the handsome men an undue advantage. The Bill must have been introduced by Mr. Bolton of St. Stephen.

A COLONY OF CATS.—"The Halifax *Chronicle* says that the total extermination of the rats on Sable Island has been determined upon by the Dominion Government and the steamer *Lady Head* has been ordered to convey a colony of cats to that Island."

The *Carleton Sentinel* appears this week in a new dress of English Type, imported by Messrs. McMillan of St. John. The cost of the English type, is much less than the American type, and looks well.

We have received the *Pictorial Tax Payer*, which can be had from American News Co. It has a capital cartoon, representing the Editor of the *Tribune* nursing a sickly infant, before when stands Uncle Sam, and who speaks as follows:—

Uncle Sam: "Well, Mammy, you've been nursing and nursing your infant Manufactures with your Tariff quackery for the last fifty years and you say they can't stand on their legs yet. Why is this thus?"

Mammy Tribune: "They've never had enough 'nussin' yet."

Uncle Sam: "Nonsense, the tariff for your pig iron costs me nineteen millions a year; you've killed my Shipping and robbed my Farmer, for these greedy monopoly brats. Give them some good Free Trade food, that's what they want."

Mammy Tribune (in a tantrum): "Get out you ojious creecher, you're bribed by British gold, and you lie! you lie!"

The *Tax Payer* also shews how the American Farmer is taxed. We will shortly publish it, for the benefit of those tinged in favor of Annexation views.

Says the *Halifax Express*, "we hear that an enterprising merchant, near Dublin has perfected a plan, which he has invented, for making paper from timber, which appears to be as good as that made from rags. Deal boards are chopped fine, and then placed in a boiler at 200 lbs. pressure. It then assumes the form of a rich cream-colored pulp. The inventer is, it is said, about to manufacture this paper on a large scale."

This is coming back to the *billet doux*.

The *Summerside Progress*, honors us with a whole column, at close of which it says:—

"We hope the Examiner will do justice to the great Anglo-Saxon independency of this Continent, and that he will show that a people who voluntarily bear heavy taxes for a great object are a people to be admired and imitated, and not sneered at and calumniated."

Most assuredly whenever it is necessary. The Editor of this paper, was one of a very few in Charlottetown, who during the recent Civil War, to the best of his ability, wrote and spoke for the North and Freedom. But if we "love Ceaser less 'tis because we love Rome more."

The *Adelle* and *Dominion* arrived yesterday from Georgetown.

Ex-Queen Isabella of Spain will hereafter reside at Vienna.

In reference to the letter of an Acadian, we may say briefly now that we think the fact of a man being of a certain nationality, or religion should not give him any claim to office. What we contend for is, that a man's creed or country should not disqualify him. The Acadians have not been fairly dealt with in this Island but the present Government are not to blame. The Acadians are amongst the best class of our fellow colonists. Sober, modest well behaved, they will have justice done them, and will not be ostracized, as we hear an Acadian gentleman once was by his fellow Commissioners of Small Debts, for no other reason than that he was the descendant of a Frenchman.

In some rare instances a man's nationality may qualify him better than others for certain offices. For instance, we think it would be well to have an Acadian appointed to be one of the Small Debt Commissioners for New Glasgow. Any Acadians who appear there suffer from not having any one to understand them. The appointment of an Acadian Commissioner would further the ends of justice.

To Correspondents.

WE have received a letter from John Lawson, Esq, in reply to the letter on the Small Debt Act Commissioners, for relief of Insolvent Debtors, which we will publish next issue.—Mic, received, will publish as soon as can make space—Ignoramus. The reason why you have made the error is—there are two separate and distinct Courts — W. S. — Georgetown. Amount received. Pays for 6 months.—P. S. Souris West. We send EXAMINER from to-day.—An "Islander's" letter on Railroads in Nova Scotia, we will give as soon as we can.—A glance at the House of Assembly by one of the gods of the gallery, will appear in next week's paper.

ST PETER'S CHURCH.—*Services for Holy week, and Easter Day.*—On Monday, Tuesday, Wednesday and Thursday, there will be the usual Holy Day Services. On Good Friday—Mattins and Ante Communion Service, with Sermon at 11 a. m.; Evensong with Sermon at 7, p. m. On Easter Eve—Mattins, 9.30 a m; Evensong 5, p. m. Easter day - *Holy Communion* 8, a. m.; Mattins, 11 a. m; Solemn Celebration of the *Blessed Sacrament* at 11.30, a m; Litany and Catechizing at 3, p m; Evensong with Sermon at 7, p m.

FIRE DEPARTMENT.

At a meeting of the Fire Engineers for the City of Charlottetown, held 23d March, 1871, the following Resolution was moved by Wm. Heard, Esq —

"*Resolved*, That this Board, considering the limited amount of water at their disposal, especially in the upper parts of the City, and the constantly increasing liability of a large and sweeping conflagration, would urgently request the City Council to use all reasonable measures to obtain, as speedily as possible, a good supply of water for fire purposes.

THE Debates, which we publish this week, will repay the reader, as they contain much valuable information. The speech of Mr. Pope was specially reported for the EXAMINER. Other of the most important speeches on the Railway, by our own Reporter, will be published as soon as possible. As we, and, we believe the whole of the Charlottetown press are doing our best to get the earliest Legislative intelligence for the public, we think some arrangement should be made to accomodate our Reporters. One of our Staff, during the crowded houses last week, had to use the back of one of the *Gods* in the Gallery, as a desk upon which to take notes.

Charlottetown Associated Press.

SACKVILLE, March 28, 1871.

London 27.—The Central republican committee have released General Chausey and Langouvan. Chausey immediately left for Versailles. —Order has been restored at Lyons and the prefect released.—Lavallette and three other agents for the central republican committee who went to Havre have been arrested. Mennotti and Ricciotti are his aides.—Napoleon visited Queen Victoria at Windsor Castle to-day.—The Paris elections have passed off quietly and resulted in an overwhelming communist majority. The revolutionary authority is completely dominant.—The abdication of the Mayor increases the success of the revolution which, within a week, will spread to all the large towns. The position of the Government in the rural districts is untenable. It is generally thought that the Government is defunct, and rumor is current that Thiers will be forced to resign and be succeeded by the Duc D'Aumale.—General Vinoy urged an immediate attack upon Paris.—Thiers says that when the Government has a hundred thousand troops in which it can trust, an attack will be made upon Paris.—It is believed that the capital will be removed to Tours.

The rich generally abstained from the polls, and the merchants voted the conservative ticket.—The individuals elected are obscure, with the exception of Flourens Blanque, Pyatt, and Gambon. —Barricading continues.—The utmost vigilance is manifested by the insurgent nationalists. The Place Vendome has the aspect of a camp.

NEW YORK, March 28.—San Domingo Commission has returned, but not yet reported to Congress.—Gold 10 3-8.

SACKVILLE, March 30th, 1871.

JOHN P. MOTT'S CHOCOLATE BROMA AND OTHER COCOA PREPARATIONS, APPROVED OF AND RECOMMENDED FOR MORE THAN A QUARTER OF A CENTURY BY THE MOST EMINENT PHYSICIANS OF BRITISH NORTH AMERICA.—To those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles manufactured by himself. His Broma, owing to the peculiar process of manufacture, by which the oil of the nut is completely neutralized, while all its virtues are retained, affords, as well to the robust as to invalids, and those whose digestion is impaired, a delicate and salutary beverage. That its value as an easily digested and highly nutritious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonials amply demonstrate.

JOHN P. MOTT.

Having tried the Broma made by Mr John P. Mott, of Halifax, N. S, and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated; and that, from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food.
