ELLERSLIE TO CASCOMPEC

Citizens Of West Prince Urge New Paved Route

ALBERTON BUREAU OF THE GUARDIAN A resolution urging that a paved route be built starting at Ellerslie Corner and ending with a connecting link with the newly announced, paving program through Cascompec, has been forwarded to Highways Minister MacKay. The resolution was adopted at a meeting of interested citizens held in Alberton. Attending were representatives of Conway, Tyne Valley and Freeland, and members of the Alberton and West Prince Board of Trade. The paving project proposed would run through Freeland, Foxley River, and McNally's Point. It would include a bridge to the site of the former Gordon Wharf, and a short strip to connect with the new road planned to run through Cascompec. RECEIVE COPIES Other members of the Legislature to receive copies of the

resolution include: Fred C. Ramsay, Hon. Prosper Arsenault, Dr. George Dewar, and Forrest Phillips. Copies were sent also to Dr. Orville Phillips, Prince County representative in the Canadian House of Commons, and Mr. Robert Grindlay. The resolution is signed by Cyril R. Leard, secretary of the Alberton and West Prince Board of Trade. Sponsors of the move point out in the resolution that paving this road would mean a savings of thousands and thousands of dollars in transportation costs to all classes, especially farmers, fishermen, those interested in the peat moss and pulp industries, particularly in view of the improvement of Alberton Harbor now assured. GREAT BENEFIT The road would be of great benefit to 70 per cent of the residents of West Prince and the citizens of the Province generally, the resolution notes.

Such a paved road would open up another important hunting and fishing area, and a district that has great possibilities as a national park and a bird sanctuary, the resolution states.

Private Property

(Continued from page 1) putting the onus on the accused to prove his innocence. He said it was the foundation of British Justice that a man was innocent until he was proven guilty. "I never thought I would sit in this legislature and see the day when anyone would suggest a change in these principles which we hold so dear," he said. "I want to tell this House, as long as you are members of this House, never allow the rights of the people to be trampled under-foot—the rights which our forefathers fought for," said Mr. Hessian. DOUBTFUL SPORTSMEN Fred Aamsay said the act proposed to protect sportsmen who in some cases were not sportsmen. He agreed that for the most part hunters and fishermen respected the property of farmers but he felt that Mr. Cullen was right. It would give the farmer protection against the few who violate the privileges granted them. Hon. Keir Clark said it would be going a little too far to bar hunters from all property without asking the consent of the owner. He was commenting on a suggestion of Dr. Dewar that if hunters asked permission then the farmer would be in a position to know who committed the destruction. WONT WORK Premier Matheson said he agreed with the Minister of Education. He was afraid it would not work. He pointed out that in the case of a great many properties it would be difficult to find the owner and what could be done in the case of Crown land. R. R. Bell said he was in agreement with Dr. Dewar's suggestion that permission should be obtained before a hunter could go onto private property. He could see no great hardship involved in this measure. He said he had experienced hunters coming onto his property at the early hours of the morning, breaking fences and leaving gates open. He said if a man brought a civil case for trespassing the expense of entering such an action was such that in most cases the matter was dropped. Morley M. Bell said it was making an intolerable situation for hunters. No matter where they would be they would be trespassing, he said. Mr. Hessian said the farmer was protected under the criminal code—what further protection did he want. MOTION CARRIED To end the debate, Dr. Dewar moved that the act be allowed to stand with the amendment that no one could hunt or trap on private property without the consent of the owner or lessee. His motion carried 9-2 with four abstaining. Voting against the motion were Hon. Keir Clark and Fred Ramsay. Premier Matheson said he was not critical of the time taken on the bill. He said he had been a bit intolerant with the bill when it came before the House the previous Friday. After seeing such spirited participation in it he apologized for any impatience he might have shown.

'Use Island Brands' Contest To Mark C Of C Week Plans

ALBERTON - The Alberton West Prince Board of Trade held their regular meeting in the Alberton library last night with a good attendance of members. The president, Earle Atkinson, presided. The secretary-treasurer, C.R. Leard, reported the formation of an organization to be known as the West Prince Tourist Association, under the sponsorship of the West Prince Board of Trade. A letter from A.T. Parkes, secretary-manager of the Maritime Provinces Board of Trade, was read to the meeting commending the board on their leadership in sponsoring the new tourist association. Following a motion at the February meeting defining the boundaries of the board as including the First and Second Electoral Districts of Prince County, a letter from the Dept. of the Secretary of State was read defining the original boundaries in the act of incorporation as including the first thirteen townships of Prince County. These townships comprise the First and Second Electoral Districts. As a project for Chamber of Commerce week a "Use Island Brands" contest is to be sponsored as a means of promoting and advertising Island goods. Douglas Adams, Harry MacWilliams and Keir Ramsay were appointed to make arrangements, rules and recommendations for prizes for the contest. Chamber of Commerce week will also be observed by a banquet for members and their wives to be held April 15th in the Alberton institute hall. Special speakers are to be invited to attend.

Cigarets Taken By Burglars At Alberton Service Station

ALBERTON - Barbour's Service Station at Alberton was broken into sometime Tuesday night and about twelve cartons of cigarettes stolen. Entry was made by smashing a window in one of the sliding doors. A number of pennies left in the open cash register were also stolen. The same night windows were broken at Myricks Alberton Limited and in the Retail Vendor

Store. A storm window was removed from a window leading into the office of Nicholson's Pharmacy. Outside of breaking the windows no serious attempt at entry appears to have been made. Early in the evening a large plate glass window at White's Furniture Store was broken when accidentally backed into by a Tignish motorist.

S'ide Rink Leads 'Spiel In Opening Day Competition

SUMMERSIDE - The Summerside rink skipped by Eric Johnston led the tippy competition at the Summerside Curling Club yesterday in the first day of play, winning three games without a loss. The Saunders-skipped rink from Charlottetown was in the runner-up spot, winning two and losing one. The game scores follow: 9 a.m. - Summerside 14, Alberton 6; Charlottetown 13, Montague 6. 2 P. M. - Charlottetown 17; RCAF 5; Summerside 10, Montague 3. 7 P. M. - Summerside 14, RCAF 8; Alberton 12, Charlottetown 6. A banquet in honor of the visiting curlers was held at 5:30 p. m. with Earl Cannon, president of the Summerside Curling Club, presiding. He welcomed the curlers on behalf of the club and said he hoped to see them back for the annual bonspiel. A. H. Hubley, manager of Perfection Dairies, welcomed the curlers on behalf of the Town of Summerside and Central Creameries, the firm sponsoring the competition. He extended a special welcome to the new curlers and hoped all would have an enjoyable time. On behalf of Central Creameries he thanked the ladies for the delicious turkey supper. Others who spoke briefly were: Sgt. Don Eder, RCAF Station; Allison Saunders, Charlottetown skip; Ken Matheson, Alberton skip; Freddie Folland, Summerside Curling Club; Bennie Koke, Montague skip; Eric Johnston, skip of Summerside rink, defending champions.

Teachers'

(Continued from Page 1) teachers. In 1954 an additional \$50 increment was added. In 1956 another \$100 increase was given all teachers and in 1957 1st class A teachers got \$100 increase while superior teachers received \$200 increases. Last year, the Minister said, superior teachers received another \$100 and payments for record of service were made available much earlier which had the effect of giving younger teachers substantial increases. Mr. Clark briefly reviewed the history of the Potter Royal Commission and noted that since the report of the Commission has been filed a higher scale has been suggested known as the Leonard Scale. NO P.E.I. MAXIMUM Comparing P.E.I. salaries with those of N.S., Mr. Clark showed that the N. S. minimum under the Leonard scale is \$1,950 and their maximum \$2,940. He said the P.E.I. rates starting in September would (if supplements were matched) be \$1,900 for minimum with a maximum of no limit. These salaries are those paid first class teachers. "We have therefore achieved substantially the minimum salary figures of the newer Nova Scotia scales but with one big advantage in favour of the teachers of this province—there is no maximum salary here," Mr. Clark stated. Comparing Charlottetown with Pictou, N.S., Mr. Clark went further to show that Charlottetown's minimum-maximum salary for a first class teacher was \$2,050-\$3,650 while in the Nova Scotia town it was \$2,079-\$3,937. This indicates that while the Charlottetown minimum is \$29 less, its maximum is \$563 more than Pictou's.

Teachers'

In Bathurst, N.B., the minimum is \$2,100 and the maximum \$3,400, Mr. Clark said. Listing the average salaries paid to teachers in Charlottetown and Summerside, Mr. Clark reported that 30 second class teachers average salary was \$2,315; 25 first class B \$2,647; 56 first class A \$2,778 and 62 superiors at \$3,217. He observed that with the salary increases proposed for the coming year these salaries will be increased from \$100-\$500 and it would mean that the 56 first class teachers of Charlottetown and Summerside would be getting \$2,978 which is above the maximum granted under the Leonard scale in Nova Scotia (\$2,940). TEXT BOOK SUBVENTION Turning to school text books, Mr. Clark said he would ask for an additional subvention to the \$45,000 which the government now pays on school books. He did not think it was a good idea to supply free books to school children because they would not take proper care of them when they were government supplied. He said the Island government now pays almost half the cost of school text books and the proposed increase sought would have particular emphasis on grades 7, 9 and 11 where it is seen the heaviest cost arises. He said the Department had no objection if any school board wished to provide their children with free books or if they wished to rent them to the children. RETURNS HOME CANTERBURY, England (Reuters)—Dr. Hewlett Johnson, the 85-year-old Dean of Canterbury, returned home Monday after a week in a hospital. He was taken ill with pneumonia, following an attack of influenza.

Education Week In Irishtown

Education Week was observed in Irishtown School on Wednesday, March 8th, by a well attended gathering of parents and trustees, who were met at the door by the teacher, Mrs. Mary Mann, and invited into the school, where the pupils courteously arose in a body to greet the guests and wish them a pleasant afternoon. The meeting was under the capable chairmanship of Mr. Archie Johnstone who briefly explained the purpose of the gathering and also expressed his sincere appreciation of the large attendance of parents. On request of the teacher, the first half hour was spent in examining the work of the pupils which showed that much effort had been spent on their work, noticing particularly a marked improvement in penmanship. Following this the chairman called on Mr. H. B. MacLeod to give a "pep talk to the pupils urging them to take early" advantage of their present opportunities to gain an education, and warning them of the loss they will suffer all through life if they do not apply themselves to their work now. After the school was dismissed the teacher and parents had a frank but friendly discussion on the many problems arising out of the school work, which exist for parents and teachers alike, and a united effort was made to seek a solution to those questions, which it is hoped time and patience with co-operation by all concerned will result in a renewed interest and steady growth in the children's work. It was

Education Week In Irishtown

unanimously agreed that this district is fortunate to have such an efficient teacher and that a similar "get-together in the near future would be of real value to any who may attend. The National Anthem concluded the meeting.

Baptist Men Hold Meeting

The Baptist Men's Meeting was held Monday evening March 2nd, in the O'Leary Baptist Church recreation room thirty-one members were present. The new president Mr. Ralph Adams presided and opened the meeting with a hymn-sing. The devotional service was conducted by Mr. Emerson Smallman and closed, with hymn "The Ninety and Nine." Minutes of last meeting were read and approved reports were given by the different committees, and new ones appointed, a report on the Island Baptist Rally held in Summerside was given by Mr. Earle Jelly. After the business the meeting closed with hymn, "Leaning On the Everlasting Arms," and Mizpah Benediction. Refreshments were served by the committee in charge and a social hour followed. D.U.

New Annan Wins PC Hockey Title

ALBERTON - The New Annan Beavers defeated Elmsdale Rockets 9-5 in Alberton last night to capture the Intermediate C hockey title for Prince County and the right to advance into the provincial finals against Murray River. The Beavers lost the first game but came back to win the last two games to take the series two games to one. The opening round last night featured close checking on both sides and ended 1-0 for the visitors. In the sandwich session the Beavers forged ahead with four tallies to the Rockets' pair.

Again in the closing frame the New Annan squad banged in four tallies with Elmsdale managing three in a rousing finish. Although the game was close, contested there were no penalties throughout. C. Mills got the hat trick for the winners, C. McMurdo and R. McMurdo chalked up a pair each and Kennedy and C. Galant got on the board with one each. A Wallace and E. Matthews checked up a pair each for the Rockets and F. Rennie and R. MacKinnon got singletons. Referees were G. Bernard and Elmer Phillips.

DEPARTMENT OF FISHERIES OTTAWA, CANADA. Why the Department is vigilant about fish. Everyone concerned with the fishing industry wants it to grow larger and become more profitable. This is only possible with top quality fish at all times, capable of competing successfully with other high quality foods. Inspection by the Department of Fisheries—an insistence on good quality—suits the industry in giving consumers what they want, and so helps to sell more fish and fish products. In addition, educational work, scientific research, inspection of packing and processing plants, and many other operations all combine to help the industry become more efficient.
